2023 Half Yearly Year 12

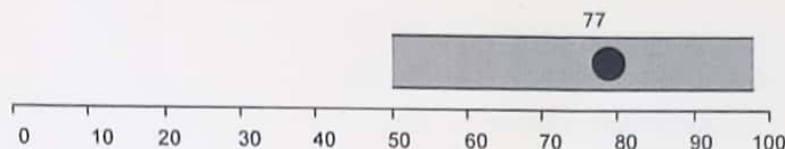

Student: Ajay Pratap Gakhal

Teacher: M. Thoms

Assessment Mark 77/100

Assessment Average 78/100

Assessment Rank 80/138

Learning Outcomes: A student

	O	H	S	B	L
independently responds to, composes and evaluates a range of complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure		✓			
uses, evaluates and justifies processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies		✓			
critically analyses and uses language forms and features of texts justifying aptness for specific purposes and contexts to assess effects on meaning		✓			
strategically adapts and applies knowledge, skills and understanding of language concepts and literary devices in new and different contexts		✓			
thinks imaginatively, creatively, interpretively, critically and discerningly to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments		✓			
investigates and evaluates the relationships between texts		✓			
evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions	✓				Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork	✓				Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

Ajay is a mature and conscientious student who approaches his study of Advanced English with a positive attitude. In preparation for the final Higher School Certificate examinations, Ajay should focus on developing his ability to sustain an essay argument and responding to all elements of the question. Overall, Ajay is encouraged to start writing practice responses in order to fine-tune essay preparation and build his critical analysis skills.

2023 Half Yearly Year 12

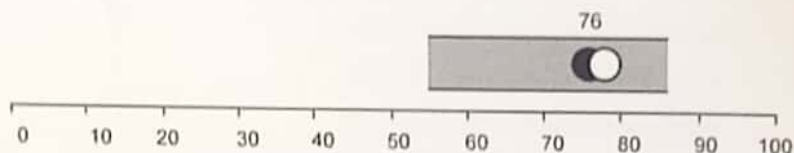

Student: Ajay Pratap Gakhal

Teacher: J. Gould

Assessment Mark 76/100

Assessment Average 74/100

Assessment Rank 3/6

Learning Outcomes: A student

	O	H	S	B	L
demonstrates proficiency in the use of mathematical, scientific and graphical methods to analyse and solve problems of engineering practice		✓			
uses appropriate written, oral and presentation skills in the preparation of detailed engineering reports		✓			
develops and uses specialised techniques in the application of graphics as a communication tool			✓		
applies knowledge of history and technological change to engineering- based problems		✓			
works individually and in teams to solve specific engineering problems and in the preparation of engineering reports		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions	✓				Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork		✓			Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

A capable and enthusiastic student, Ajay, has applied a steady and consistent effort to develop an understanding of concepts and skills in this course. He is able to apply this knowledge to classwork and produce quality learning outcomes which reflect a good understanding of content. His application to and positive, productive engagement in, all set tasks underpins his responsible attitude to learning. Ajay is encouraged to practice past papers in preparation for the Higher School Certificate examination.

Mathematics Extension 1

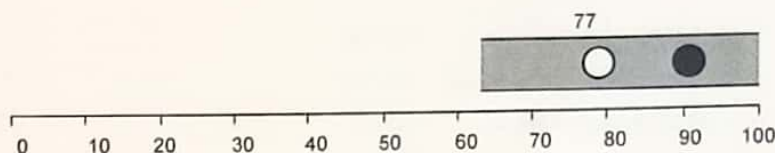

2023 Half Yearly Year 12

Student: Ajay Pratap Gakhal

Teacher: J. Hurley

Assessment Mark 77/100
Assessment Average 90/100
Assessment Rank 76/118

Learning Outcomes: A student

	O	H	S	B	L
applies techniques involving proof or calculus to model and solve problems			✓		
applies concepts and techniques involving vectors and projectiles to solve problems		✓			
applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations			✓		
uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution	✓				
evaluates and justifies conclusions, communicating a position clearly in appropriate mathematical forms		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions	✓				Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork	✓				Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

Ajay is making solid progress in Extension 1 Mathematics. He has a fair understanding of most of the topics which have been covered in this course so far. However, Ajay would benefit from further work in some areas, including sums to products in trigonometry as well as harder vector proofs. He would also benefit from cutting down on silly mistakes.

This report is issued without alteration or erasure

Mathematics Extension 2

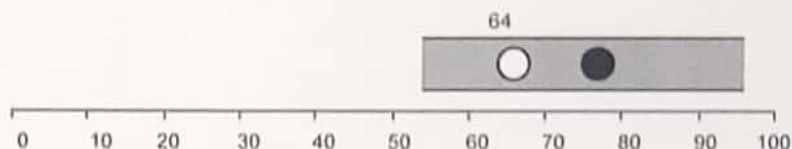

2023 Half Yearly Year 12

Student: Ajay Pratap Gakhal

Teacher: J. Hurley

Assessment Mark 64/100
Assessment Average 75/100
Assessment Rank 53/60

Learning Outcomes: A student

	O	H	S	B	L
understands and uses different representations of numbers and functions to model, prove results and find solutions to problems in a variety of contexts		✓			
chooses appropriate strategies to construct arguments and proofs in both practical and abstract settings		✓			
uses the relationship between algebraic and geometric representations of complex numbers and complex number techniques to prove results, model and solve problems				✓	
applies various mathematical techniques and concepts to model and solve structured, unstructured and multi-step problems		✓			
communicates and justifies abstract ideas and relationships using appropriate language, notation and logical argument		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions	✓				Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork	✓				Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

Ajay is making reasonable progress in Extension 2 Mathematics. He has a firm grasp of most of the aspects of Mathematics which have been studied in this course so far. However, Ajay would benefit from extra work in some areas, including the complex roots of unity, curves and regions in the complex plane and harder aspects of complex numbers as vectors. Ajay would also benefit from further work involving divisibility proofs and proofs involving the arithmetic and geometric mean.

Personal Development, Health and Physical Education

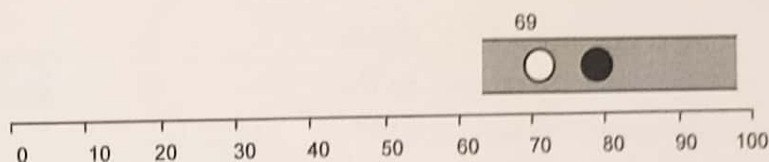

2023 Half Yearly Year 12

Student: Ajay Pratap Gakhal

Teacher: D. Wheatley

Assessment Mark 69/100
Assessment Average 77/100
Assessment Rank 21/24

Learning Outcomes: A student

	O	H	S	B	L
describes the nature and justifies the choice of Australia's health priorities			✓		
explains relationship between physiology and movement potential and how a variety of training approaches and other interventions enhance performance and safety in physical activity		✓			
analyses and explains the health status of Australians in terms of current trends and groups most at risk			✓		
critically analyses key issues affecting the health of Australians and proposes ways of working towards better health for all			✓		
designs psychological strategies and nutritional plans in response to individual performance needs		✓			
devises methods of gathering, interpreting and communicating information about health and physical activity concepts			✓		

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions			✓		Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork			✓		Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

Ajay is a capable student who has worked satisfactorily throughout the semester. He has a good writing style and reinforces his responses with relevant examples. However, when comparing the two major assessment tasks, it is noticeable that Ajay's results have fallen. It is important that Ajay maintain a consistent study regime and regularly practice questions for feedback.

Physics

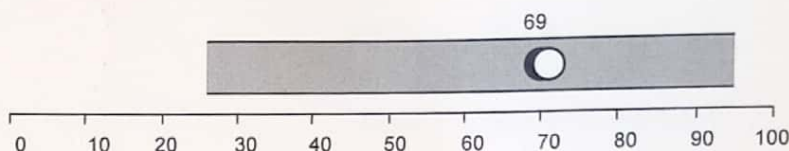

2023 Half Yearly Year 12

Student: Ajay Pratap Gakhal

Teacher: R. Kaur

Assessment Mark 69/100
Assessment Average 69/100
Assessment Rank 27/58

Learning Outcomes: A student	O	H	S	B	L
explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively			✓		
designs and conducts investigations to collect primary and secondary data and information, and analyses and evaluates the data and information		✓			
communicates scientific understanding using suitable language and terminology for a specific audience or purpose		✓			
solves scientific problems using primary and secondary data, critical thinking skills and scientific processes		✓			

O = Outstanding, H = High, S = Sound, B = Basic, L = Limited

Student Profile

Area	A	O	S	R	Area	A	O	S	R
Participates positively in class activities and discussions	✓				Meets deadlines for homework and assessment tasks	✓			
Well organised and brings the required equipment to class	✓				Works cooperatively with peers and teaching staff	✓			
Completes set classwork	✓				Shows respect and courtesy towards others	✓			

A = Always, O = Often, S = Sometimes, R = Rarely

Teacher Comment

Ajay is commended to have shown a significant improvement this semester. He communicated his understanding of scientific skills in the Skills Task well, especially while analysing data, however, he needs to ensure a correct use of scientific terminology and language. Unfortunately, his performance in the Topic Test was unsatisfactory which indicates that he needs to review the concepts from Module 6 thoroughly. Regular practice of exam style questions and then incorporating teacher feedback in his future work is also crucial for further improvement.
