

BARRENJOEY HIGH SCHOOL

HSC Yearly Report 2021

This report reflects a student's progress throughout Year 12, marking their final cumulative assessment results for their Higher School Certificate courses. It is a valuable tool for assessing progress, monitoring improvement and commenting on effort and application. This report assists a pupil in plotting a course of study for their final external HSC examinations. Furthermore, it displays a student's measurable level of dedication as they move beyond secondary schooling.

For this final report, your GPA will be calculated using the achievement grades for English and your next best eight HSC units. You will also be provided with the average GPA of your cohort (year group).

Benjamin RITCHIE

Year 12 Yearly Report 2021

During this reporting period, Benjamin RITCHIE has studied the following subjects and achieved the corresponding grades:

Course	Overall Grade
English Advanced - HSC	A
Chemistry - HSC	A
Mathematics Advanced - HSC	A
Mathematics Extension 1 - HSC	A
Physics - HSC	A
Science Extension - HSC	A

Where applicable, VET Grades are for the calculation of a school GPA only. See course page for competency achievement

Grade Descriptors

- A - Outstanding: The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can demonstrate this through a variety of methods.
- B - High: The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
- C - Sound: The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
- D - Basic: The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.
- E - Limited: The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE **Class:** 12EA02
Subject: English Advanced - HSC **Teacher:** Mr Sam Ferris

Overall Achievement **Outstanding** **Final HSC Rank** **4/39**

Areas of Learning	Outstanding	High	Sound	Basic	Limited
independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure		✓			
strategically adapts and applies knowledge, skills and understanding of language concepts and literary devices in new and different contexts		✓			
thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments	✓				
explains and evaluates nuanced cultural assumptions and values in texts and their effects on meaning		✓			
reflects on, evaluates and monitors own learning and refines individual and collaborative processes as an independent learner	✓				

Teacher Comment

Benjamin should be commended on his unwavering commitment to the Advanced English course. His dedication was reflected in the excellent results he achieved across all components of the trial examination. His critical essays, especially, demonstrate an ability to analyse the set texts and create insightful arguments. Ben must harness this potential and work conscientiously to create a fluent and logical structure in his written expression, whilst fortifying his theses for each Module. Rather than relying on his brilliant flair for improvised writing, Ben is encouraged to plan each piece, map his arguments and rehearse his examination strategies numerous times prior to the HSC examinations. Ben is also encouraged to practice sustaining his arguments with plentiful and detailed textual evidence, especially while composing responses under timed examination conditions, to ensure his writing is sophisticated and cohesive.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE

Class: 12CH01

Subject: Chemistry - HSC

Teacher: Mrs Milena Driscoll

Overall Achievement

Outstanding

Final HSC Rank

1/10

Areas of Learning	Outstanding	High	Sound	Basic	Limited
conducts investigations to collect valid and reliable primary and secondary data and information	✓				
analyses and evaluates primary and secondary data and information	✓				
solves scientific problems using primary and secondary data, critical thinking skills and scientific processes	✓				
explains the characteristics of equilibrium systems, and the factors that affect these systems	✓				
describes, explains and quantitatively analyses acids and bases using contemporary models	✓				
analyses the structure of, and predicts reactions involving, carbon compounds	✓				
describes and evaluates chemical systems used to design and analyse chemical processes	✓				

Teacher Comment

Benjamin has demonstrated his skill and extensive understanding in Chemistry by achieving an outstanding Trial HSC examination result. Benjamin works hard and deserves to be congratulated on his wonderful performance. His commitment has been consistently strong and now he has to maintain his momentum in the lead up to his final HSC examination. Benjamin should continue to fine tune his study notes and practise as many past HSC questions, including multiple choice and extended response questions to ensure he has every opportunity to achieve a Band 6 in Chemistry. It has been a great pleasure teaching Benjamin and I wish him every success with his future goals and aspirations.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE **Class:** 12MA1
Subject: Mathematics Advanced - HSC **Teacher:** Mr David Pidd

Overall Achievement **Outstanding** **Final HSC Rank** **1/15**

Areas of Learning	Outstanding	High	Sound	Basic	Limited
applies the concepts and techniques of mathematical series to solve problems involving financial mathematics and other areas of mathematics	✓				
uses the concepts and techniques of trigonometry in the solution of equations and problems involving geometric shapes	✓				
analyses and describes mathematical concepts and communicates ideas clearly	✓				
uses the concepts of functions and relations to model, analyse and solve practical problems			✓		
applies the concepts and techniques of differential and integral calculus to solve a variety of problems	✓				
solves problems involving probability (including discrete and continuous probability distributions) and analyses both bivariate and single variable data in order to solve practical problems	✓				

Teacher Comment

Benjamin is a delightful pupil who should be very pleased with his progress to this challenging HSC course. In class he has a studious and thorough approach to his work. With an appreciation of his level of competence and continuation of his mature and hard working attitude, Benjamin is well suited for his upcoming HSC examination. Congratulations on completing a very challenging course.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE **Class:** 12MAX1
Subject: Mathematics Extension 1 - HSC **Teacher:** Mr David Pidd

Overall Achievement **Outstanding** **Final HSC Rank** **1/8**

Areas of Learning	Outstanding	High	Sound	Basic	Limited
applies techniques involving proof or calculus to model and solve problems			✓		
applies concepts and techniques of inverse trigonometric functions and simplifying expressions involving compound angles in the solution of problems				✓	
applies concepts and techniques involving vectors and projectiles to solve problems	✓				
uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution				✓	
applies appropriate statistical processes to present, analyse and interpret data	✓				

Teacher Comment

Benjamin has continued to master new concepts in the Advanced and Extension 1 courses. He stays up to date with a challenging and heavy workload and asks meaningful questions in the classroom. He is commended on being a respectful, hardworking and innovative student. Congratulations on completing Extension 1 Mathematics.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE

Class: 12PH01

Subject: Physics - HSC

Teacher: Ms Louisa Attard

Overall Achievement

Outstanding

Final HSC Rank

1/11

Areas of Learning	Outstanding	High	Sound	Basic	Limited
conducts investigations to collect valid and reliable primary and secondary data and information	✓				
analyses and evaluates primary and secondary data and information		✓			
solves scientific problems using primary and secondary data, critical thinking skills and scientific processes		✓			
communicates scientific understanding using suitable language and terminology for a specific audience or purpose	✓				
explains and analyses the evidence supporting the relationship between astronomical events and the nucleosynthesis of atoms and relates these to the development of the current model of the atom	✓				

Teacher Comment

Benjamin is an extremely able and enthusiastic member of the class who takes a keen interest in Physics and appears to enjoy all aspects of the work. Throughout the year he was determined to understand and did not give up until he mastered the concept. Benjamin is to be congratulated on his outstanding Research Task submission on Nucleosynthesis. He should be proud of his consistent and unwavering efforts this year and will need to continue this momentum practising past HSC questions in preparation for his final examination. It has been a pleasure teaching Benjamin and I look forward to hearing about his future successes.

Barrenjoey High School

Semester 2, 2021

Name: Benjamin RITCHIE

Class: 12SciEX1

Subject: Science Extension - HSC

Teacher: Mrs Milena Driscoll

Overall Achievement

Outstanding

Final HSC Rank

1/2

Areas of Learning	Outstanding	High	Sound	Basic	Limited
refines and applies the Working Scientifically processes in relation to scientific research	✓				
analyses historic and cultural observations, ethical considerations and philosophical arguments involved in the development of scientific knowledge and scientific methods of inquiry		✓			
interrogates relevant and valid peer-reviewed scientific research to develop a scientific research question, hypothesis, proposal and plan	✓				
uses statistical applications, mathematical processes and/or modelling to gather, process, analyse and represent reliable and valid datasets		✓			
analyses and applies the processes used in reliable and valid scientific research to solve complex scientific problems and inform further research	✓				
analyses and reports on a contemporary issue or an application of science informed by either primary or secondary-sourced data, or both, in relation to relevant publicly available data sets	✓				
communicates analysis of an argument or conclusion incorporating appropriate scientific language and referencing techniques in a scientific report		✓			

Teacher Comment

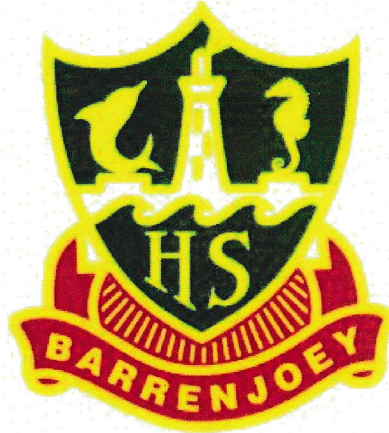

Benjamin is an exceptionally motivated and high achieving student who has effectively utilised his natural curiosity in the Sciences to produce a Scientific paper worthy of publication. Benjamin has exceeded the expectations of this course with his research report. Benjamin sought out to answer his question of "What proportion of asteroid mining missions are environmentally beneficial?" and effectively processed data to draw valid and relevant conclusions. Benjamin collaborated with scientists on his project and gained an expert level of understanding in the field of Asteroid Mining. In preparation for his final HSC examinations, Benjamin should refine his study notes and practise all the available past HSC questions. Benjamin has great potential and I am very excited to hear the wonderful things he achieves. He is a real inspiration and it has been an absolute pleasure teaching Benjamin. Congratulations Benjamin!

BARRENJOEY HIGH SCHOOL

HSC Yearly Report 2020

This academic report reflects your child's progress over the course of this year and as such is a valuable tool in assessing progress as well as monitoring improvement. A report allows students, parents and teachers the opportunity to discuss and plan a 'way forward', a deliberate plan to recognise success and strive for improvement. Furthermore, this report forms the platform for two unique initiatives in Barrenjoey's focus on 'individualised learning'.

1. The GPA: Your overall achievement grades will generate your current Grade Point Average or GPA. You will also be provided with the average GPA of your cohort (year group). This acts as a reference point for comparison with your peers. Over time, the progress of your GPA also allows you to monitor your academic development.

2. Report feedback: All students will engage in report interviews, allowing them to reflect on their achievements and to create goals and strategies with senior staff members. These are then recorded for future use in their individual learning plan. All students from year 7 to 12 follow this important process twice per year.

The Report and associated initiatives promote a student's awareness in the learning cycle, ownership of their results while planning for the future. They are great examples of the level of individual attention we provide our students at every stage of their school life.

Benjamin RITCHIE

HSC Yearly Report 2020

During this reporting period, Benjamin RITCHIE has studied the following subjects and achieved the corresponding grades:

Course	Overall Grade
Business Studies - HSC	A

Grade Descriptors

- A - Outstanding: The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can demonstrate this through a variety of methods.
- B - High: The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
- C - Sound: The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
- D - Basic: The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.
- E - Limited: The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.

Barrenjoey High School

Semester 2, 2020

Name: Benjamin RITCHIE **Class:** 11XBSAccel01
Subject: Business Studies - HSC **Teacher:** Mrs Kerry Mcewan

Overall Achievement **Outstanding** **Final HSC Rank** 2/36

Areas of Learning	Outstanding	High	Sound	Basic	Limited
Critically analyses the role of business in Australia and globally		✓			
Evaluates management strategies in response to changes in internal and external influences	✓				
Discusses the social and ethical responsibilities of management	✓				
Analyses business functions and processes in large and global businesses	✓				
Explains management strategies and their impact on businesses	✓				
Evaluates the effectiveness of management in the performance of businesses		✓			
Plans and conducts investigations into contemporary business issues	✓				
Organises and evaluates information for actual and hypothetical business situations	✓				
Communicates business information, issues and concepts in appropriate formats	✓				
Applies mathematical concepts appropriately in business situations	✓				

Teacher Comment

Benjamin is an outstanding student in Business Studies. He is serious about doing well and does everything possible to make that happen. His written work is of a very high standard demonstrating both a deep knowledge and understanding of the content of the course. Ben also excels in the application of this knowledge to real and hypothetical business situations. It is hard to believe that he is an accelerated student completing this HSC subject with such a mature capability. It has been a distinct pleasure teaching Ben.
