

Curriculum Vitae

Thomas Neaverson

1 Toongarah Road WAVERTON NSW 2060
0431452899 tjneaverson@gmail.com
Gender: Male
Date of Birth: 23 January 2002
Nationality: Australian

Objective:

My immediate objective is to undertake a double degree: Bachelor of Engineering Honours/ Bachelor of Commerce at the University of Sydney. I would like to grasp opportunities that allow me to further foster my passion and motivation in these areas and develop extensive leadership skills and networks. With this combination, I strive to gain experience that will allow me to gain employment in a highly valued industry.

Key Skills and Attributes:

Pays attention to detail, conscientious;
Neat, organised and punctual;
Good communicator;
Demonstrates initiative;
Strong problem solver;
Demonstrates responsibility;
Highly self-motivation;
Experienced team leader;
Strong computer skills;
Well developed interpersonal skills.

Education:

2012 - Present: St. Ignatius' College, Riverview;
2007 - 2011: St. Mary's Primary School, North Sydney.

School Awards and Achievements:

2012 - 2015 (incl): Awards for overall excellence in academic achievement;
2013: Dux of Year 6 class;
2014: Year 7 Class-captain, Debating winner, Man of the Debate, prize for Year 7 play;
2015: Prize for first place in Year 8 Technology other academic prizes for specific subjects, prize for Theatre-sports;
2016: Prize for first place in Year 9 Visual Arts, equal first place in Year 9 Science, other academic prizes for specific subjects.
2016: Gold Certificate for Excellence in Application to Studies.
2017: Proxime of Year 10
2017: Prize for first place in Year 10 Religious Education, prize for accelerated (Year 11) engineering studies, other academic prizes for specific subjects.
2018: Proxime of Year 11
2018: HSC Band Six in Accelerated Mathematics and Accelerated Engineering Studies.
2018: Prize for first place in Year 11 Chemistry, prize for Year 11 Chemistry other academic prizes for specific subjects.
2019: Prize for first place Year 12 Chemistry, other academic prizes for specific subjects.
2019: Prize for Outstanding Academic Achievement throughout high school.

Other Achievements and Leadership Positions:

2010 - 2013 (incl): Founding member of 1st North Sydney Cubs and Scouts group, cubs sixer (group leader), Scouts Assistant patrol leader, awarded more than 20 scouts skills badges and Grey Wolf Badge;
2011: Member of St. Mary's Robotics Team and made it to regional level;
2012: Achieved and awarded Scouts Grey Wolf Badge;
2016: Completed Duke of Edinburgh, Bronze Medal;
2016: Awarded Bronze Medallion in Pool Life Saving;
2016: Elected as College Peer Support Leader for 2017.
2016: Basketball MVP award.
2018: Elected as House Vice-Captain

Work Experience:

2015 - 2016: Weekly Mosman Daily newspaper delivery for News Local.
2016: Participated in school work experience program, involving me attending client presentations and meetings.
2017 - Present: Casual Employee at Bunnings Warehouse Artarmon.
2019: Mathematics and Engineering Tutor at Premier Tutors.

Short Courses:

2016: Ryde Catering Course Student Program;
2016: AFTRS Film & TV course.

History of Volunteering Work:

2014: Red Shield Appeal, Cana Farm and Lifeline Book Fair;
2015: Ashburn Retirement Home;
2016: BUPA Retirement Home, Willoughby.
2016: Meals on Wheels, North Sydney.
2017: Country Placement Service Week to Bathurst Island.
2017: Northcott inclusion program for disabled children (wildlife centre and swimming excursion).

2017: Loaves and Fishes Cafe, Exodus Foundation.

2018: Westmead Children Hospital Starlight Room

2018: Immersion to Nepal

2019: Ignatian Children's Holiday Camp

Sports:

2012: Tennis and soccer for St Ignatius' College, Riverview;

2012 - 2014: Shinbudo, PCYC North Sydney;

2013 - Present: Basketball and Rugby for St Ignatius' College, Riverview.

Referees:

Mr Scott Freidman, Director, Harris Freidman Lawyers. Ph: 0433 346 676. E: sfreidman@hflawyers.com.au

Mr Pravin Bansal, Managing Director, Premier Tutors. Ph: 0449 188 270. E: p.bansal@premiertutors.com.au

Mrs Rosanna Comastri, Head of Smith House at St Ignatius College, Riverview. Ph: (02) 9882 8320

Saint Ignatius' College Riverview

Semester One 2018

Year 11

Academic Report

Name: Thomas James Neaverson

House: Smith

Head of House: Ms M Skouras

Principal:

Dr. Paul Hine

Studies of Religion 1 Unit

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Ms A Yarak

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is receptive to and strives to understand religious ideas.		A
Engages in critical thinking, analysis and discussions about topical content.		A
Works to the best of his ability, is productive with class time, completes homework and initiates his own learning.		A
Is cooperative and shows respect to others.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Describes the characteristics of religion and belief systems.		A
Identifies the influence of religion and belief systems on individuals and society.		A
Describes the influence of religious traditions in the lives of adherents.		A
Selects and uses relevant information about religion from a variety of sources.		A
Uses appropriate terminology related to religion and belief systems.		A
Undertakes effective research about religion, making appropriate use of time and resources.		A
Effectively communicates information, ideas and issues using appropriate written and oral forms.		A

Assessment Schedule	Average	Mark / Grade
Quiz /45	33.8	38
Research/Speech /20	14.6	20

Rank: 4 / 125 **Assessment Completed: 30%** **Course Mark: 47 / 50** **Course Average: 36.8 / 50**

Thomas' understanding of course content and the application of this in formal tasks is commendable. He is well placed in the cohort and I encourage him to maintain a diligent and committed approach to his studies.

Chemistry

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr R B Stuart

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		A
Works well both independently and as a member of a group.		A
Actively engages in class activities and first hand investigations.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Bonding - What binds atoms together in chemical structures.		A

Assessment Schedule	Average	Mark / Grade
Molecular Model /16	14.1	16
In-depth Study Task - Extended Response /14	10.3	14

Rank: 1 / 49 **Assessment Completed: 45%** **Course Mark: 100 / 100** **Course Average: 80.8 / 100**

Thomas is demonstrating an excellent understanding of the concepts and content covered thus far. Whilst he willingly asks questions and applies himself in a very impressive manner in class, exposure to and practice with revision questions will enable Thomas to achieve even higher standards.

Economics

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr M T Parsons

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Completes homework regularly and to the best of his ability.		A
Is attentive and interacts well with other students in the class.		A
Is punctual to class and well prepared for lessons.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Explains the economic role of individuals, firms and government in an economy.		A
Describes and explains the role and operation of markets.		A
Explains the operations of markets.		A
Applies mathematical concepts in economic contexts.		A

Assessment Schedule	Average	Mark / Grade
Semester One Examination /60	42.9	56

Rank: 2 / 95

Assessment Completed: 40%

Course Mark: 93 / 100

Course Average: 71.4 / 100

Thomas is a very engaged student in class with a positive contribution to the learning of others. I would encourage him to continue his excellent, committed approach to his studies.

English Advanced

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mrs A W McLennan

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Shows interest, shows courtesy to all, is punctual to class, is cooperative, respects the views of others.		A
Asks questions, participates in lessons, works well with others, listens actively.		A
Completes homework and other tasks, keeps notes up to date, submits work on time.		A
Works to the best of his ability, is productive with class time, initiates his own learning.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Applies and reflects upon knowledge, skills and understanding of language concepts and literary devices.		A
Assessment Schedule	Average	Mark / Grade
Creative Response and Critical Reflection /20	14.2	17

Rank: 19 / 200 **Assessment Completed: 40%** **Course Mark: 85 / 100** **Course Average: 71.0 / 100**

Thomas is a discerning and articulate student who offers perceptive insights in class. He needs to continue to develop his reflective writing skills over the Stage 6 course.

Mathematics Extension 1

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr N H Mushan

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		B
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Chooses and applies appropriate arithmetic and algebraic techniques.		A
Understands the concept of a function and the relationship between a function and its graph.		A
Chooses and applies appropriate trigonometric techniques.		A
Solves equations and inequalities.		B

Assessment Schedule	Average	Mark / Grade
Semester One Topic Tests /60	41.3	53

Rank: 12 / 88

Assessment Completed: 40%

Course Mark: 88 / 100

Course Average: 68.8 / 100

Thomas has made solid progress this semester where his application to class work, his attention to revision and his preparation for assessment tasks have been pleasing. Now is the time to consolidate the good work done so far with continued diligence in all areas of the course.

Physics

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr M C Bentley

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		B
Works well both independently and as a member of a group.		A
Actively engages in class activities and first hand investigations.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Conducts investigations to collect valid reliable primary data, assess error in measurements and make predictions related to Dynamics of moving objects.		A

Assessment Schedule	Average	Mark / Grade
Practical Test /26	18.2	25

Rank: 3 / 45 **Assessment Completed: 45%** **Course Mark: 96 / 100** **Course Average: 70.1 / 100**

Thomas has achieved a very strong result in the recent Practical Examination. He should establish a routine of ongoing revision if he is to continue this great start.

Year 12 Engineering Studies (Accelerated HSC)

Report Period: Semester One 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr P R Wakeling

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual to class and uses the available time effectively.		A
Contributes to class discussions on a variety of topics.		A
Researches topics beyond the information presented in class.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Applies knowledge and understanding of engineering principles and developments in technology.		A
Demonstrates skills in research and problem-solving related to engineering.		A
Displays an understanding of the scope and role of engineering, including management and problem-solving.		A

Assessment Schedule	Average	Mark / Grade
Civil Structures - Engineering Report /100	88.6	100
Semester One Examination /80	56.5	67

Rank: 3 / 29

Assessment Completed: 50%

Course Mark: 90 / 100

Course Average: 77.6 / 100

Thomas' most recent half yearly examination result was evidence of the very strong work ethic he has developed over the last couple of years and he has been rewarded with achieving a very high ranking at this point in the course. Continued revision and a natural curiosity to understand some of the more difficult concepts will allow him to build on these results.

Saint Ignatius' College Riverview

Final Academic Report Year 11, 2018

Name: Thomas James Neaverson

House: Smith

Head of House: Ms M Skouras

Principal:

Dr. Paul Hine

Studies of Religion 1 Unit

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Ms A Yarak

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is receptive to and strives to understand religious ideas.		A
Engages in critical thinking, analysis and discussions about topical content.		A
Works to the best of his ability, is productive with class time, completes homework and initiates his own learning.		A
Is cooperative and shows respect to others.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Describes the characteristics of religion and belief systems.		A
Identifies the influence of religion and belief systems on individuals and society.		A
Investigates religious traditions and belief systems.		A
Examines significant aspects of religious traditions.		A
Describes the influence of religious traditions in the life of adherents.		A
Selects and uses relevant information about religion from a variety of sources.		A
Undertakes effective research about religion, making appropriate use of time and resources.		A
Uses appropriate terminology related to religion and belief systems.		A
Effectively communicates information, ideas and issues using appropriate written, oral and graphic forms.		A

Assessment Schedule	Average	Mark / Grade
Quiz /45	33.5	38
Research/Speech /20	14.5	20
Examination /30	18.9	30

Rank: 1 / 131

Course Mark: 48 / 50

Course Average: 34.1 / 50

Thomas' level of achievement is the result of a superb work ethic. He is an intelligent young man with a positive approach and a deep interest in learning.

Chemistry

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr R B Stuart

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		A
Works well both independently and as a member of a group.		A
Uses laboratory equipment in an appropriate manner.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Carries out planned procedures, assesses the accuracy of observations and the importance of the data and the information gathered to determine unknown metals and ions.		A
Analyses trends and patterns in relation to the properties of pure substances and use these to predict the properties of other pure substances.		A
Quantifies reactions in order to make predictions about yields, using the mole concept and mathematical representations to solve problems and calculate reactants and products of reactions.		A
Analyses chemical reactions, the changes in matter and energy during these reactions.		A
Investigates factors that initiate and drive reactions, the relationships between enthalpy and entropy and examine the spontaneity of reactions.		A

Assessment Schedule	Average	Mark / Grade
Depth Study Bonding Research /30	24.4	30
Practical Test /20	17.8	20
Examination /70	36.3	64

Rank: 1 / 49

Course Mark: 97 / 100

Course Average: 71.7 / 100

Thomas has achieved a very impressive result through a consistently high level of purpose, initiative and participation. Key practices in further developing Thomas' mastery are continued high levels of verbal participation, and regular exposure to revision questions.

Economics

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr M T Parsons

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Completes homework regularly and to the best of his ability.		A
Is attentive and interacts well with other students in the class.		A
Is punctual to class and well prepared for lessons.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Works independently to demonstrate understanding of economic terms, concepts and relationships.		A
Selects and organises information from a variety of reliable sources to analyse the relationship between individuals, firms, institutions and government in the Australian economy.		A
Applies appropriate terminology, concepts and theories to explain the economic role of individuals, firms and government.		B
Explains the role of government in the Australian economy communicating economic information, ideas and issues in appropriate form.		A
Analyses the relationship between individuals, firms, institutions and government in Australian economy.		A
Describes, explains and evaluates the role and operation of markets.		A

Assessment Schedule	Average	Mark / Grade
Topic Test /60	42.9	56
Research Based Task /36	27.9	31
Yearly Examination /80	58.9	73

Rank: 8 / 95

Course Mark: 90 / 100

Course Average: 74.3 / 100

Thomas is a polite and engaged student who has appeared to enjoy the course content. I would encourage him to maintain his diligent and consistent approach to his studies going forward.

English Advanced

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mrs A W McLennan

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Shows interest, shows courtesy to all, is punctual to class, is cooperative, respects the views of others.		A
Asks questions, participates in lessons, works well with others, listens actively.		A
Completes homework and other tasks, keeps notes up to date, submits work on time.		A
Works to the best of his ability, is productive with class time, initiates his own learning.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Uses and evaluates processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies.		A
Synthesises complex ideas and information in a sustained, structured argument using relevant textual evidence.		A

Assessment Schedule	Average	Mark / Grade
Creative Response and Critical Reflection /20	14.3	17
Multimodal Presentation /20	14.8	20
Brave New World Extended Response /20	13.7	18

Rank: 7 / 195

Course Mark: 91 / 100

Course Average: 71.5 / 100

Thomas is a committed and knowledgeable student who has achieved excellent results. He has engaged well with all of the texts and has demonstrated a sophisticated understanding of the concepts we have been examining.

Mathematics Extension 1

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr N H Mushan

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		A
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Solves and graphs quadratic functions.		A
Determines the derivative of a function through applications of the rules of differentiation.		A
Applies appropriate techniques to solve trigonometric equations.		B
Applies knowledge of functions and the relationship between a function and its graph.		A

Assessment Schedule	Average	Mark / Grade
Semester One Topic Tests /60	42.2	53
Quadratic Functions and Differentiation Assessment /40	26.3	37
Semester Two Examination /84	54.6	73

Rank: 8 / 85

Course Mark: 89 / 100

Course Average: 67.3 / 100

Thomas has made solid progress this semester where his application to class work, his attention to revision and his preparation for assessment tasks have been pleasing. As he moves into his Year 12 studies I would encourage him to maintain the fine standard he has set.

Physics

Report Period: Semester Two 2018
Name: Thomas James Neaverson
Year: 11
Teacher: Mr M C Bentley

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		A
Works well both independently and as a member of a group.		A
Uses laboratory equipment in an appropriate manner.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Independently plans and conducts a detailed investigation to further develop understanding of the forces acting on objects in motion.		A
Describes, analyses and predicts the behaviour of objects in motion in one and two dimensions through the use of graphs, vector diagram and the equations of motion.		C
Describes and analyses the relationship between the motion of objects and the forces that act on them through a study of Newton's Laws and momentum and energy.		C
Analyses and describes the properties and behaviour of mechanical vibrations and waves including sound and electromagnetic waves and relates thermal energy to motion of particles.		C
Describes the interaction of charges and matter in electrostatics and electrodynamics, the transfer and transformation of energy in circuits and magnetic interactions.		A

Assessment Schedule	Average	Mark / Grade
Practical Test /26	18.2	25
Depth Study /100	72.4	96
Examination /70	28.1	45

Rank: 5 / 45

Course Mark: 83.5 / 100

Course Average: 59.0 / 100

Thomas is potentially a very strong performer in this subject, his Depth Study work was exemplary; he showed strong initiative and reasoning within a well-considered Scientific process. Thomas needs to develop his approaches to problem solving in the exam context in order to improve on this result.

Saint Ignatius' College Riverview

Final Academic Report Year 11, 2018

Name: Thomas James Neaverson

House: Smith

Housemaster: Ms M Skouras

Tutor: Mr S Pulpitel

Principal:

A handwritten signature, likely 'Dr. Paul Hine', is written over a horizontal line.

Dr. Paul Hine

Year 12 Engineering Studies (Accelerated HSC)

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual to class and uses the available time effectively.		A
Contributes to class discussions on a variety of topics.		A
Researches topics beyond the information presented in class.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Demonstrates skills in research and problem-solving related to engineering.		A
Applies knowledge of history and technological change in engineering to the analysis of engineering specific problems.		A
Uses appropriate written, oral and presentation skills in the preparation of detailed engineering reports.		A

Assessment Schedule	Average	Mark / Grade
Civil Structures - Engineering Report /50	44.3	50
Semester One Examination /80	56.5	67
Transport Engineering Presentation /100	86.2	100
Trial Examination /100	68.1	89

Rank: 2 / 29

Thomas has shown over the preceding two years that he is up to the challenges that a course such as Engineering Studies can be with the depth of content within the course and the broad range of skills necessary to achieve outstanding results. I would still very much encourage him in the final few weeks prior to the HSC examinations to maintain this enthusiasm and to adopt a regular revision schedule that includes completion of past HSC examination papers so that his final result will truly reflect his efforts and abilities.

Year 12 Mathematics (Accelerated HSC)

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		A
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Applies calculus to the physical world to solve problems.		A
Performs routine arithmetic and algebraic manipulation, with surds straight line graphs and quadratics.		A
Applies calculus techniques to trigonometric functions.		A
Applies appropriate techniques to solve series and finance problems.		A

Assessment Schedule	Average	Mark / Grade
Locus, Parabola and Geometrical Applications of Differentiation Assessment /36	24.4	e28
Semester One Examination /120	87.2	e98
Trigonometric Functions and Financial Applications of Series Assessment /40	31.8	38
Trial Examination /100	80.0	97

Rank: 14 / 113

Saint Ignatius' College Riverview

Year 12

Academic Report

Name: Thomas James Neaverson

House: Smith

Head of House: Ms R Comastri

Principal:

Dr. Paul Hine

Catholic Studies

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr D Clarke

Student Profile		A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is receptive to and strives to understand a range of religious ideas.			A
Engages in critical thinking, analysis and discussions about topical content.			B
Works to the best of his ability, is productive with class time, completes homework and initiates his own learning.			B
Is cooperative and shows respect to others.			A

Thomas is a willing participant in class discussions and has sought a deeper understanding of how various strands of Catholic thought have viewed what it is to be a human person. He could focus on finding his voice in class more, which would assist his development in spiritual and philosophical conversation, and the rest of the class would benefit from his insights.

Chemistry

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Stuart

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		B
Works well both independently and as a member of a group.		A
Actively engages in class activities and first hand investigations.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Researches factors which affect equilibrium in chemical reactions and applied knowledge to analyse the Haber Process as a case study.		A
Performs practical investigation to determine the concentration of an unknown acid or base by titration, including analysis of titration curves.		A

Assessment Schedule	Average	Mark / Grade
Depth Study /20	14.2	19
Practical Examination /20	17.9	20

Rank: 1 / 28

Assessment Completed: 45%

Course Mark: 97 / 100

Course Average: 79.2 / 100

Thomas' diligence and attention to detail are enabling him to gain impressive mastery of the course content. Refinement of examination technique, through regular use of practice questions, will enable his efforts to be appropriately rewarded, as well as identifying areas that may need further clarification.

Economics

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr M Parsons

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Completes homework regularly and to the best of his ability.		A
Is attentive and interacts well with other students in the class.		A
Is punctual to class and well prepared for lessons.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Analyses the impact of global markets on the Australian and global economies.		B
Applies appropriate terminology, concepts and theories in contemporary and hypothetical economic contexts.		A
Applies mathematical concepts in economic contexts.		A
Analyses the role of markets within the global economy.		A
Demonstrates understanding of economic terms, concepts and relationships.		A

Assessment Schedule	Average	Mark / Grade
Stimulus Based Assessment Task /39	28.9	33
Topic Test /60	45.7	55

Rank: 8 / 80 **Assessment Completed: 45%** **Course Mark: 89 / 100** **Course Average: 75.3 / 100**

Thomas continues to work well and engage with his studies of Economics, having a positive impact on the learning of others. I would encourage Thomas to continue his high level of performance throughout the balance of the course.

English Advanced

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Ms A Ossowski

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Shows interest, shows courtesy to all, is punctual to class, is cooperative and respects the views of others.		A
Asks questions, participates in lessons, works well with others and listens actively.		A
Completes homework and other tasks, keeps notes up to date and submits work on time.		A
Works to the best of his ability, is productive with class time and initiates his own learning.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Evaluates the diverse ways texts can represent personal and public worlds, explaining nuanced cultural assumptions and values by responding to and composing texts in different modes, media and technologies.		A
Investigates and evaluates the relationship between texts, strategically adapting and applying knowledge, skills and understanding of language concepts and literary devices.		A

Assessment Schedule	Average	Mark / Grade
Multimodal Task /20	15.3	18
Textual Conversations Task /20	13.7	18

Rank: 5 / 176 **Assessment Completed: 50%** **Course Mark: 90 / 100** **Course Average: 72.7 / 100**

Thomas is a diligent, talented student who has achieved strong results this semester. He is encouraged to continue to prepare thoroughly for all tasks in the months ahead, completing a wide variety of practice writing tasks as part of his study routine.

Math Extension 1

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Maxwell

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		A
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Solves problems involving circle geometry.		A
Uses techniques of Integration, including Integration by substitution, to calculate areas and volumes.		A
Applies appropriate techniques to further trigonometry problems.		A
Uses appropriate techniques to solve inverse function questions.		A
Applies knowledge to inductive proofs.		A

Assessment Schedule	Average	Mark / Grade
Integrations, Mathematical Induction Assessment /50	42.8	48
Topic Based Assessment /84	50.0	71

Rank: 5 / 70

Assessment Completed: 45%

Course Mark: 88 / 100

Course Average: 68.1 / 100

Math Extension 2

Report Period: Semester One 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Maxwell

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		B
Revises work for assessment tasks.		B

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Uses the relationship between algebraic and geometric representations of complex numbers.		B
Chooses appropriate strategies to solve complex problems from the Mathematics Extension 1 course.		D
Uses efficient algebraic techniques to solve questions involving polynomials.		A
Combines the ideas of algebra and calculus to graph a wide variety of functions.		A

Assessment Schedule	Average	Mark / Grade
Complex Numbers Assessment /50	41.0	39
Topic Based Assessment /120	72.4	84

Rank: 8 / 25

Assessment Completed: 45%

Course Mark: 73 / 100

Course Average: 67.6 / 100

Thomas has made a very solid start to his studies in both the Extension 1 and Extension 2 Mathematics courses this year. He has engaged his learning with clear purpose of mind and a strong desire for success in every aspect of these courses and while I am highly encouraged by this attitude I feel that Thomas must continually challenge himself to spend time on the more difficult questions of both these courses.

Saint Ignatius' College Riverview

Final Academic Report Year 12, 2019

Name: Thomas James Neaverson

House: Smith

Head of House: Ms R Comastri

Principal:

Dr. Paul Hine

Chemistry

Report Period: Semester Two 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Stuart

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is punctual and well prepared for class and uses time effectively.		A
Completes set work to the best of his ability and submits it on time.		A
Works well both independently and as a member of a group.		A
Uses laboratory equipment in an appropriate manner.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media.		A
Explains the characteristics of equilibrium systems, and the factors that affect these systems.		A
Describes, explains and quantitatively analyses acids and bases using contemporary models.		A
Analyses the structure of, and predicts reactions involving, carbon compounds.		A
Describes and evaluates chemical systems used to design and analyse chemical processes.		A

Assessment Schedule	Average	Mark / Grade
Depth Study /20	14.4	19
Practical Examination /20	17.9	20
Research Task /100	68.3	95
Trial Examination /100	59.8	86

Rank: 1 / 27

Thomas' academic maturity has seen him develop a strong analytical approach founded on an extensive knowledge base. Continued exposure to a variety of exam style questions will only add to his ability to represent his understanding more fully.

Economics

Report Period: Semester Two 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr M Parsons

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Completes set learning tasks to the best of his ability.		A
Is attentive and interacts well with other students in the class.		A
Is punctual to class and well prepared for lessons.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Analyses the impact of global markets on the Australian and global economies.		B
Analyses the impact of economic policies in theoretical and contemporary Australian contexts.		A
Evaluates the consequences of contemporary economic problems and issues on individuals, firms and governments		B
Communicates economic information, ideas and issues in appropriate forms.		A
Applies appropriate terminology, concepts and theories in contemporary and hypothetical economic contexts.		B

Assessment Schedule	Average	Mark / Grade
Task 1: Stimulus Based Task /39	28.8	33
Task 2: Topic Test /60	45.7	55
Task 3: Research Based Extended Response /20	15.3	19
Task 4: Trial Examination /100	69.8	86

Rank: 4 / 79

Thomas is a polite and engaged student with a good sense of humour who has worked hard this year. I would encourage him to work to maintain his high level of performance in the coming examination.

English Advanced

Report Period: Semester Two 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Ms A Ossowski

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Shows interest, shows courtesy to all, is punctual to class, is cooperative and respects the views of others.		B
Asks questions, participates in lessons, works well with others and listens actively.		B
Completes homework and other tasks, keeps notes up to date and submits work on time.		B
Works to the best of his ability, is productive with class time and initiates his own learning.		B

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Thinks imaginatively, creatively, interpretively, critically and discerningly to respond to and compose texts, and monitor own learning.		A
Strategically adapts and applies knowledge, skills and understanding of language concepts and complex texts.		B

Assessment Schedule	Average	Mark / Grade
Common Module: Multimodal Task /20	15.3	18
Module A: Extended Response /20	13.7	18
Module C: Writing Task /20	14.3	18
Trial Examination, Paper One /40	28.3	32
Trial Examination, Paper Two /60	40.7	48

Rank: 13 / 176

Thomas was disappointed with his Trial Examination results, particularly in Paper Two. He is encouraged to maintain his determination as he increases his efforts for the final examination, completing a wide variety of practice questions in order to be as prepared as possible.

Math Extension 1

Report Period: Semester Two 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Maxwell

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		A
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Solves equations involving trigonometry and inverse functions.		A
Solves questions involving polynomials.		A
Applies calculus to the physical world.		B

Assessment Schedule	Average	Mark / Grade
Integration and Mathematical Induction Assessment /50	43.5	48
Topic Based Assessment /84	52.6	71
Polynomials and Application of Calculus Assessment /36	24.9	26
Trial Examination /70	44.4	62

Rank: 8 / 61

Math Extension 2

Report Period: Semester Two 2019
Name: Thomas James Neaverson
Year: 12
Teacher: Mr R Maxwell

Student Profile	A:Outstanding B:Commendable C:Satisfactory D:Needs Improvement E:Unacceptable	Profile:
Is attentive, co-operative and uses class time well.		A
Is organised and prepared for lessons.		A
Completes homework and other tasks on time.		A
Revises work for assessment tasks.		A

Learning Outcomes	A:Excellent B:High C:Sound D:Developing E:Elementary	The student's level of achievement is:
Uses the relationship between algebraic and geometric representations of complex numbers.		A
Applies further techniques of integration.		A
Uses efficient techniques to deal with conic sections.		A
Uses the techniques of slicing and cylindrical shells to determine volume.		A
Solves problems in mechanics (resisted and circular motion).		A

Assessment Schedule	Average	Mark / Grade
Complex Numbers and Harder Induction Assessment /50	41.2	39
Topic Based Assessment /120	73.0	84
Integration, Volumes and Mechanics Assessment /60	37.8	47
Trial Examination /100	64.0	89

Rank: 6 / 24

Thomas has made solid progress and consequently he achieved excellent results in both the Mathematics Extension 1 and Extension 2 courses. He is an enthusiastic learner and his contribution in class is always thoughtful and a continued perseverance in his study habits should ensure a strong finish in this course.
