Explanation of Reports

Below is an explanation of the information presented in the Preliminary HSC Course Academic Report. If you have any further questions regarding the information presented, please contact the College.

Course Mark Graphic

This graphic gives information regarding the student's course mark, course average and relative position within the course for the **Preliminary HSC Course**. In the example below:

- The student's Preliminary HSC course mark is 68 (represented by the number)
- The Preliminary HSC course average is 62 (represented by the solid black circle)
- The highest Preliminary HSC course mark awarded was 95 (represented by the right edge of the solid red bar)
- The lowest Preliminary HSC course mark awarded was 19 (represented by the left edge of the solid red bar).

Rank

This is the current student rank for that particular Preliminary course based on all the assessment tasks undertaken.

Outcomes Assessed

This is the level of achievement of some of the course outcomes which have been assessed in the Preliminary course.

Teacher Comment

This provides the teacher the opportunity to make an individual comment on aspects of your son's performance in the class.

VET Courses

If your son studies a VET course at the College, he will receive a one page report which will indicate his level of achievement for each of the VET competencies he has been enrolled in for this year.

External Courses

If your son studies a T-VET course or a course with an external provider, he will receive a separate report form the institution which delivers the course.

Should you wish to discuss any aspect of this report, please contact the College on 92350500 to arrange a meeting with the teacher or the Leader of Learning.

St Mary's Cathedral College, Sydney

Preliminary HSC Course, 2018

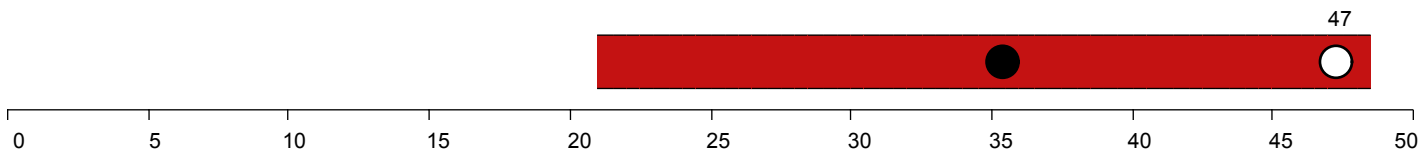

Studies of Religion 1

Student: Anthony Haddad

Teacher: Ms C. Lewis

						Student Rank	2/50
--	--	--	--	--	--	---------------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Describes and outlines the characteristics of religion and belief systems.	✓				
Outline and analyse the principal aspects of Judaism.	✓				
Effectively communicates information, ideas and concepts related to religious traditions and belief systems.	✓				

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony has achieved excellent marks in Studies of Religion I this year. He has worked diligently on all assessment tasks. In order to further improve his results, Anthony should practise writing unseen essay questions under examination conditions. This should allow him to better demonstrate the depth of his understanding.

Preliminary HSC Course, 2018

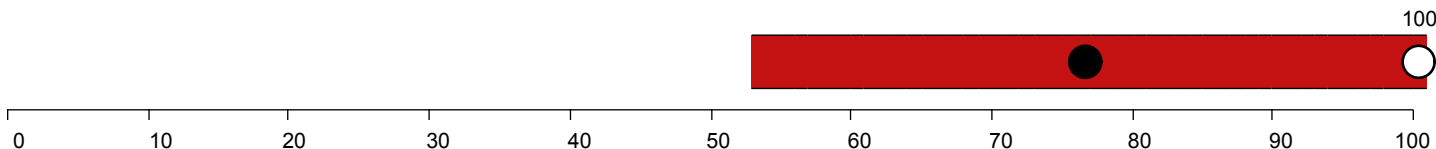

English (Advanced)

Student: Anthony Haddad

Teacher: Ms A. Bosnich

						Awards Rank	1/66
--	--	--	--	--	--	-------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Thinks imaginatively, creatively, interpretively and critically to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments	✓				

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony has achieved full marks for all of his assessment in the Preliminary Advanced English course. An exceptional result that reflects the hard work and diligence that Anthony applies to all aspects of this course. It is pleasing to see how much more confident Anthony is in his verbal contributions to class discussions.

Preliminary HSC Course, 2018

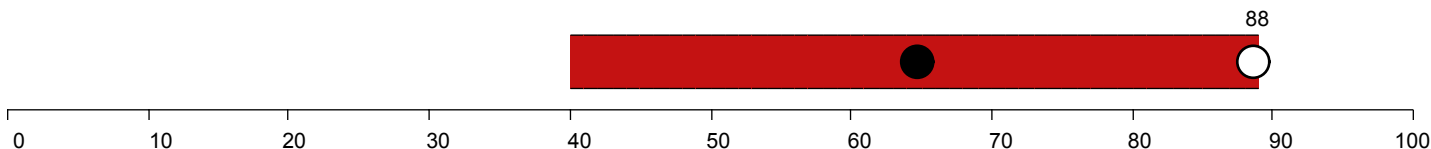

Chemistry

Student: Anthony Haddad

Teacher: Ms D. van der Meer

						Student Rank	1/29
--	--	--	--	--	--	---------------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Uses scientific terminology appropriately and successfully to communicate knowledge and understanding	✓				
Solves scientific problems using primary and secondary data, critical thinking skills and scientific processes		✓			
Designs, conducts and evaluates investigations to collect and report valid and reliable primary and secondary data and information	✓				
Selects and processes appropriate qualitative and quantitative data and information; and communicates understanding using suitable language and terminology	✓				

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony has applied himself very well this year in Chemistry, approaching his studies with diligence and enthusiasm. He has been actively engaged in his learning, contributing in a positive manner to the collaborative learning environment of the classroom. He prepared thoroughly for the final examination and completed high quality Research and Depth Study Tasks.

Preliminary HSC Course, 2018

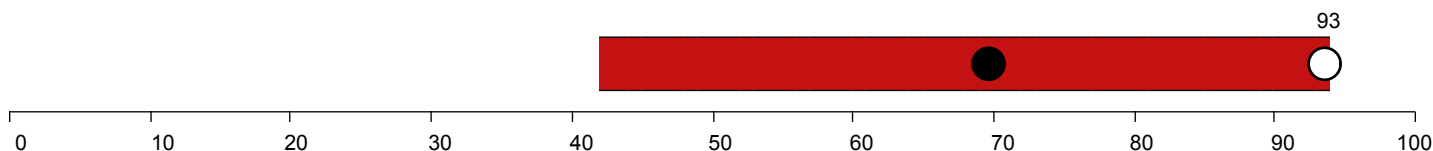

Economics

Student: Anthony Haddad

Teacher: Mrs N. Devenish

						Student Rank	1/13
--	--	--	--	--	--	---------------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Identifies contemporary economic issues and problems facing all sectors of the economy	✓				
Selects and organises information from a variety of sources	✓				
Explains the role of individuals, firms and government in an economy	✓				
Describes, explains and evaluates the role and operation of markets	✓				
Applies the appropriate terminology, concepts and theories in economic contexts	✓				

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony is an excellent student who has continually worked to make improvements in all aspects of the subject. His course results reflect the time and effort allocated to each of the assessment tasks. Anthony's challenge is to seek out opportunities for improvement throughout the HSC course. This must include maintaining a sound understanding of current domestic and international economic issues.

Preliminary HSC Course, 2018

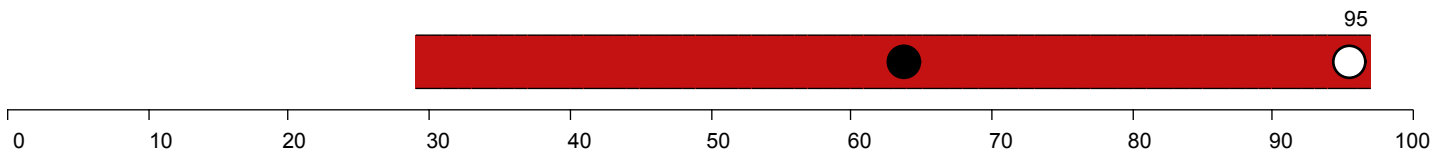

Mathematics

Student: Anthony Haddad

Teacher: Mr C. Dinh

						Student Rank	2/61
--	--	--	--	--	--	---------------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Use of concepts, skills and techniques to solve mathematical problems in a wide range of theoretical and practical contexts.	✓				
Application of reasoning and communication in appropriate forms to construct mathematical arguments and proofs and to interpret and use mathematical models.	✓				

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony demonstrates an extensive understanding of the course concepts and is able to apply them to complex mathematical problems. However, at times, Anthony still makes simple errors in his calculations. His desire to gain a deep understanding of all mathematical concepts and his dedication to his study, should help ensure Anthony continues to develop his mathematical skills and their applications in the HSC course.

Preliminary HSC Course, 2018

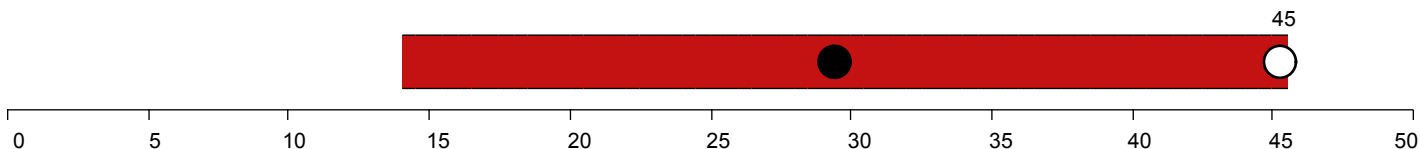

Mathematics Extension 1

Student: Anthony Haddad

Teacher: Mr C. Dinh

						Student Rank	1/29
--	--	--	--	--	--	--------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Use of concepts, skills and techniques to solve mathematical problems in a wide range of theoretical and practical contexts.	✓				
Application of reasoning and communication in appropriate forms to construct mathematical arguments and proofs and to interpret and use mathematical models.	✓				

Approaches to Learning

Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony demonstrates an extensive understanding of the course concepts and is able to apply them to problems of varying complexity. His desire to ascertain a meaning understanding of the concepts has helped him solve higher order questions.

Preliminary HSC Course, 2018

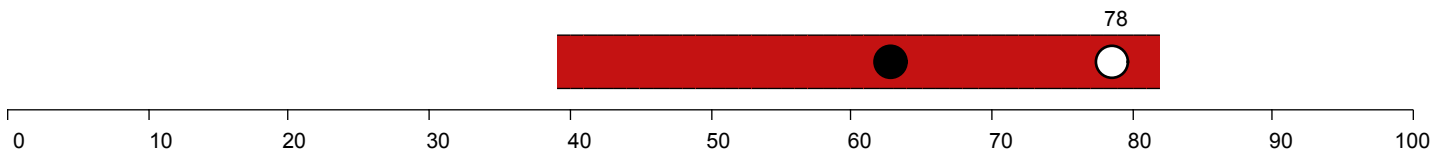

Physics

Student: Anthony Haddad

Teacher: Mr P. Vessalas

						Student Rank	2/29
--	--	--	--	--	--	---------------------	------

Course Mark

Outcomes Assessed	Excellent	High	Substantial	Satisfactory	Elementary
Uses scientific terminology appropriately and successfully to communicate knowledge and understanding			✓		
Solves scientific problems using primary and secondary data, critical thinking skills and scientific processes	✓				
Designs, conducts and evaluates investigations to collect and report valid and reliable primary and secondary data and information			✓		
Selects and processes appropriate qualitative and quantitative data and information; and communicates understanding using suitable language and terminology		✓			

Approaches to Learning	
Behaviour is appropriate in the learning environment	C
Brings required materials and is prepared for class	C
Completes homework and assignments as required	C
Participates in class learning activities and works to the best of his ability	C

C = Consistently, U = Usually, S = Sometimes, CFC = Cause for Concern

Teacher Comment

Anthony is a conscientious and diligent student. His aptitude to Physics is excellent, however, he needs to be vigilant with all assessment tasks. His exam mark showed a solid understanding and application of Physics concepts. Some recommendations include unpacking assessment tasks and answering the question comprehensively.
