

Cronulla High School

Year 12 Progress Report

Semester 1 2019

Olivia Bulmer

Captain Cook Drive
CRONULLA NSW 2230
Telephone: 9523 4017
Fax: 9523 0909

School uniform and personal presentation: High Standard

Explained absences: 7

Unexplained absences: 1

Unexplained partial absences: 1

Key to Outcome Levels:

A : Outstanding Achievement

B : High Achievement

C : Sound Achievement

D : Basic Achievement

E : Limited Achievement

N : Non Attempt

English Advanced 12ENA1 Ms A. Breccia

Outcomes Assessed

Reading, engaging with and responding to texts.
Composing with competence in a variety of contexts.
Critical response to literature.

Levels

B
A
A

Assessment Mark 87%

Assessment Rank 9/32

Personal Profile

Completes set work in class.	Result Always
Completes set homework.	Always
Works cooperatively/independently.	Always

Comment: Olivia has performed well this year. Her ability to understand the purpose, codes and conventions of imaginative writing is of an advanced nature. She needs to continue to provide draft samples for comment prior to class and formal assessment tasks. This is important for Olivia to reach her full potential.

Community & Family Studies 12CAF1 Mrs K. Hill

Outcomes Assessed

Justifies and applies appropriate research methodologies.
Critically analyses the role of policy and community structures in diversity.
Examines how rights and responsibilities contribute to wellbeing.
Communicates ideas, debates, issues and justifies opinions.
Analyses factors that lead to specific needs of individuals and groups.

Comment: Olivia is to be commended for her excellent learning habits and the mature way in which she has undertaken her HSC. Olivia shows consistent academic qualities reflecting an interest in the content and a desire to show continuous excellence and self-improvement. Olivia should be proud of her achievements thus far in her studies. Congratulations on an outstanding result.

Mathematics 12M2U Mrs K. Lang, Mrs K. McEwan

Outcomes Assessed

Uses Differential calculus to graph functions and solve problems.
Applies techniques to solve problems involving quadratic polynomials.
Uses techniques of Integration to calculate areas and volumes.
Solves problems involving Logarithmic and Exponential Functions.
Applies appropriate techniques in the study of Trigonometric Functions.

Assessment Rank 2/24

Personal Profile

Completes set work in class.	Result Always
Completes set homework.	Always
Works cooperatively/independently.	Always

Comment: Olivia is a diligent and capable student with good commitment to this subject. Over the coming months she will need to review past topics and their key processes, and should aim to use a variety of resources in her revision in order to gain as much exposure to different types of questions as possible. It is essential that Olivia takes the time to read questions carefully, and checks through her answers to avoid careless errors.

Physics 12PHY Mr K. Brown

Outcomes Assessed

Designs and evaluates investigations to obtain data.
Conducts investigations to collect valid and reliable secondary data.
Solves scientific problems using secondary data and critical thinking skills.
Communicates using scientific language and reporting styles.

Assessment Mark 88%

Assessment Rank 2/7

Personal Profile

Completes set work in class.	Result Always
Completes set homework.	Always
Works cooperatively/independently.	Always

Comment: Olivia shows a keen desire to succeed and makes a conscientious effort to catch up on any work missed due to absence. Her positive attitude and hard work have been reflected in both assessment results this semester, where she has achieved marks near the top of the class. I encourage Olivia to extend herself with additional home revision, leading into Semester Two.

Outcomes Assessed

Examines the nature and extent of the Australian food industry.
Evaluates the impact organisations within the Australian food industry.
Investigates operations of an organisation in the Australian food industry.
Explains processes used in the production of food products.
Applies principles of food preservation.

Comment: Olivia has demonstrated a comprehensive understanding of the course content and concepts, due to her exceptional diligence and appreciation towards her studies. This is evident in her outstanding course assessment mark this semester, obtaining full marks in all written components of the assessment tasks. With a sustained level of application and maturity, Olivia will see outstanding results in the HSC examination. Well done!

Mr T. Ibrahim (Principal)
