The following table provides an explanation of the grades used in the assessment of student achievement.

Achievement	Grade	Achievement Description
Outstanding	A	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.
High	B	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
Sound	C	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	D	The student has a basic knowledge and understanding of the content and has achieved a basic level of competence in the processes and skills.
Limited	E	The student has an elementary knowledge and understanding in a few areas of the content and has achieved a very limited competence in some of the processes and skills.

Rankings

Teacher Comment

Siri Chandana is a driven student in ACC who has demonstrated a commendable work ethic this semester. She consistently participated in the course activities designed to prepare students for the HSC Examinations and beyond. Siri Chandana applied research on how to effectively prepare for examinations. She is encouraged to continue using study strategies to maximise her performance in the upcoming HSC Examinations.

Teacher Comment

Siri Chandana has continued to be a keen English Advanced student and has consistently contributed her insightful ideas to class discussions. Throughout the Higher School Certificate year, she has consistently completed classwork and assessment tasks to a high standard. Siri Chandana's conscientious approach to her studies has resulted in some excellent results in the Trial HSC Examinations. Her writing demonstrates strong analytical skills, insightful ideas and time management. Siri Chandana should work on maintaining her motivation and legible handwriting in the lead up to the final exams. She is commended on her hard work and dedicated approach to academic studies and is wished well in her future endeavours.

Teacher Comment

Siri Chandana is a diligent student who has demonstrated an extensive level of knowledge and understanding in most aspects of the course. She is able to successfully analyse and solve high level problems involving differential equations. Siri Chandana applies knowledge of vectors to solve most projectile motion problems and prove many geometrical properties of numerous shapes. She has demonstrated her ability to apply calculus to determine volumes of solids and use appropriate substitution when integrating complex functions. Further study of vectors leading into the HSC is recommended. Completion of past HSC and trial papers should be beneficial.

Teacher Comment

Siri Chandana is a conscientious student who has demonstrated an outstanding level of knowledge and understanding in all aspects of the course. She is able to successfully analyse data and draw in-depth conclusions using statistical methods. Siri Chandana applies knowledge of series to investigate challenging financial problems, including annuities and loans. She has demonstrated her ability to apply calculus to determine areas under curves. Optimisation questions, requiring differentiation, have been investigated successfully. Completion of past HSC and trial papers should be beneficial.

Teacher Comment

Siri Chandana applied herself diligently in all class activities in Biology. She is hardworking and enthusiastic in her approach to her learning. In the Data Analysis Task, she achieved an outstanding result by extensively communicating her understanding of biological concepts using suitable scientific language and terminology. Siri Chandana's Trial HSC Examination responses demonstrated an extensive level of analysis of DNA, the mechanisms of inheritance and reproduction. To improve her scientific literacy and content knowledge for the HSC Examinations, Siri Chandana is advised to continue to revise her work thoroughly and to focus on planning higher-order verb responses before writing them.

Teacher Comment

Siri Chandana applied herself diligently in all class activities in Chemistry. She is hardworking and enthusiastic in her approach to her learning. Over the course of the year, she has achieved a high result by thoroughly communicating her understanding of key concepts using suitable scientific language and terminology. Siri Chandana's Trial HSC Examination responses demonstrated a thorough level of skill in applying her knowledge and understanding to solving practical chemical calculations. To improve her scientific literacy and content knowledge for the HSC Examinations, Siri Chandana is advised to continue to revise her work thoroughly and to focus on planning higher-order verb responses before writing them.
