Level of Achievement

Achievement Achievement Description

Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.

NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.

2021 Semester 1 Report - Year 12

English Advanced

Name: Ashley HANNA

Class: 12ENAE2

Teacher: Rachele Haigh

Comment on Progress

Ashley is an intelligent and insightful student whose results reflect not only her considerable ability, but also her mature approach to her studies. She communicates her ideas in a sophisticated manner, judiciously selecting textual evidence to substantiate her arguments. Ashley's excellent multimodal and comparative tasks reflect a detailed insight into the concepts studied and her keen awareness of the function of language to create meaning. She is encouraged to continue refining her ability to apply stylistic devices of textual forms as she writes for varied purposes. She is to be commended for her hard work this semester.

Learning Outcomes

Outcomes	O	H	S	B	L
A student independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure.	✓				
A student uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.	✓				
A student critically analyses and uses language forms, features and structures of texts justifying appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning.	✓				
A student thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments.	✓				
A student investigates and evaluates the relationships between texts.		✓			
A student evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued.	✓

Chemistry

Name: Ashley HANNA

Class: 12CHEMB1

Teacher: Anna Molnar

Comment on Progress

Ashley is a highly capable and motivated student who has demonstrated extensive knowledge of chemical equilibrium and acid/base reactions. She participates in all theoretical and practical aspects of the course and regularly asks questions which help to clarify her understanding. Ashley is encouraged to maintain regular revision efforts, including completing practice questions under examination conditions, for continued success in Chemistry.

Learning Outcomes

Outcomes	O	H	S	B	L
Selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media.	✓				
Communicates scientific understanding using suitable language and terminology for a specific audience or purpose.	✓				
Explains the characteristics of equilibrium systems, and the factors that affect these systems.	✓				
Solves scientific problems using primary and secondary data, critical thinking skills and scientific processes.	✓

2021 Semester 1 Report - Year 12

Economics

Name: Ashley HANNA

Class: 12ECOB4

Teacher: Stephanie Foy

Comment on Progress

Ashley is a dedicated and highly capable student who has excelled in Economics. Her assessment results and classwork reflect a sophisticated knowledge of course content. Ashley has shown a strong ability in analysing and applying economic concepts and a precise writing style, which allows her to convey her ideas logically and clearly. She is to be commended on her mature approach to learning.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies economic terms, concepts and relationships in appropriate contexts.	✓				
Analyses the impact of contemporary economic issues on the Australian and global economies.	✓				
Organises relevant economic information and ideas into appropriate forms within set timeframes.	✓

Mathematics Advanced

Name: Ashley HANNA

Class: 12MAE3

Teacher: Chris Dendle

Comment on Progress

Ashley is a capable and motivated student who has applied herself consistently this semester. She works solidly every lesson and is quick to ask questions when she requires assistance. Ashley obtained an excellent result in the Half Yearly Assessment, for which she should be congratulated. With continued effort, Ashley has the ability to achieve all outcomes at the highest level next semester.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies calculus techniques to model and solve problems.	✓				
Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs.	✓				
Applies appropriate differentiation methods to solve problems.	✓				
Applies the concepts and techniques of indefinite and definite integrals in the solution of problems.	✓

Mathematics Extension 1

Name: Ashley HANNA

Class: 12MAX1D8

Teacher: Josinta Chandra

Comment on Progress

Ashley displays a mature and positive attitude to her studies and fellow class members. She actively questions new information and seeks to understand key concepts on a deeper level. Ashley's Semester 1 results indicate that she has gained a thorough understanding of the topics covered.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies techniques involving proof or calculus to model and solve problems.		✓			
Applies concepts and techniques involving vectors to solve problems.	✓				
Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations.	✓				
Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution.	✓

Physics

Name: Ashley HANNA

Class: 12PHYSA6

Teacher: Richard Crooks

Comment on Progress

Ashley is a very capable and interested student who, as a result of hard work and dedication, has achieved excellent results in her assessment tasks this semester. She works well independently and as a member of a team and she is an active participant in practical work. Ashley's perceptive questions and comments reflect her high level of engagement. Ashley should continue to gain outstanding grades with further completion of syllabus summaries, revision of all subject material and practice of examination style questions.

Learning Outcomes

Outcomes	O	H	S	B	L
Analyses primary data to qualitatively and quantitatively describe the motion of projectiles.		✓			
Explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively.	✓				
Conducts investigations to collect valid and reliable secondary data and effectively communicates scientific understanding using suitable language and terminology.	✓				
Analyses and evaluates quantitative primary data represented in graphical and tabular forms to draw valid conclusions.	✓				
Describes and explains circular motion, motion of particles in gravitational fields as well as electromagnetic interactions as they apply to technological applications.	✓
