Overall Achievement	A	B	C	D	E	N/A
---------------------	---	---	---	---	---	-----

Assessed Outcomes	A	B	C	D	E	N/A
Applies and explains an understanding of the nature and function of information technologies to a specific practical situation	✓					
Explains and justifies the way in which information systems relate to information processes in a specific context	✓					
Assesses the ethical implications of selecting and using specific resources and tools, recommends and justifies the choices	✓					
Selects, justifies and applies methodical approaches to planning, designing or implementing solutions	✓					

A = Outstanding, B = High, C = Sound, D = Basic, E = Limited, N/A = Not Applicable

Student Learning Profile			
Works responsibly with other students	Usually	Completes all set work during class	Usually
Brings equipment to class and is well prepared	Consistently	Completes homework and assessment tasks on time	Consistently
Behaves and shows respect towards students and teachers	Consistently	Is making progress towards completing outcomes	Consistently

Ajay has demonstrated growth and achievement by being able to:

Ask more questions if unsure.
Produce a project of high quality.
Remain on task for all lessons.

The recommendation for improvement for Ajay is to:

Demonstrating suitable time management skills and understanding of the course.
Able to identify a problem and follow instructions to develop an appropriate solution.
Display ability to design and implement solutions.

Overall Achievement	A	B	C	D	E	N/A
---------------------	---	---	---	---	---	-----

Assessed Outcomes	A	B	C	D	E	N/A
Describes the nature and justifies the choice of Australia's health priorities			✓			
Analyses the determinants of health and health inequities			✓			
Argues the case for health promotion based on the Ottawa Charter			✓			
explains the relationship between physiology and movement potential	✓					
Explains how movement skill is acquired and appraised	✓					

A = Outstanding, B = High, C = Sound, D = Basic, E = Limited, N/A = Not Applicable

Student Learning Profile			
Works responsibly with other students	Consistently	Completes all set work during class	Consistently
Brings equipment to class and is well prepared	Consistently	Completes homework and assessment tasks on time	Usually
Behaves and shows respect towards students and teachers	Consistently	Is making progress towards completing outcomes	Consistently

Ajay has demonstrated growth and achievement by being able to:

Describe Australia's health priorities
Explain how movement skill is acquired and appraised.
Devise methods of gathering, interpreting and communicating information about physical activity concepts.

The recommendation for improvement for Ajay is to:

Critically analyse syllabus content to ensure understanding
Complete all formal homework tasks
Adopt a regular program of study
Make time to consult with teacher regarding a genuine understanding of syllabus content.

English Standard

Name: Ajay RAMOLA

Overall Achievement	A	B	C	D	E	N/A
---------------------	---	---	---	---	---	-----

Assessed Outcomes	A	B	C	D	E	N/A
Independently responds to and composes complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure		✓				
Analyses and uses language forms, features and structures of texts and justifies their appropriateness for purpose, audience and context and explains effects on meaning		✓				
Explains and evaluates the diverse ways texts can represent personal and public worlds		✓				
Reflects on, assesses and monitors own learning and refines individual and collaborative processes as an independent learner		✓				

A = Outstanding, B = High, C = Sound, D = Basic, E = Limited, N/A = Not Applicable

Student Learning Profile			
Works responsibly with other students	Usually	Completes all set work during class	Usually
Brings equipment to class and is well prepared	Consistently	Completes homework and assessment tasks on time	Consistently
Behaves and shows respect towards students and teachers	Consistently	Is making progress towards completing outcomes	Usually

Ajay has demonstrated growth and achievement by being able to:

Create an effective visual representation and reflection about his set text "Go Back To Where You Come" and his personal chosen text.

Compose an effective evaluation about his set text Mark Haddon's novel "The Curious Incident of the Dog in the Night-Time" and its exploration of contemporary social issues.

The recommendation for improvement for Ajay is to:

Create a draft and get feedback on their draft.

Proofread and check their work prior to submission.

Refer to the rubric and refine the response accordingly.

Review key terms and vocabulary.

Overall Achievement	A	B	C	D	E	N/A
---------------------	---	---	---	---	---	-----

Assessed Outcomes	A	B	C	D	E	N/A
Applies the concepts and techniques of arithmetic and geometric sequences and series in the solution of problems			✓			
Applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs			✓			
Applies appropriate differentiation methods to solve problems		✓				
Applies the concepts and techniques of indefinite and definite integrals in the solution of problems		✓				

A = Outstanding, B = High, C = Sound, D = Basic, E = Limited, N/A = Not Applicable

Student Learning Profile			
Works responsibly with other students	Consistently	Completes all set work during class	Consistently

Behaves and shows respect towards students and teachers	Consistently	Is making progress towards completing outcomes	Consistently

Ajay has demonstrated growth and achievement by being able to:

- derive and use the formula for the limiting sum of a geometric series.
- use transformations to sketch the graphs of different types of functions.
- find the derivative of exponential and logarithmic functions.

The recommendation for improvement for Ajay is to:

- identify and use derivatives to solve optimization problems.
- revisit harder concepts in order to challenge his depth of understanding.

Physics

Overall Achievement	A	B	C	D	E	N/A
---------------------	---	---	---	---	---	-----

Assessed Outcomes	A	B	C	D	E	N/A
Designs and evaluates investigations in order to obtain primary and secondary data and information			✓			
Conducts investigations to collect valid and reliable primary and secondary data and information		✓				
Analyses and evaluates primary and secondary data and information		✓				
Communicates scientific understanding using suitable language and terminology for a specific audience or purpose		✓				
Describes and analyses qualitatively and quantitatively circular motion and motion in a gravitational field, in particular, the projectile motion of particles			✓			
Explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively		✓				

A = Outstanding, B = High, C = Sound, D = Basic, E = Limited, N/A = Not Applicable

Student Learning Profile			
Works responsibly with other students	Consistently	Completes all set work during class	Consistently

Behaves and shows respect towards students and teachers	Consistently	Is making progress towards completing outcomes	Consistently

Ajay has demonstrated growth and achievement by being able to:

- describe and analyse qualitatively and quantitatively the projectile motion and circular motion of particles in a gravitational field
- explain and analyse the electric and magnetic interactions due to charged particles and current.
- plan, design and conduct investigations to obtain accurate, reliable and valid data and evaluate risks.

The recommendation for improvement for Ajay is to:

Communicate scientific understanding using scientific language and terminology in a variety of formats.
