Overall Result		B
Effort		4

THRIVE CONNECT**Ms W Lauman****Pastoral Care**

Connecting with each other has been identified as one of the five essential elements of wellbeing. House based THRIVE CONNECT groups consist of a small number of students who meet twice a week with their TC Teacher. This allows for individual and small group relationships to develop between staff and students, thus providing opportunities to promote positive interactions and build a learning community.

The following profile is developed in a discussion between the student and their TC Teacher.

The student is: Always (A), Usually (U), Sometimes (S)

is thoughtful in her interactions with others	A
shows a positive attitude to House activities	A
responds positively to group discussion in Thrive Connect meetings	A
is motivated to set goals to focus her efforts towards things that are most valuable to her	A

To Whom It May Concern

NATALIE BROWN has been a student at St Hilda's School from 24 January 2017 when she commenced in Year 7. On Friday, 18 November 2022, Natalie will graduate as a Year 12 student. Natalie has been a member of my Pastoral Care class during this time, so I am in a confident position to attest to the excellent qualities of this young woman.

A sincere, confident young woman, Natalie has enjoyed very productive relationships with students across year groups and the staff of the School. We have appreciated Natalie's willingness to support all School expectations as well as give so generously of her time to our community. These qualities were recognised with Natalie's selection as a Student Ambassador in Year 10, and Prefect with the Portfolio of Academic and Creative Ideas in Year 12.

A committed and capable student, Natalie has achieved very pleasing results in all academic subjects. Natalie's teachers commend her diligent approach to her learning, her ability to consolidate her skills, and her commitment to achieving her personal best. In her time in the Senior School, Natalie has been awarded Academic Achievement Awards, Academic Honours, a Principal's Award and the STEM Scholarship Award.

Notwithstanding the impact of COVID-19 restrictions during her Senior years, and the demands of Year 12, Natalie has been actively involved in the co-curricular life of the School. She has volunteered as a mentor with the Junior School Big Sister Reading and Maths Program, participated and supported the efforts of her peers in House sporting events and cultural activities, and represented the School in QGSSSA Netball for a number of years. Natalie has additionally completed studies in Speech and Drama with Trinity College London to Level 5 with Distinction. Natalie has been a most excellent role model for younger students and for her peers.

I am delighted to recommend Natalie as a very hardworking, responsible and considerate young woman. I am sure she will continue to develop her talents and be a positive influence in whatever she may choose to follow in life. I wish her every success in her future endeavours.

Yours sincerely,

Ms Wendy Lauman
