Semester 1 Report 2021

Harry ROSS

Year 12

List of Subjects

English Advanced

Economics

Mathematics Advanced

Mathematics Extension 1

Mathematics Extension 2

Physics

Software Design and Development

Year Adviser: Chau Truong

Principal: Kathryn O'Sullivan

2021 Semester 1 Report - Year 12

Level of Achievement

Achievement Achievement Description

Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved very high levels of competence in the processes and skills and can apply these skills to new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills and can apply these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the main areas of content and has achieved a limited level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in a few areas of content and has achieved a very limited level of competence in some of the processes and skills.

NBSC Manly Campus can provide written information, following parent application, showing your child's achievement compared to his or her peer group at our school. This information shows the number of students in each of the five achievement levels based on the "Overall Level of Achievement" for each subject.

2021 Semester 1 Report - Year 12

English Advanced

Name: Harry ROSS

Class: 12ENAF2

Teacher: Kate Munro

Comment on Progress

Harry has performed solidly in English Advanced this semester. He has demonstrated effective time management through the drafting process and is focused on consolidating his written structure through seeking and applying feedback. Harry's ability to synthesise ideas and support them with relevant textual detail in different text types needs further work. Contributing to class discussions more frequently would assist him in further refining his conceptual ideas before committing them to writing. With regular revision, Harry should continue to improve his results.

Learning Outcomes

Outcomes	O	H	S	B	L
A student independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure.		✓			
A student uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.		✓			
A student critically analyses and uses language forms, features and structures of texts justifying appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning.		✓			
A student thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments.		✓			
A student investigates and evaluates the relationships between texts.		✓			
A student evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Economics

Name: Harry ROSS
Class: 12ECOB4
Teacher: Stephanie Foy

Comment on Progress

Harry is a capable student who has shown interest in Economics. His assessment results and classwork reflect a good understanding of course content. To improve, Harry should apply more detail in his written work and take care when answering multiple choice questions. He is also encouraged to seek assistance in class and regularly revise class notes in preparation for future tasks.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies economic terms, concepts and relationships in appropriate contexts.		✓			
Analyses the impact of contemporary economic issues on the Australian and global economies.		✓			
Organises relevant economic information and ideas into appropriate forms within set timeframes.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Advanced

Name: Harry ROSS

Class: 12MAE3

Teacher: Chris Dendle

Comment on Progress

Harry is a capable student who grasps new concepts readily. Although his effort in class is not always consistent, he has acquired strong problem-solving skills which have helped him succeed in this subject. Harry has obtained excellent results in his assessments overall, for which he should be congratulated. He could improve even further by completing more of the assigned exercises and by reviewing the harder problems in the Integration topic. With more consistent effort, Harry has the ability to achieve all outcomes at the highest level next semester.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies calculus techniques to model and solve problems.	✓				
Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs.	✓				
Applies appropriate differentiation methods to solve problems.	✓				
Applies the concepts and techniques of indefinite and definite integrals in the solution of problems.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Extension 1

Name: Harry ROSS
Class: 12MAX1B8
Teacher: Philippa Blamires

Comment on Progress

Harry is a hard working, dedicated student who should be congratulated for his efforts this semester. He has demonstrated a high degree of mastery of the content studied. To improve further, Harry is encouraged to seek out harder problems in all areas to enhance his ability to answer challenging and multifaceted examination questions.

Learning Outcomes

Outcomes	O	H	S	B	L
Applies techniques involving proof or calculus to model and solve problems.	✓				
Applies concepts and techniques involving vectors to solve problems.			✓		
Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations.	✓				
Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Mathematics Extension 2

Name: Harry ROSS
Class: 12MAX2B9
Teacher: Marjan Novotni

Comment on Progress

Harry has worked well this semester in Mathematics Extension 2 to maintain a high level of performance. He is a mature and motivated student who listens well to explanations. Harry's examination result indicates that he has gained a good understanding of the course contents. A regular revision program on HSC examination style questions would assist him in further improving his results and achieving at an outstanding level next semester.

Learning Outcomes

Outcomes	O	H	S	B	L
Chooses appropriate strategies to construct arguments and proofs in both practical and abstract settings.		✓			
Uses the relationship between algebraic and geometric representations of complex numbers and complex number techniques to prove results, model and solve problems.		✓			
Communicates and justifies abstract ideas and relationships using appropriate language, notation and logical argument.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Physics

Name: Harry ROSS
Class: 12PHYSB1
Teacher: Richard Crooks

Comment on Progress

Harry is an interested and capable student who has worked steadily to achieve these results. He works well both independently and as a member of a team and he is an active participant in first hand investigations. Harry is encouraged to seek assistance more often in class and participate in discussions to help deepen his understanding of subject material. With completion of syllabus summaries, thorough revision of all topics and practice of examination style questions, Harry should improve his grades.

Learning Outcomes

Outcomes	O	H	S	B	L
Analyses primary data to qualitatively and quantitatively describe the motion of projectiles.		✓			
Explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively.		✓			
Conducts investigations to collect valid and reliable secondary data and effectively communicates scientific understanding using suitable language and terminology.		✓			
Analyses and evaluates quantitative primary data represented in graphical and tabular forms to draw valid conclusions.			✓		
Describes and explains circular motion, motion of particles in gravitational fields as well as electromagnetic interactions as they apply to technological applications.		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Overall Achievement

Outstanding	High	Sound	Basic	Limited
-------------	------	-------	-------	---------

2021 Semester 1 Report - Year 12

Software Design and Development

Name: Harry ROSS
Class: 12SDDA5
Teacher: Branko Goykovic

Comment on Progress

Harry is an exceptionally talented student who has demonstrated an enthusiastic attitude towards this course. His recent topic test mark reflects his excellent examination technique and with continued application to his studies he should continue to build upon his already substantial foundations. Harry is to be congratulated on his fine performance this semester.

Learning Outcomes

Outcomes	O	H	S	B	L
Describes various methods used to construct software solutions and how a computer system stores data.	✓				
Describes the development of different language types and their relationship to emerging technologies.	✓				
Identifies and evaluates legal, social and ethical issues in a range of contexts.	✓				
Identifies, applies and evaluates various modular approaches to software problems.	✓				

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited
