2021 Semester 1 Report - Year 12

Level of Achievement

Achievement Achievement Description

Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.

NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.

2021 Semester 1 Report - Year 12

English Advanced

Name: Joshua HORT

Class: 12ENAE2

Teacher: Rachele Haigh

Comment on Progress

Joshua is highly motivated in English Advanced and works to articulate his own perspectives on language and texts. His excellent comparative essay showed his ability to write a sustained response using sophisticated analysis. Joshua confidently explores the influence of context on the composers' messages. He is encouraged to continue developing his creative and discursive writing in preparation for the Craft of Writing portfolio by considering how he can use specific stylistic features to more deliberately shape meaning. Joshua is to be commended for his motivated approach to learning.

Learning Outcomes

Outcomes	O	H	S	B	L
A student independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure.	✓				
A student uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.	✓				
A student critically analyses and uses language forms, features and structures of texts justifying appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning.	✓				
A student thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments.	✓				
A student investigates and evaluates the relationships between texts.	✓				
A student evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued.	✓

2021 Semester 1 Report - Year 12

Chemistry

Name: Joshua HORT

Class: 12CHEMC5

Teacher: Anna Molnar

Comment on Progress

Joshua is a motivated, diligent student who has demonstrated extensive knowledge of chemical equilibrium and acid/base reactions. He actively engages in all class tasks and often asks questions to further his understanding of difficult concepts. Joshua is encouraged to maintain regular revision efforts, including completing practice questions under examination conditions, for continued success in Chemistry.

Learning Outcomes

Outcomes	O	H	S	B	L
Selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media.	✓				
Communicates scientific understanding using suitable language and terminology for a specific audience or purpose.	✓				
Explains the characteristics of equilibrium systems, and the factors that affect these systems.	✓				
Solves scientific problems using primary and secondary data, critical thinking skills and scientific processes.	✓

2021 Semester 1 Report - Year 12

Economics

Name: Joshua HORT

Class: 12ECOB4

Teacher: Stephanie Foy

Comment on Progress

Joshua is a highly engaged and capable student who is to be commended on his achievement in Economics. His assessment results and classwork reflect a detailed understanding of course content. Joshua is skilled at answering multiple choice questions, but must take care when responding to short answer questions, by accurately using key terminology and concepts.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies economic terms, concepts and relationships in appropriate contexts.	✓				
Analyses the impact of contemporary economic issues on the Australian and global economies.	✓				
Organises relevant economic information and ideas into appropriate forms within set timeframes.	✓

2021 Semester 1 Report - Year 12

Mathematics Advanced

Name: Joshua HORT
Class: 12MAA3
Teacher: Josinta Chandra

Comment on Progress

Joshua is a cooperative student who tries to be an active participant in class discussions. He is a capable mathematician who seeks assistance readily to clarify any misconceptions and difficulties. Joshua's Semester 1 results reflect he has an excellent understanding of the course content and can confidently perform mathematical manipulations to solve complex problems.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies calculus techniques to model and solve problems.	✓				
Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs.	✓				
Applies appropriate differentiation methods to solve problems.	✓				
Applies the concepts and techniques of indefinite and definite integrals in the solution of problems.	✓

2021 Semester 1 Report - Year 12

Mathematics Extension 1

Name: Joshua HORT
Class: 12MAX1D8
Teacher: Josinta Chandra

Comment on Progress

Joshua is a conscientious student who has demonstrated a good understanding of the concepts covered. He is a valued and considerate contributor to class activities and discussion. Joshua's Semester 1 result suggests that he must work diligently on reducing the number of careless errors made in tests so as to produce results which are reflective of his mathematical abilities.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies techniques involving proof or calculus to model and solve problems.		✓			
Applies concepts and techniques involving vectors to solve problems.		✓			
Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations.		✓			
Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution.		✓

2021 Semester 1 Report - Year 12

Physics

Name: Joshua HORT
Class: 12PHYSA6
Teacher: Richard Crooks

Comment on Progress

Joshua is a very capable and interested student who, as a result of hard work and dedication, has achieved excellent results in his assessment tasks this semester. He works well independently and as a member of a team and he is an active participant in practical work. Joshua's perceptive questions and comments reflect his high level of engagement in the topics under discussion. Joshua should continue to gain outstanding grades with further completion of syllabus summaries, revision of all subject material and practice of examination style questions.

Learning Outcomes

Outcomes	O	H	S	B	L
Analyses primary data to qualitatively and quantitatively describe the motion of projectiles.	✓				
Explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively.	✓				
Conducts investigations to collect valid and reliable secondary data and effectively communicates scientific understanding using suitable language and terminology.	✓				
Analyses and evaluates quantitative primary data represented in graphical and tabular forms to draw valid conclusions.		✓			
Describes and explains circular motion, motion of particles in gravitational fields as well as electromagnetic interactions as they apply to technological applications.	✓

2021 Semester 1 Report - Year 12

Science Extension

Name: Joshua HORT

Class: 12SCXTA9

Teacher: Anna Molnar

Comment on Progress

Joshua is a diligent and enthusiastic student who has achieved highly commendable results in Science Extension this semester. He has demonstrated that he can effectively source and evaluate relevant scientific research, as well as communicate and collaborate with mentors, in order to inform the planning of his own research project. With sustained focus in class and at home, Joshua should continue to have success in this course.

Learning Outcomes

Outcomes	O	H	S	B	L
Analyses and assesses the reliability and validity of secondary resources associated with the scientific research project.	✓				
Interrogates relevant and valid peer-reviewed scientific research to develop a scientific research question and hypothesis.	✓				
Develops a rationale to justify chosen scientific research and creates a detailed plan to investigate the scientific hypothesis.	✓				
Critically analyses valid peer-reviewed scientific research to assess relevance, value and rigor.	✓				
Refines and applies the Working Scientifically processes in relation to scientific research.		✓
