### Level of Achievement

#### Achievement Achievement Description

|             |                                                                                                                                                                                                                                                              |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Outstanding | The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations. |
| High        | The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.                                                                              |
| Sound       | The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.                                                                                               |
| Basic       | The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.                                                                                                 |
| Limited     | The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.                                                                                 |

*NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.*

### Additional Programs and Activities

School Vice Captain

Student Representative Council Executive

### Attendance (Semester 1)

Whole Days Absent 4

## 2022 Semester 1 Report - Year 12

| Subject & Profile Description                       |                                                                       | Level Of Achievement |       |           |        |
|-----------------------------------------------------|-----------------------------------------------------------------------|----------------------|-------|-----------|--------|
|                                                     |                                                                       | Consistently         | Often | Sometimes | Rarely |
| English Advanced                                    | Applies creative and innovative thinking to learning.                 | ✓                    |       |           |        |
|                                                     | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                                                     | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                                                     | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                                                     | Monitors own learning and applies feedback to achieve personal best.  | ✓                    |       |           |        |
| Design and Technology                               | Applies creative and innovative thinking to learning.                 | ✓                    |       |           |        |
|                                                     | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                                                     | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                                                     | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                                                     | Monitors own learning and applies feedback to achieve personal best.  | ✓                    |       |           |        |
| Mathematics Extension 1                             | Applies creative and innovative thinking to learning.                 | ✓                    |       |           |        |
|                                                     | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                                                     | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                                                     | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |

## 2022 Semester 1 Report - Year 12

### English Advanced

**Name:** Jenna KIM  
**Class:** 12ENAC1  
**Teacher:** Adriana Franic

#### Comment on Progress

Jenna is an exemplary student whose outstanding results reflect not only her considerable ability, but also her mature approach to her studies. Highly focused, she offers insightful perspectives on the texts studied and has deepened her understanding through rigorous academic reading. Jenna's excellent multimodal and Craft of Writing tasks reflect a detailed insight into the concepts studied and her keen awareness of the function of language to create meaning, as well as her outstanding writing skills across a range of text types. She is to be commended for her hard work this semester.

#### Learning Outcomes

| Outcomes                                                                                                                                                                                                 | O | H | S | B | L |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| A student independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure.                          | ✓ |   |   |   |   |
| A student uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.                                 | ✓ |   |   |   |   |
| A student critically analyses and uses language forms, features and structures of texts justifying appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning. | ✓ |   |   |   |   |
| A student thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments.              | ✓ |   |   |   |   |
| A student investigates and evaluates the relationships between texts.                                                                                                                                    | ✓ |   |   |   |   |
| A student evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued.                                                                                  | ✓ |   |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

#### Overall Achievement

|             |      |       |       |         |
|-------------|------|-------|-------|---------|
| Outstanding | High | Sound | Basic | Limited |
|-------------|------|-------|-------|---------|

## 2022 Semester 1 Report - Year 12

### Design and Technology

**Name:** Jenna KIM  
**Class:** 12DTA7  
**Teacher:** Kate Farrow

#### Comment on Progress

Jenna is a diligent student who worked consistently throughout the semester. Her approach to the development of her Major Design Project has been thorough and she is on course to complete a quality product. Jenna's project documentation continues to evolve and captures the authenticity of her approach. Providing she maintains a high level of time management, she will have the opportunity to refine her Major Design Project structure and presentation to ensure that all criteria are competently addressed. Jenna's efforts to complete past paper questions was impressive and with more practise using subject specific text types and combining her case study knowledge, Jenna can refine her examination technique.

#### Learning Outcomes

| Outcomes                                                                                                             | O | H | S | B | L |
|----------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| Critically analyses the factors affecting design and the development and success of design projects.                 | ✓ |   |   |   |   |
| Explains the influence of trends in society on design and production and evaluates the impact of design on society.  | ✓ |   |   |   |   |
| Analyses the factors that influence innovation and the success of innovation.                                        | ✓ |   |   |   |   |
| Identifies a need or opportunity and researches and explores ideas for design and development.                       | ✓ |   |   |   |   |
| Selects and uses appropriate research methods and communication techniques.                                          | ✓ |   |   |   |   |
| Justifies technological activities undertaken in the major design project and relates these to industrial practices. | ✓ |   |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

#### Overall Achievement

|             |      |       |       |         |
|-------------|------|-------|-------|---------|
| Outstanding | High | Sound | Basic | Limited |
|-------------|------|-------|-------|---------|

## 2022 Semester 1 Report - Year 12

### Mathematics Extension 1

**Name:** Jenna KIM  
**Class:** 12MAX1A2  
**Teacher:** Kerrienne Lee

#### Comment on Progress

Jenna has achieved excellent results for which she should be commended. She has through hard work, dedication and a positive attitude towards learning, developed into a highly capable mathematician. Jenna should strive to maintain this level of application for continued learning and success.

#### Learning Outcomes

| Outcomes                                                                                                                           | O | H | S | B | L |
|------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| Applies techniques involving proof or calculus to model and solve problems.                                                        | ✓ |   |   |   |   |
| Applies concepts and techniques involving vectors to solve problems.                                                               | ✓ |   |   |   |   |
| Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations. | ✓ |   |   |   |   |
| Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution.           | ✓ |   |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

#### Overall Achievement

|             |      |       |       |         |
|-------------|------|-------|-------|---------|
| Outstanding | High | Sound | Basic | Limited |
|-------------|------|-------|-------|---------|

## 2022 Semester 1 Report - Year 12

### Personal Development, Health and Physical Education

**Name:** Jenna KIM  
**Class:** 12PDHPEA3  
**Teacher:** Jennifer Walker

#### Comment on Progress

Jenna is an enthusiastic and capable student who possesses an extensive knowledge of PDHPE course content and applies this to a range of different learning situations. She works well with her peers in class, regularly discussing topic areas and sharing her ideas and opinions. Jenna is able to analyse and synthesise information to compose well structured and highly sophisticated responses to examination and assessment questions. For further improvement on her results, Jenna is encouraged to practise written responses under timed conditions.

#### Learning Outcomes

| Outcomes                                                                                                                                          | O | H | S | B | L |
|---------------------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| Explains how a variety of training approaches and other interventions enhance performance and safety in physical activity.                        | ✓ |   |   |   |   |
| Explains how movement skill is acquired and appraised.                                                                                            | ✓ |   |   |   |   |
| Designs psychological strategies and nutritional plans in response to individual performance needs.                                               | ✓ |   |   |   |   |
| Devises methods of gathering, interpreting and communicating information about health and physical activity concepts.                             | ✓ |   |   |   |   |
| Selects appropriate options and formulates strategies based on a critical analysis of the factors that affect performance and safe participation. | ✓ |   |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

#### Overall Achievement

|             |      |       |       |         |
|-------------|------|-------|-------|---------|
| Outstanding | High | Sound | Basic | Limited |
|-------------|------|-------|-------|---------|

## 2022 Semester 1 Report - Year 12

### Physics

**Name:** Jenna KIM  
**Class:** 12PHYSC4  
**Teacher:** Richard Crooks

#### Comment on Progress

Jenna is a very capable and diligent student whose ability and determination to succeed are reflected in her results. Her levels of achievement are always of a very high standard and her assessment task results were outstanding. Jenna is an enthusiastic participant in class discussions and practical activities. She could improve further with continued revision of summaries of all syllabus points, as well as practice of examination questions for their content and style. Jenna is to be congratulated on her well deserved grades.

#### Learning Outcomes

| Outcomes                                                                                                                                                                 | O | H | S | B | L |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| Analyses primary data to qualitatively and quantitatively describe the motion of projectiles.                                                                            | ✓ |   |   |   |   |
| Explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively.     | ✓ |   |   |   |   |
| Conducts investigations to collect valid and reliable secondary data and effectively communicates scientific understanding using suitable language and terminology.      | ✓ |   |   |   |   |
| Analyses and evaluates quantitative primary data represented in graphical and tabular forms to draw valid conclusions.                                                   | ✓ |   |   |   |   |
| Describes and explains circular motion, motion of particles in gravitational fields as well as electromagnetic interactions as they apply to technological applications. | ✓ |   |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

### Level of Achievement

#### Achievement Achievement Description

|             |                                                                                                                                                                                                                                                              |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Outstanding | The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations. |
| High        | The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.                                                                              |
| Sound       | The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.                                                                                               |
| Basic       | The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.                                                                                                 |
| Limited     | The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.                                                                                 |

*NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.*

### Additional Programs and Activities

|                                                      |                                                     |
|------------------------------------------------------|-----------------------------------------------------|
| Student Representative Council                       | Sydney North Athletics Championships Monday 19/7/21 |
| Sydney North Athletics Championships Tuesday 20/7/21 | Warringah Zone Athletics Championships 21/5/21      |

### Attendance (Semester 2)

|                               |   |                             |   |
|-------------------------------|---|-----------------------------|---|
| Whole Days Absent             | 0 | Explained Whole Days Absent | 0 |
| Unexplained Whole Days Absent | 0 |                             |   |

## 2021 Semester 2 Report - Year 11

| Subject & Profile Description |                                                                       | Level Of Achievement |       |           |        |
|-------------------------------|-----------------------------------------------------------------------|----------------------|-------|-----------|--------|
|                               |                                                                       | Consistently         | Often | Sometimes | Rarely |
| English Advanced              | Applies creative and innovative thinking to learning.                 | ✓                    |       |           |        |
|                               | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                               | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                               | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                               | Monitors own learning and applies feedback to achieve personal best.  | ✓                    |       |           |        |
| Biology                       | Applies creative and innovative thinking to learning.                 |                      | ✓     |           |        |
|                               | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                               | Demonstrates critical thinking about information, ideas and problems. |                      | ✓     |           |        |
|                               | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                               | Monitors own learning and applies feedback to achieve personal best.  |                      | ✓     |           |        |
| Design and Technology         | Applies creative and innovative thinking to learning.                 | ✓                    |       |           |        |
|                               | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                               | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                               | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                               | Monitors own learning and applies feedback to achieve personal best.  | ✓                    |       |           |        |
| HSC Mathematics Advanced      | Applies creative and innovative thinking to learning.                 |                      | ✓     |           |        |
|                               | Collaborates and communicates effectively.                            | ✓                    |       |           |        |
|                               | Demonstrates critical thinking about information, ideas and problems. | ✓                    |       |           |        |
|                               | Demonstrates organisational and time-management skills.               | ✓                    |       |           |        |
|                               | Monitors own learning and applies feedback to achieve personal best.  | ✓                    |       |           |        |

## 2021 Semester 2 Report - Year 11

### HSC Mathematics Advanced

**Name:** Jenna KIM  
**Class:** 11MAHA2  
**Teacher:** Kerriane Lee

#### Comment on Progress

Jenna has been an enthusiastic participant of this course throughout the year. She approaches all the learning experiences provided to her with a positive attitude. Jenna has shown that she is a critical thinker who is highly proactive in her own learning.

#### Learning Outcomes

| Outcomes                                                                                                                                                                      | O | H | S | B | L |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---|---|
| Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs.                                                         | ✓ |   |   |   |   |
| Solves problems using appropriate statistical processes.                                                                                                                      | ✓ |   |   |   |   |
| Constructs arguments to prove and justify results and provides reasoning to support conclusions which are appropriate to the context.                                         |   | ✓ |   |   |   |
| Applies calculus techniques to model and solve problems and applies the concepts and techniques of arithmetic and geometric sequences and series in the solution of problems. |   | ✓ |   |   |   |

*O = Outstanding, H = High, S = Sound, B = Basic, L = Limited*

#### Overall Achievement

|             |      |       |       |         |
|-------------|------|-------|-------|---------|
| Outstanding | High | Sound | Basic | Limited |
|-------------|------|-------|-------|---------|
