EDUCATION

ASCHAM SCHOOL | 2007 – PRESENT

- School Committee (Prefect) - Head of Student Support 2019
- Sports Committee - Gymnastics Captain 2019
- Ascham Business Club Founder 2019
- BSoc Stock Pitch Competition 2019
- Law Society of NSW Mock Trial Competition 2017-2018
- AHIGS Festival of Speech 2018
- Gold Duke of Edinburgh Award 2019
- Ascham Choir and Madrigals Choir 2014 - present
- Piano Improvisation Workshop 2015 - 2017
- Rock Band 2017 - present
- Senior Musical Production 2017
- Da Vinci Decathlon 2013 – 2016
- Peer Mentor (2016 – present)

OXFORD ROYALE ACADEMY SUMMER SCHOOL | JULY 2018

- Business Finance
- Marketing
- Public Speaking and Debating

WOMEN IN ENGINEERING HOLIDAY COURSE | UNSW | 2016

EXPLORE ENGINEERING WORKSHOP | UNIVERSITY OF SYDNEY | 2016

STUDY ABROAD - SHANGHAI HIGH SCHOOL INTERNATIONAL DIVISION | 2012

- Dance
- Athletics
- Choir

WORK EXPERIENCE

CASHIER| MCDONALD'S HARBOURSIDE | OCTOBER 2016 – JANUARY 2018

Key duties include: processing payments for goods, POS operation, taking the customer's orders quickly and accurately as well as being able to work quickly to deliver a customer's order, customer service skills to ensure the customer has an enjoyable experience

WORK EXPERIENCE | MARQUE LAWYERS | SEPTEMBER 2017

- Administration tasks, legal research and visiting the courts

WORK EXPERIENCE | ACADEMY OF INTERACTIVE ENTERTAINMENT | OCTOBER 2017

- Character concepting using Maya software and Adobe Photoshop, 3D creation in industry related software, programming, film editing, game design in Unity software and presentation of business plan for our own game.

WORK EXPERIENCE | MARSH INC. | NOVEMBER 2017

- Worked in the Actuarial Department
- Data collection, analysis and graphing, presentation, reporting – Word, Excel
- Python programming, geolocation software

SALES ASSISTANT| VISTA FASHION PTY LTD | JANUARY– OCTOBER 2018

Key duties include: customer service, delivering on sales targets, stock management, setting up visual merchandising, minimising stock loss following loss prevention processes

ASCHAM GYMNASTICS CLUB COACHING | OCTOBER 2017 – PRESENT

Key duties include: instructing and spotting the gymnasts to improve their skills, strength, and flexibility, ensuring they stay safe from injury and fostering their love for the sport.

COMMUNITY SERVICE

- Wairoa Special Education School Bondi | 2017
- Salvation Army Red Shield Appeal | 2013 – Present
- Holdsworth Community Centre | 2018 -Present
- Ascham Library | 2016 - Present
- Clean Up Australia Day | 2017 - Present
- Print 35 Design Studio | 2017
- Our Big Kitchen, Bondi | 2013 - 2014
- Ascham Tennis and Family Fun Day | 2015 - 2017
- Reelise Film Festival | 2016

ACHIEVEMENTS

- UNSW & Science 50:50 Pathway Scholarship
- Beginner Women's Gymnastics Judge Accreditation
- Gold Duke of Edinburgh Award
- Nationals Gymnastics Championships
- State Gymnastics Championships
- IGGSA Gymnastics Championships
- High Distinction (A+) in Piano AMEB Grade 8
- Honours (A) in Musicianship AMEB Grade 5
- Ascham Madrigals choral group Pocket Award (esteemed award for attitude, aptitude and attendance)
- Ascham Junior & Senior Choir Pocket Awards
- Woollahra Council Youth Photographic and Short Film Prize Mayor's Choice Special Mention Award

INTERESTS/SKILLS

- Music: Piano; Guitar; Singing
- Sports: Gymnastics, Basketball; Netball; Touch Football; Tennis
- Other: Chess; Grok Learning Python Course (coding); Photography
- Adobe Photoshop and Illustrator

Ascham School

Semester 1 Report, 2018

Eileen Li

Form Class: 11LC4

Year 11

Form Report
Students have been adapting to the challenge of senior work this semester with the increased need for depth of understanding and analysis. They have been taking these challenges on board and have become involved in many groups which contribute to the school community such as fundraising for the Ascham Forest. The Term 1 Year 11 camp focused on leadership, character strengths and positive psychology; it was a great success and fitting preparation for the senior years. Eileen is a very courteous and delightful student who interacts well with everyone. She is punctual to roll call and makes efficient use of her time to organise her weekly planning. I really appreciate her kindness and helpfulness. She is always quick to volunteer without hesitation when she sees a need. Her reports are a pleasure to read. She has displayed a consistently mature attitude and her ability to manage her time effectively is to be commended. Eileen's unassuming manner belies tremendous inner strength and she has demonstrated a solid work ethic in every subject. Eileen has made excellent progress. Mrs D Honeyball

Ascham School
Semester 1 Report, 2018
Eileen Li

In Year 11 the girls are given ranks, as well as grades, in all of their courses. This is to prepare them for Year 12, where we have to produce ranks for the Higher School Certificate school assessment. It is important to note that the rank only presents part of the picture, so please consider the teachers' comments carefully. These comments and suggestions provide essential information. The descriptions of the achievement grades are given below.

The Grade A-E

- A. The student demonstrates extensive knowledge of content and understanding of course concepts, and applies highly developed skills and processes in a wide variety of contexts. In addition, the student demonstrates creative and critical-thinking skills using perceptive analysis and evaluation. The student effectively communicates complex ideas and information.
- B. The student demonstrates thorough knowledge of content and understanding of course concepts, and applies well-developed skills and processes in a variety of contexts. In addition, the student demonstrates creative and critical-thinking skills using analysis and evaluation. The student clearly communicates complex ideas and information.
- C. The student demonstrates sound knowledge of content and understanding of course concepts, and applies skills and processes in a range of familiar contexts. In addition, the student demonstrates skills in selecting and integrating information and communicates relevant ideas in an appropriate manner.
- D. The student demonstrates a basic knowledge of content and understanding of course concepts, and applies skills and processes in some familiar contexts. In addition, the student demonstrates skills in selecting and using information and communicates ideas in a descriptive manner.
- E. The student demonstrates an elementary knowledge of content and understanding of course concepts, and applies some skills and processes with guidance. In addition, the student demonstrates elementary skills in recounting information and communicating ideas.

The teachers have included a detailed appraisal of progress so far and recommendations for further improvement; the girls should respond constructively to this precise advice and set themselves appropriate targets.

Ascham School
Semester 1 Report, 2018
Eileen Li

English Advanced

Mrs T Turner-Jones

The Common Module Reading to Write provided students with ample opportunities to develop their skills in reading, textual analysis and writing. They read and responded to a range of texts including short stories, poetry, non-fiction, essays and media articles. Their close reading and analysis of these texts allowed students to use these mentor texts to strengthen and improve their own writing. The assessment rank and grade are derived from assignments completed for the Common Module (40%) and the Multimodal Assessment task (60%).

Eileen is an interested and conscientious student who has worked diligently on strengthening expression, register and cohesion of her responses. Her assignment work has demonstrated a clear and competent understanding of the texts and concepts we have studied so far. She should continue to fine-tune her writing skills and to develop her analysis of language forms and features. Eileen is to be congratulated on her exemplary podcast for the recent assessment task. She provided sophisticated and perceptive commentary on her mentor texts and own writing that was highly commended by the marker.

No. of Candidates: 117

Grade: A Rank: 13

Mathematics Extension 1

Mr Z Ma

In this assessment period the topics covered were the real number system, graphs and inequalities, co-ordinate geometry, trigonometry, sequences and differentiation. The grade and rank were calculated on assignments (20%) and topic tests (80%).

Eileen is a highly motivated student of Mathematics. Her assignment work is thorough and reflects a solid understanding of new work and the setting out required. Eileen has also been attempting the optional questions and found opportunities in studies to discuss them with me. Eileen's test marks have been strong, although the first test showed some scope to consolidate skills in algebra and trigonometry. I encourage Eileen to continue approaching Mathematics with diligence as well as curiosity and enjoyment.

No. of Candidates: 47

Grade: A Rank: 5

Chemistry

Mr M Thompson

The students completed Module 1 Properties and Structure of Matter, they learned about the separation of mixtures and chemical bonding and Module 2 Introduction to Quantitative Chemistry, including the mole concept and concentration and molarity. They have begun their Depth Study which is due at the end of Term 2. The assessment grade and rank is based on a practical and data analysis test.

Eileen is a conscientious student with a good work ethic. She is a quiet, independent worker in lessons and studies but readily seeks advice when the need arises. Her assignments are consistently of a high standard and she appears to be coping well with calculations involving the mole concept. Eileen achieved a pleasing mark in the recent practical assessment task. She identified the unknown chemicals successfully and clearly explained how she made the identifications using good chemistry. In the second section her analysis of the graphs and processing of data was good although she could not use the data provided to determine the empirical formula of a compound. Eileen is making good progress and has the aptitude and attitude to achieve success in this subject.

No. of Candidates: 46

Grade: A Rank: 6

Ascham School
Semester 1 Report, 2018
Eileen Li

Physics

Mrs S Dolan

The students completed Module 1 Kinematics which developed their understanding of motion including graphs, vectors and equations. They also completed Module 2 Dynamics which included applying Newton's Laws of Motion and the laws of conservation of momentum and energy to simple systems. They began their Depth Studies which are due in Term 2. Their grade and rank is based on a Practical Task.

Eileen is a conscientious pupil and I continue to be impressed by her depth of understanding, since I first taught her in Year 9. She motivates her peers during group work and excels in solo tasks. Her assignments are completed with detail. She asks diligently when unsure of new concepts, uses studies well, and contributes enthusiastically to class discussions. She is able to answer verbal questions to a high standard. She can find some concepts challenging but shows perseverance when trying to understand complex ideas. Her Practical Task was very pleasing, demonstrating confident graphing and tabulating skills and clearly laid out calculations. To improve Eileen could work on her time management, starting assignments earlier in the week when we first start covering content in class.

No. of Candidates: 29

Grade: A Rank: 4

Economics

Mrs L Brown

The preliminary course is essentially microeconomic in nature, dealing with aspects of the economic behaviour of consumers, business and governments. We have completed 30% of the total internal preliminary school assessment from which the current grade and rank are derived.

Eileen is a conscientious and hardworking student in Economics consistently working at a high standard. Her assignment work is thorough reflecting a focused and diligent effort. She uses her studies most effectively and seeks clarification when needed and this has enabled her to achieve pleasing results for all her work. Eileen's performance in the recent assessment task was excellent. She scored near full marks in the multiple choice and short answer sections of the examination. Her extended response demonstrated a good understanding of the relevant terms and concepts. It was a well-structured and incorporated detailed economic theory supported by appropriate graphical analysis. Eileen is a pleasure to teach and I wish her every success in the upcoming task.

No. of Candidates: 35

Grade: A Rank: 2

Latin Continuers

Ms C Dickinson

Students began the preliminary HSC course by translating extracts from Cicero's 'In Catilinam I' and Livy's history of Rome, 'Ab Urbe Condita Book I'. Grammar, syntax and vocabulary with contextual cultural background were incorporated into translation preparation. The current grade and rank are based on three skills, which account for 35% of the total assessment: seen text, unseen translation and commentary.

Eileen is progressing well in Latin this year. I am impressed by her attentive approach to lessons and her thorough assignment work. Eileen's performance in the assessment task was very pleasing. She achieved a perfect score in set translation, and made only minor mistakes in the commentary. She must continue to develop her essay writing skills to ensure that she always explains how the evidence supports her point thoroughly and clearly. Her work in unseen translation was impressive, as she only made some small errors. In order to achieve at the highest level, she must make a concerted effort to review her grammar regularly and to keep on top of her vocabulary. A mistakes-book should assist her to identify areas for focus. Eileen is to be commended for a successful semester.

No. of Candidates: 9

Grade: A Rank: 3

Ascham School

Semester 2 Report, 2018

Eileen Li

Form Class: 11LC4

Year 11

Form Report

This has been a productive semester for the girls. They were focused in their preparation for the preliminary exams and have set solid foundations for their final year of study. In addition to their involvement in many co-curricular activities, the girls have held two charity events raising money for the Ascham Forest, with most of the year group planting trees. The girls have embraced their new senior position in the school and can now look toward to planning for a busy HSC year.

Eileen is a very enthusiastic, reliable and courteous member of the group. She is always punctual and uses her time effectively. She has a very caring nature and she took the initiative to contribute to peer tutoring and charity initiatives. Eileen has worked with a great sense of purpose throughout the semester and she should be very proud of her wonderful results. Eileen was awarded A grades in all her subjects, a tremendous performance reflecting Eileen's excellent motivation to work and diligence. It has been a very productive semester for Eileen. This augurs well for the future.

Mrs D Honeyball

The teachers have included a detailed appraisal of progress so far and recommendations for further improvement; the girls should respond constructively to this precise advice and set themselves appropriate targets.

Ascham School
Semester 2 Report, 2018
Eileen Li

English Advanced

Mrs T Turner-Jones

Advanced English students have studied Module A: Narratives that Shape Our World and Module B: A Critical Study of Shakespeare's 'Othello'. The assessment rank and grade are derived from assignments completed for the entire Year 11 course (40%) and assessments (60%), including the Year 11 examination.

Eileen's achievements in Advanced English are testament to her commitment to improvement and achieving her best. Her strengthened writing style, vocabulary, expression and register contribute to the engaging and thoughtful consideration of texts studied that are key features of her responses. Her ability in comprehension tasks, as demonstrated in the Year 11 examination has potential for strengthening to greater success in the HSC year. Her essay for Shakespeare's 'Othello' revealed some insight into the play that was encouraged by the marker to be extended in the depth and breadth of the response. In Studies, while looking over all responses for assignments and assessments, we have been appraising closely what is needed to move marks higher, and Eileen is working towards choosing the most apt detail to evidence and analyse for her thesis and paragraph writing in extended responses.

No. of Candidates: 110

Grade: A Exam Mark: 69 Rank: 23 Exam Rank: 39

Mathematics

Mr Z Ma

The Extension 1 course includes all topics covered in the Mathematics course: sequences, the derivative and the quadratic function. Extension 1 students do not sit for Mathematics class tests so have not been awarded a grade. This report deals only with the student's performance in the Mathematics preliminary examination.

Eileen has comprehensively demonstrated all the outcomes of the Year 11 Mathematics course. Her examination shows a confident command of all the key skills that underpin success in the calculus-based courses in Year 12. I encourage Eileen to maintain her high level of mathematical background knowledge as the most difficult examination questions can draw from any content that was covered in earlier years.

No. of Candidates: 75

Grade: n/a Exam Mark: 100 Rank: n/a Exam Rank: 1

Mathematics Extension 1

Mr Z Ma

In Terms 2 and 3 the Extension students covered the following topics: the quadratic function, locus and the parabola, the geometry of the derivative and introductory integration. The school grade is derived from all test marks, assignments and the preliminary course examination.

Eileen continues to perform competently in Mathematics Extension 1. Her test results show a thorough mastery of the skills covered this semester. While Eileen's examination result is solid, it has identified some gaps in her familiarity with some topics, such as quadratic functions and locus problems. To achieve an even better result in future assessments, Eileen should devote more time to practising a comprehensive range of questions from each topic, and then attempt past papers to consolidate her examination technique. I look forward to helping Eileen reach her potential next year.

No. of Candidates: 45

Grade: A Exam Mark: 85 Rank: 7 Exam Rank: 8

Ascham School
Semester 2 Report, 2018
Eileen Li

Chemistry

Mr M Thompson

This semester we completed Module 3, Reactive Chemistry. This investigates different types of reactions and factors that affect their rate. We commenced the final module, Drivers of Reactions and have investigated enthalpy and its measurement using calorimetry. The student depth study has been completed. The grade is based on all assessment tasks including the Year 11 examination.

Eileen completes all her work to a high standard and is proving to be an excellent Chemistry student. Her depth study on Americium-241 was well done. The video presentation was creative, engaging and informative. The information presented was thorough, accurate and pitched at the correct level for her audience and the model was accurate and appropriate. Eileen's final examination paper was excellent. The explanations in the extended answer questions showed a thorough understanding of the course and her problem solving in the numerical questions was flawless. Marks were lost on questions requiring knowledge and understanding of intermolecular bonds and she should review this. Eileen can be very satisfied with her achievement this year and is well placed to commence the HSC year.

No. of Candidates: 45

Grade: A Exam Mark: 93 Rank: 5 Exam Rank: 4

Physics

Mrs S Dolan

The students have completed the Year 11 course. In Module 3 Waves and Thermodynamics we developed an understanding of sound, light and the transfer of heat energy. In Module 4 Electricity and Magnetism we used field lines and mathematical models to appreciate electrostatics, electric circuits and magnetism. The grade and rank are based on all assessments, including the Year 11 examination.

Eileen is a conscientious student who takes pride in her achievements. She enjoys problem-solving tasks that challenge her abilities. She can sometimes be disorganised. This was evidenced when she handed in her Depth Study a week early as she was leaving for the Oxford excursion. Her experiment on projectile motion showed good understanding of Physics principles and excellent use of technology to measure angles and speeds. However, her report did not include enough detail and lacked a thorough discussion. She proved her excellent knowledge across the course in her Year 11 examination. Her mark in the multiple choice section is outstanding and she only lost a few marks in her written answers involving collisions and refraction. I look forward to seeing Eileen's progress in Year 12 Physics.

No. of Candidates: 29

Grade: A Exam Mark: 84 Rank: 7 Exam Rank: 5

Economics

Mrs L Brown

The preliminary course of six topics is essentially microeconomic in nature, dealing with aspects of the economic behaviour of consumers, business and governments. It forms the basis of the HSC course and focuses on the theoretical framework and models used in Economics. The rank and assessment grade are derived from assessment tasks (100%).

Eileen is a conscientious and capable student who is consistently working at a high standard in Economics. Her assignment work is thorough, reflecting a focused and diligent effort. Her performance in the preliminary examination was excellent and reflected her detailed preparation. She achieved full marks in the multiple-choice section and her short answers were pleasing. Her extended responses on monetary policy was sophisticated and demonstrated a comprehensive understanding of all course material. She is to be congratulated on her excellent examination result. Eileen is a pleasure to teach and I wish her every success as she commences the Year 12 course.

No. of Candidates: 35

Grade: A Exam Mark: 94 Rank: 3 Exam Rank: 2

Ascham School
Semester 2 Report, 2018
Eileen Li

Latin Continuers

Ms C Dickinson

The students developed skills of translation, grammatical analysis and appreciation of Latin literature by reading extracts from Virgil and Cicero. They experienced a variety of stylistic and literary features, developed their scansion technique and gained an understanding of the context and perspective of the authors. The grade is derived from class tests and the preliminary examination.

Eileen has achieved some excellent results in Latin. I have been pleased with her thorough assignments and perceptive questions during studies. Eileen's dedication and preparation leading up to the examination culminated in an impressive result. She achieved a perfect score in the seen translation and lost only half a mark in the short answer commentary section. In order to achieve at the highest level in the HSC, Eileen must continue to focus on her essay writing. She must analyse the text clearly and provide thorough explanation for her points. Close attention to detail when approaching unseen translations and analysing the grammar of a passage prior to translation would also help her to improve further. Eileen should be very proud of her work this year. She is a delight to teach.

No. of Candidates: 8

Grade: A Exam Mark: 87 Rank: 4 Exam Rank: 3

Ascham School

Semester 1 Report, 2019

Eileen Li

Form Class: 12F

Year 12

Form Report

Year 12 students have made a concerted start to their final year at school. In addition to their academic studies, they led the school at the Swimming Carnival and are involved across a range of co-curricular activities. The Year 12 Wellbeing program has continued to embed the Visible Wellbeing philosophy with a focus on collaboration, communication and kindness, as well as sessions on tertiary study and careers. Students are being encouraged to maintain a balance between their academic work, participation in broader school life and life outside school as well as maintaining a healthy body and mind.

Eileen is a pleasure to have in the group. She is one of the most sensible and caring members of the Form Class. She applies herself fully to whatever she is doing and manages her time extremely well. Her contributions to the life of the School community are outstanding and her unfailing motivation to learn is to be commended. Eileen is a very conscientious student with an excellent work ethic. This is an impressive set of reports and I trust that Eileen will implement every suggestion offered by her teachers.

Mrs D Honeyball

Total Absences at 24/05/2019: 1

Co-Curricular Activities & Awards

School Committee, Captain of Gymnastics, Head of Student Support Committee, Sport Committee, Student Support Committee, Eastern Suburbs Touch, Daltones, Senior Choir, Senior Madrigal, Senior Music Camp.

The following information is included in the Years 7 - 10 reports.

- the number of candidates in the course.
- an achievement grade (A - E) - the descriptions are below. There are no predetermined percentages for the different grades. This is dependent on the candidature of each course at any given time.
- a quartile (4 - 1). This reflects the student's position relative to the other students in the same course. The top 25% of the candidates in any course are in quartile 4, the next 25% are in quartile 3 and so on. In some courses this quartile division can be somewhat misleading; this particularly applies to courses with very small candidatures. In other courses it might statistically separate students of very similar achievement.
- a percentage exam mark. (Semester 2 only)
- an exam quartile (4 - 1). This reflects the student's position relative to the other students in the same exam, in the same way that the course quartile does. (Semester 2 only)
- an effort rating (5 - 1) - the descriptions are below.

The Grade A - E

- A. The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.
- B. The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
- C. The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
- D. The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills
- E. The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills

The Effort Rating 5 - 1

Effort Student demonstrates:

5. independent application
efficient and effective use of studies
punctuality and preparedness on all occasions
effective interaction and communication
enthusiastic participation in and responsibility for the learning process
4. application with some independence
willingness to plan for the use of studies
punctuality and preparedness on most occasions
effective interaction and communication
participation in and responsibility for the learning process
3. satisfactory application
reliance on teacher direction in use of studies
punctuality and preparedness on most occasions
satisfactory interaction and communication
participation in the learning process
2. reluctance in application and need for supervision in studies
punctuality and preparedness on few occasions
limited interaction and communication
limited participation in the learning process
1. poor application and need for constant supervision in studies
lack of preparedness
unsatisfactory interaction and communication
reluctance to participate in the learning process

Ascham School
Semester 1 Report, 2019
Eileen Li

English Advanced

Mrs T Turner-Jones

Advanced English students have completed the Common Module: Texts and Human Experiences, with Arthur Miller's play 'The Crucible' as their prescribed text. They have also covered Module A: Textual Conversations. Students are required to study some short prescribed texts for Module C: The Craft of Writing. The HSC assessment rank is derived from two assessments constituting 50% of the total HSC school assessment. The grade also includes assignment work.

Eileen is a perceptive and highly committed English student who brings an impressive sophistication to her study of Literature. Her assignment work has demonstrated a clear understanding of the texts and concepts we have studied. Eileen's ability to express herself in a sophisticated manner was reflected in her results for the two assessment tasks this semester. In particular, her essay for Module A was well structured, with a thoughtful thesis that engaged with the demands of the task. Eileen should benefit from the extended response practice in the assignment, and reading various literary criticisms and interpretations of the texts set for study. She should revise her Module C texts as models to develop the craft of her writing.

No. of Candidates: 107

Grade: A HSC Rank: 21

Mathematics Extension 1

Mr Z Ma

In this assessment period the topics covered were polynomials, integration, the calculus of logarithmic, exponential and trigonometric functions and inverse functions. The grade is based on assignment work (20%) and tests (80%). The current HSC rank is calculated on two assessment tasks, which contribute 30% to the total HSC school assessment.

Eileen has performed exceptionally this semester in Mathematics Extension 1. Her class tests showed gaps in her skills in polynomials and inverse functions, which she addressed prior to the assessment tasks. Eileen's assessment marks show a thorough understanding of inverse functions, integration, trigonometry and polynomials. She should also explore more difficult applications from topics such as motion, to better prepare for the Trial examination in Term 3. I encourage Eileen to maintain her strong efforts in Mathematics Extension 1.

No. of Candidates: 38

Grade: A HSC Rank: 7

Mathematics Extension 2

Mr Z Ma

In this assessment period the topics covered were curve sketching, complex numbers, polynomials, conics and harder integration. The emphasis so far has been on abstract Mathematics and proofs. The grade is based on assignment work (20%) and tests (80%). The current HSC rank is calculated on two assessment tasks, which contribute 30% to the total HSC school assessment.

Eileen has performed competently this semester in Mathematics Extension 2. Her assignments show a sound understanding of new work, although Eileen should find more opportunities in studies to discuss with me the harder questions from each week. Eileen's assessment marks are solid and she should revisit her more recent assessments, to consolidate specific question types in polynomials and conics. She should also be completing the weekly revision questions indicated in the assignment, in preparation for the Trial examination in Term 3. I look forward to helping Eileen continue to revise thoroughly and achieve her best in this course.

No. of Candidates: 14

Grade: B HSC Rank: 7

Ascham School
Semester 1 Report, 2019
Eileen Li

Chemistry

Mr M Thompson

Two modules of the Year 12 course have been completed. Module 5 focused on a quantitative analysis of equilibrium systems. Module 6 focused on qualitative and quantitative properties as well as the uses of acids and their reactions. The grade and HSC rank are based on HSC assessments only, 50% of which have now been completed.

Eileen is a conscientious student with a keen interest and excellent work ethic. Her assignments are always of a high standard. They are thorough, accurate and completed thoughtfully. Corrections are attended to promptly. She achieved excellent results, both in the practical assessment task and the theory test, with only a small number of minor errors. She has consistently demonstrated a thorough understanding and knowledge of the topics covered in lessons and studies. Eileen is making excellent progress and only needs to maintain her work and study program which is working very well for her.

No. of Candidates: 30

Grade: A HSC Rank: 5

Economics

Mrs A Brockhoff

This course investigates the Global Economy and Economic Issues and Policies. We have completed 20% of the total internal HSC school assessment from which the current grade and HSC rank are derived.

Eileen is a dedicated student of Economics who reads widely and makes insightful contributions to class discussions. She should feel proud of her achievements thus far in the subject. Eileen's first assessment task shows an excellent understating of course content. She writes in a sophisticated manner and her short answer and extended responses are well supported by comprehensive statistics and examples. Eileen did however run out of time in her extended response and should continue to practise timed responses in the lead up to the next assessment task. I have every reason to believe that Eileen will continue to perform well in Economics and I wish her the best of luck for the remainder of the year.

No. of Candidates: 26

Grade: A HSC Rank: 6

Ascham School

Semester 2 Report, 2019

Eileen Li

Form Class: 12F

Year 12

Head of School

Congratulations on another very good set of reports. Eileen is extremely well organised and she has used the Dalton Plan effectively throughout her time at Ascham. Eileen has been an excellent member of the School Committee and Head of Student Support. In this role she and her co-lead have introduced a number of new activities. Eileen has been heavily involved in cocurricular activities and this year she has been Head of Gymnastics. Good luck for the final examinations.

Mr Andrew Powell

Form Report

Year 12 students have completed most of their internal HSC assessments, executed various practical and creative major works and continued to meet their cocurricular commitments and contribute to the School community. It is now time for them to refine their knowledge and examination skills, paying close attention to their teachers' advice. Year 12 students will mark their final term at Ascham with a number of celebrations and events, including their final House Festival and the Valedictory Dinner.

Eileen has continued to make efficient use of her time to organise her weekly planning during Form Class. She was always engaged and willing to listen to others during our Wellbeing sessions. She has continued to approach her numerous cocurricular and leadership responsibilities with diligence and utmost enthusiasm. Her motivation to learn is exceptional and she has dealt with tremendous determination with the demands and challenges of Year 12. This is a solid set of reports and Eileen should be very proud of her achievements, notably in Mathematics, Chemistry and Economics. I know that Eileen will continue to strive for excellence. It has been a pleasure having her in the group.

Ascham School
Semester 2 Report, 2019
Eileen Li

Your daughter's Higher School Certificate rank is based on her results in the HSC assessment tasks to date, which commenced at the end of Term 4 in Year 11. Each report indicates the percentage of HSC tasks that have been completed so far. The school grade, on the other hand is a more comprehensive view of her progress and for many courses it also reflects assignment work and other class tests, as well as assessment tasks. This report also includes their Trial examination result and rank. The descriptions of the achievement grades are given below.

The Grade A-E

- A. The student demonstrates extensive knowledge of content and understanding of course concepts, and applies highly developed skills and processes in a wide variety of contexts. In addition, the student demonstrates creative and critical-thinking skills using perceptive analysis and evaluation. The student effectively communicates complex ideas and information.
- B. The student demonstrates thorough knowledge of content and understanding of course concepts, and applies well-developed skills and processes in a variety of contexts. In addition, the student demonstrates creative and critical-thinking skills using analysis and evaluation. The student clearly communicates complex ideas and information.
- C. The student demonstrates sound knowledge of content and understanding of course concepts, and applies skills and processes in a range of familiar contexts. In addition, the student demonstrates skills in selecting and integrating information and communicates relevant ideas in an appropriate manner.
- D. The student demonstrates a basic knowledge of content and understanding of course concepts, and applies skills and processes in some familiar contexts. In addition, the student demonstrates skills in selecting and using information and communicates ideas in a descriptive manner.
- E. The student demonstrates an elementary knowledge of content and understanding of course concepts, and applies some skills and processes with guidance. In addition, the student demonstrates elementary skills in recounting information and communicating ideas.

It is important to note that the HSC rank only presents part of the picture. Indeed, in some courses our girls are bunched together so closely in rank, that after the HSC examinations are completed and our girls placed in the context of the whole State and more than 60,000 candidates, they end up with identical final HSC marks. Please therefore consider carefully the teachers' comments; the context that these comments and suggestions provide is generally more informative than the rank.

Ascham School
Semester 2 Report, 2019
Eileen Li

English Advanced

Mrs T Turner-Jones

Advanced English students have completed their study of T. S. Eliot's Selected Poems and are in the process of their consideration of the last of the Module C short prescribed texts for The Craft of Writing. The HSC assessment rank is derived from four assessments: the multimodal oral, Modules A and B assessment tasks, and the trials. Their HSC assessments are now complete. The grade also includes assignment work.

Eileen is a conscientious student who has worked diligently, and successfully applied feedback from assignments and assessments. Her full mark for the Reading Task of Paper 1 is testament to her comprehension of complex texts and detail in articulating responses to short answer questions. Across the other sections of the papers, Eileen has shown a strong connection with the demands of the questions, however, she would benefit from working on a greater depth of understanding of her texts through deeper engagement with evidence and analysis. Module C showed an area that Eileen needs to strengthen, and she is encouraged to consider in closer detail how form, purpose and writing decisions of the prescribed mentor texts and her own compositions, shape meaning and influence the craft of writing. Completion of a variety of questions for all Modules is recommended.

No. of Candidates: 108

Grade: A Exam Mark: 79 HSC Rank: 22 Exam Rank: 36

Mathematics Extension 1

Mr Z Ma

In this semester the topics covered were applications of calculus to the physical world, the financial application of sequences, Newton's method, integration by substitution and binomial theorem. The HSC rank is calculated on four assessment tasks, including the trial examination, which contribute 100% to the total HSC assessment. The grade also includes assignment work and other tests.

Eileen continues to perform outstandingly in Mathematics Extension 1. Her test and assessment marks show a comprehensive understanding of recent topics such as inverse trigonometry and applications of calculus. Eileen's performance in the trial examination is commendable and reflects a thorough retention of all the skills conveyed in the Mathematics Extension 1 course. To prepare for her HSC examination, Eileen should attempt past papers in exam conditions, emphasising strong setting out and minimising errors in earlier questions, and allowing adequate time to correctly interpret the more difficult application questions toward the end of each paper.

No. of Candidates: 38

Grade: A Exam Mark: 96 HSC Rank: 6 Exam Rank: 7

Mathematics Extension 2

Mr Z Ma

In this semester the topics covered were volumes by slicing, mechanics, harder examples of Extension 1 concepts and an introduction to motion in a circle. The current HSC rank is calculated on four assessment tasks, including the trial examination, which contribute 100% to the total HSC assessment. The grade also includes assignment work and other tests.

Eileen continues to perform competently in Mathematics Extension 2. Her recent tests and assessments show scope to improve in her application of integration skills, which underpin many topics in the course. Eileen's result in the trial examination is outstanding, reflecting a thorough approach to study throughout the period leading up to the examination block. To successfully prepare for the HSC examination, Eileen should attempt all sections of each past HSC paper in examination conditions, identifying any standard methods that are not yet fully familiar. During corrections, she should pay close attention to how the solutions are set out, and subsequently seek out similar questions for further practice. I look forward to helping Eileen in this pursuit.

Grade: A Exam Mark: 88 HSC Rank: 5 Exam Rank: 3

Ascham School
Semester 2 Report, 2019
Eileen Li

Chemistry

Mr M Thompson

During this reporting period we studied the module Organic Chemistry which focused on the structure and properties of organic compounds. We then worked on the Applying Chemical Ideas module which investigates the identification and analysis of chemicals. The grade and HSC rank are based on HSC assessment tasks, which have now been completed.

Eileen continued to work with commitment and determination this semester. Her assignments are always thorough and well organised and show that her mastery of the work is secure. Her result in the depth study open book test was solid but not quite to her usual standard. Her research was thorough and her summary was impressive but perhaps this format of test did not suit her. Eileen's trial examination paper was impressive with only minor errors. Questions involving calculations were a strength and she gave well organised and detailed answers for the long response questions scoring close to full marks. Eileen now needs to complete the remaining course work to the same standard and make the same excellent effort to revise in preparation for the HSC. Eileen has been a wonderful class member and a pleasure to work with.

No. of Candidates: 30

Grade: A Exam Mark: 91 HSC Rank: 4 Exam Rank: 4

Economics

Mrs A Brockhoff

Students have examined four topics: the Global Economy, Australia's place in the Global Economy, Economic Issues and Economic Policies. The assessment grade and current HSC rank are based on 70% of the total HSC school assessment. Any illness/misadventure appeal for this course will be determined on completion of the final task.

Eileen has continued to work extremely hard and has made excellent progress in Economics over the semester. She is a highly focused and self-disciplined student who completes all components of her work with the greatest of care and detail. Her performance in her assessment tasks shows her excellent grasp of challenging economic concepts. She is working to fine tune her time management in assessment tasks as she ran out of time to write a comprehensive essay in task two. In the trial examination she received full marks in the short answer responses showing her ability to interpret questions and answer them in a sophisticated and comprehensive manner. Her extended responses on fiscal policy were well supported by relevant examples and statistics and her exchange rates essay whilst very comprehensive needed the inclusion of more theory and a broader range of examples. It has been a pleasure having such a
