International Baccalaureate Interim Report

Levels of Achievement (Year 11)

Your child's overall achievement in each learning area and/or subject studied in the reporting period has been awarded a level of achievement from the following range:

The following levels of achievement are also used:

- A** Evidence in the student's work typically demonstrates a sophistication of conceptual understanding and skills from the standard that are able to be transferred to new situations.
- B** Evidence in the student's work typically demonstrates a developing sophistication of conceptual understanding and skills from the standard and these are beginning to be transferred to new situations.
- C** Evidence in a student's work typically demonstrates that they have developed the required conceptual understandings and skills to meet the standard and are able to apply them in familiar situations.
- D** Evidence in the student's work typically demonstrates that they are still developing the required conceptual understandings and skills from the standard and that they are beginning to be applied in familiar situations.
- E** Evidence in the student's work typically demonstrates that the student has not yet developed the required understanding and skills to meet the standard and that they can only apply them in scaffolded situations.
- N** Insufficient evidence to make a judgment.

The following levels of achievement are also used:

- 7** Demonstrated an exceptionally high level of performance for the subject
- 6** Demonstrated a high level of performance for the subject
- 5** Demonstrated achievement above the minimum requirements for the subject
- 4** Satisfied the minimum requirements for the subject
- 3** Displayed potential to reach the minimum requirements for the subject
- 2** Demonstrated a low level of performance in the subject
- 1** Demonstrated a very low level of performance in the subject
- N** Insufficient evidence to make a judgment.

Comparative Reporting

On request from a parent or carer, the school can provide a comparison of the student's level of achievement in each subject against the achievements of other students in the school, in the same year level who undertook the subject—whilst maintaining the privacy of individual students.

International Baccalaureate Diploma Programme Achievement Report

Achievement Report Overview

Levels of achievement for IB Diploma Programme group subjects are reported as 1 – 7 and represent a student's progress in that subject to date. The Inner Core subject, Theory of Knowledge progress is reported A – E and the Extended Essay progress is reported as S or U. Details describing these levels of achievement are included below.

A student's Grade Point Average (GPA), total Higher Level (HL) points and total Standard Level (SL) points are included. These provide information of a student's progress in attaining their IB Diploma which requires a minimum of 24 points total and a minimum of 12 points across HL subjects and 9 points across SL subjects.

Details of a student's attendance profile for the year to date include percentage attendance, number of days absent and number of days late.

Achievement Graphs

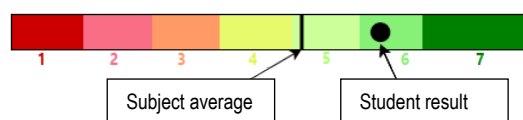

Each IB Diploma Programme subject is reported graphically, indicating a student's progress to date in relation to the subject grade boundaries and the average progress of all students in that subject. The legend for these graphs is:
