

Academic Excellence - Personal Best - Giving Back to the Community

Semester 1 Report 2021

Jayden HUANG

Year 12

List of Subjects

English Advanced

Chemistry

Economics

Mathematics Advanced

Mathematics Extension 1

Mathematics Extension 2

Software Design and Development

Year Adviser: Chau Truong

Principal: Kathryn O'Sullivan

2021 Semester 1 Report - Year 12

Level of Achievement

Achievement Achievement Description

Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.

NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.

2021 Semester 1 Report - Year 12

English Advanced

Name: Jayden HUANG
Class: 12ENAD2
Teacher: Lisa-Maree Newton

Comment on Progress

Jayden is an outstanding student who confidently applies thoughtful insights to a variety of texts. He approaches creative tasks with finesse, demonstrated in his excellent vlog assessment task, which included sophisticated textual analysis and was highly engaging. Jayden is encouraged to continue developing his essay writing skills by further refining his conceptual phrasing and use of metalanguage. Jayden is to be commended for his motivated approach to learning.

Learning Outcomes

Outcomes	O	H	S	B	L
A student independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure.	✓				
A student uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.	✓				
A student critically analyses and uses language forms, features and structures of texts justifying appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning.	✓				
A student thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments.	✓				
A student investigates and evaluates the relationships between texts.		✓			
A student evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Chemistry

Name: Jayden HUANG

Class: 12CHEMA6

Teacher: George Cowan

Comment on Progress

Jayden is a keen and conscientious student who works collaboratively with his peers in practical lessons and often contributes positively to class discussions. He displays excellent skills in researching chemical industrial processes. Overall, Jayden demonstrates extensive knowledge and understanding of the course content and outstanding ability to communicate his ideas both logically and concisely. With further effort, he should continue to excel in Chemistry.

Learning Outcomes

Outcomes	O	H	S	B	L
Selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media.	✓				
Communicates scientific understanding using suitable language and terminology for a specific audience or purpose.	✓				
Explains the characteristics of equilibrium systems, and the factors that affect these systems.		✓			
Solves scientific problems using primary and secondary data, critical thinking skills and scientific processes.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Economics

Name: Jayden HUANG

Class: 12ECOB4

Teacher: Stephanie Foy

Comment on Progress

Jayden is a diligent and highly capable student who has excelled in Economics. His assessment results and classwork reflect a detailed understanding of course content and concepts. Jayden has a strong ability in analysing economic issues and is commended for seeking assistance in class. He is encouraged to continue submitting work for feedback and paying closer attention when answering multiple choice questions.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies economic terms, concepts and relationships in appropriate contexts.	✓				
Analyses the impact of contemporary economic issues on the Australian and global economies.	✓				
Organises relevant economic information and ideas into appropriate forms within set timeframes.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Advanced

Name: Jayden HUANG
Class: 12MAC3
Teacher: Philippa Blamires

Comment on Progress

Jayden has achieved consistent results in all assessment throughout the semester and works collaboratively with peers to consolidate his understanding. He is commended for his clear setting out which accurately conveys his mathematical thinking. Jayden is encouraged to seek out harder problems in all areas to further his ability to answer challenging and multifaceted examination questions.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies calculus techniques to model and solve problems.	✓				
Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs.	✓				
Applies appropriate differentiation methods to solve problems.	✓				
Applies the concepts and techniques of indefinite and definite integrals in the solution of problems.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Extension 1

Name: Jayden HUANG

Class: 12MAX1D8

Teacher: Josinta Chandra

Comment on Progress

Jayden is a cooperative, conscientious and capable student who completes tasks to an excellent standard. He displays confidence in his own opinions and beliefs through his active and positive contributions in class. Jayden has proven to be an independent learner who makes an effort to understand mathematical concepts beyond his years.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies techniques involving proof or calculus to model and solve problems.	✓				
Applies concepts and techniques involving vectors to solve problems.	✓				
Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations.	✓				
Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Extension 2

Name: Jayden HUANG

Class: 12MAX2A9

Teacher: Josinta Chandra

Comment on Progress

Jayden is a conscientious student who has demonstrated a thorough understanding of all concepts studied. He asks for help when required and listens carefully to all explanations. Jayden is commended for his keen desire to succeed and strong commitment to Mathematics Extension 2 is advised to continue his remarkable efforts.

Learning Outcomes

Outcomes	O	H	S	B	L
Chooses appropriate strategies to construct arguments and proofs in both practical and abstract settings.	✓				
Uses the relationship between algebraic and geometric representations of complex numbers and complex number techniques to prove results, model and solve problems.	✓				
Communicates and justifies abstract ideas and relationships using appropriate language, notation and logical argument.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Software Design and Development

Name: Jayden HUANG
Class: 12SDDA5
Teacher: Branko Goykovic

Comment on Progress

Jayden is an exceptionally talented student who has demonstrated an enthusiastic attitude towards this course. His recent topic test mark reflects his excellent examination technique and with continued application to his studies he should continue to build upon his already substantial foundations. Jayden is to be congratulated on his fine performance this semester.

Learning Outcomes

Outcomes	O	H	S	B	L
Describes various methods used to construct software solutions and how a computer system stores data.	✓				
Describes the development of different language types and their relationship to emerging technologies.	✓				
Identifies and evaluates legal, social and ethical issues in a range of contexts.	✓				
Identifies, applies and evaluates various modular approaches to software problems.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited
