To Whom It May Concern

Thomas Lando

I have known Thomas Lando for the last two years in my capacity as his Senior Physics teacher. Thomas is an enthusiastic, inquisitive student who is passionate about Physics, Aerospace Studies and Mathematics. His Senior College subjects are Mathematics B, Mathematics C, Physics, Chemistry, Aerospace Studies, English and Certificate III in Christian Ministry & Theology. Thomas has a strong desire to commence tertiary studies in engineering.

This year, Thomas has demonstrated great interest, proficiency and ability in all aspects of the Physics course, achieving a very high VHA level. He is a logical, methodical thinker and problem solver. Thomas readily draws on a wide variety of strategies and techniques when tackling a problem. His success not only in Physics, but also in all the other subjects is attributed to his industrious, conscientious attitude and analytical skills of the highest order. Over the last two years, Thomas has participated in ICAS, ANCQ, CQU schools Titration and McDonalds' Maths competitions. Last year, he achieved an Academic Excellence Award and an Academic Effort Award. Thomas is a highly motivated and strongly principled young man, who will give a complete effort to anything he undertakes.

Thomas is a highly intelligent, capable and adaptable student who performs very well under pressure and displays excellent leadership qualities when working as a team member. This year, he has been one of the four College Captains of St Patrick's College, leading the College assemblies and being a great role model to other students.

Thomas actively supports the College ethos, both religiously and academically. He has been involved in Music Ministry and has been a frequent participant of the Saturday School program for the last two years. Thomas actively seeks opportunities to extend his knowledge and this year he took part in Lions Youth of the Year program and Australian Youth Aerospace Forum.

Socially, I perceive Thomas as a considerate, polite and likeable young man with impeccable manners. His dress and grooming have been excellent.

Thomas is a well-balanced student who has the ability to juggle studies and social commitments. He is an accomplished hockey and rugby league player. For the last two years, he has been a volunteer umpire at hockey. Thomas is a vice-captain of Under 18's Mackay Representative Hockey Team. In 2017 he received the Norths Hockey Club A2 Men's Best Team Player award and 2017 Norths Hockey Club Clifford Denney

Memorial Shield for best club person award. He is enthusiastic, reliable and displays attention to detail, diligence and a conscientious attitude. Thomas's pleasant personality and objectivity gained him respect from his fellow students. His thinking style, efficiency and good people skills bring him success.

Thomas aspires to be involved in spacecraft and aircraft design and his ultimate dream is to be a part of the Australian Space Program.

I am certain that Thomas will attain excellence and inspire others along the way. He is resourceful, self-motivated and independent, taking the initiative whenever called upon to do so. Yet Thomas is a great team player, who thinks in a positive and creative way to solve problems.

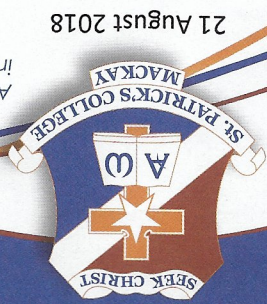

I wish Thomas all the best. He is a young man with a great future who will be successful at tertiary studies.

I have no hesitation in recommending Thomas for university and residential college entrance as he is going to be a valuable asset to any tertiary institution.

Yours faithfully,

Dorota Cook

Thomas Cowan Lando

This is to confirm that Thomas Lando is a student at St Patrick's College Mackay. I wish to support Thomas in his application for this scholarship.

Leadership

Thomas is a highly active member of the College Student Representative Council and holds the position of 2018 College Captain. He is also a member of the Christian Leadership Group. Thomas has represented the College as a leader at many community events and functions.

Thomas works well in a team situation. He easily brainstorms ideas of others, whilst adding his own contribution. He thinks outside the box and is an excellent problem solver. Thomas is a good listener and communicator and has excellent social skills. He is always very reliable and brings a wholehearted effort to anything he undertakes. Thomas's sense of fairness, capacity to relate to a wide cross section of staff and students, has marked him as young man of great leadership potential.

Community Service

Thomas has attended many community service functions. His involvement in Anzac Day, NAIDOC Mass, Music Ministry with St Patrick's Parish, fundraising for the disadvantage locally and overseas, including Cancer Council fundraisers and the St Vincent de Paul Winter Appeal. These are all examples of his service to others.

Thomas has extremely good values shown in the involvement of the many groups that he has been an active member whilst at this College. His ability to mix and share his talents with a varied ranged of people has enabled him to succeed.

Academic

Thomas has excellent results and good attendance at this College, which demonstrates his excellent work ethics and commitment to study. His results at the end of Semester One 2018 were: Mathematics B – A+, Mathematics C – A-, Chemistry – A-, Physics – A, Aerospace Studies – A+ and English – B+. Thomas is also in the process of completing a Certificate III in Christian Ministry & Theology. This confirms he is one of our very high achieving students at the College.

Thomas was selected represent the College by attending and participating in the Lions Youth of the Year Speaking competition and the MacDonald's Math Challenge.

Sporting Achievements

Thomas enjoys playing hockey in the local Mackay competition, demonstrating his ability to balance his schooling life and recreational enjoyment. He volunteers as an umpire for this local hockey competition, was the U18 Mackay Hockey Vice Captain, has represented Mackay in both schoolboys and representative hockey teams and won the Clifford Denny Shield for Best Club Spirit as a member of North's Hockey Club.

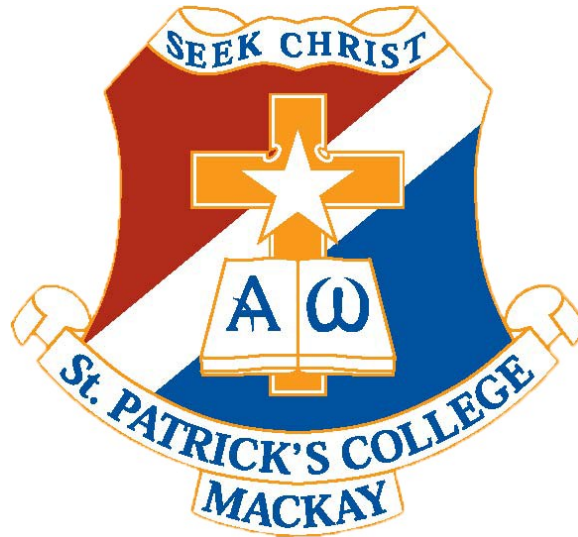

I recommend him as an exceptional candidate for this scholarship. He has excellent leadership skills.

This reference can be confirmed at any time with the writer.

Yours faithfully

End Semester One Report 2018

Thomas Cowan Lando

Grade: 12

Days Absent: NIL

English		Dean Andric
Overall Achievement		B+
Written		B
Spoken		A-
Comment		
Thomas is a cooperative and industrious student who has a commendable attitude towards English. He applied himself to all set tasks with diligence and completed drafts to a commendable standard. Thomas has produced discerning spoken work in English this semester. However, his written work required a greater control of grammatical accuracy.		

Mathematics B		John Clarke
Overall Achievement		A+
Knowledge & Procedures		A+
Modelling & Problem Solving		A
Communication & Justification		A+
Comment		
Thomas worked diligently, enthusiastically displaying a positive attitude toward his study of Mathematics B. He has an excellent knowledge of the concepts taught in Mathematics B and applied this knowledge at a very high standard in problem solving situations. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.		

Mathematics C		Susan de Haas
Overall Achievement		A-
Knowledge & Procedures		A-
Modelling & Problem Solving		B+
Communication & Justification		A-
Comment		
Thomas is a gifted mathematician who has an excellent knowledge of the concepts taught in Mathematics C. He is an industrious student who actively engaged in all aspects of the course. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.		

Chemistry		Tony Quartly
Overall Achievement		A-
Knowledge & Conceptual Understanding		A-
Investigative Processes		A-
Evaluating & Concluding		B
Comment		
Thomas displayed an inquiring mind and participated enthusiastically in class discussions and practical work. He indicated a good understanding of concepts covered in Chemistry and his attitude to work is most admirable. Thomas readily drew on a wide variety of strategies and techniques when tackling a problem. His examination results reflect the time and effort he puts into Chemistry.		

Physics		Dorota Cook
Overall Achievement		A
Knowledge & Conceptual Understanding		A
Investigative Processes		A
Evaluating & Concluding		A
Comment		
Thomas has displayed a very good understanding of the fundamental facts and concepts in Physics and a great ability to solve and evaluate problems. All his assessment items have been completed to a very high standard. Thomas has achieved such good results due to his motivation and conscientious attitude. He is a cooperative and industrious student who has worked in a diligent and methodical manner.		

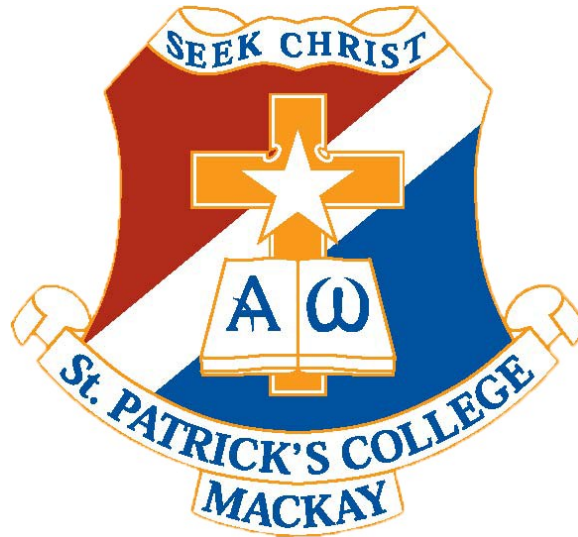

Aerospace Studies		Gary Giumelli
Overall Achievement		A+
Knowledge & Understanding		A+
Critical Thinking		A+
Communication		A+
Comment		
Thomas has an excellent knowledge of the concepts taught in Aerospace Studies and applies this knowledge at a very high standard in problem solving situations. He has worked hard to achieve these results and deserves to be congratulated for his efforts. Thomas is a courteous and cooperative member of the class.		

Certificate III in Christian Ministry & Theology		Jodi Campion
Overall Achievement		S
Comment		
Thomas has completed all competencies of module three. He can identify theological knowledge in relation to the Christian way of life and communicate theology in everyday language. Thomas is a capable student who produced work of a good standard. He should continue with his current approach towards a Certificate III in Christian Ministry.

Thomas Cowan Lando

Grade: 11

Days Absent: NIL

English		Shaun Spada
Overall Achievement		C
Written		C+
Spoken		C
Comment		
Thomas is a cooperative and industrious student who has a commendable attitude towards English. He applies himself to all set tasks with diligence and completes drafts to a satisfactory standard. Thomas is a capable student and has a satisfactory understanding of the attitudes and values that underpin texts. To improve, he needs to develop his ability to effectively convey his thoughts in written tasks.		

Mathematics B		John Clarke
Overall Achievement		A
Knowledge & Procedures		A
Modelling & Problem Solving		A-
Communication & Justification		A
Comment		
Thomas works diligently and enthusiastically displaying a positive attitude toward his study of Mathematics B. He has an excellent knowledge of the concepts taught in Mathematics B and applies this knowledge at a very high standard in problem solving situations. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.		

Mathematics C		Susan de Haas
Overall Achievement		B+
Knowledge & Procedures		B+
Modelling & Problem Solving		B+
Communication & Justification		B+
Comment		
Thomas has made good progress in Mathematics C and has proven himself to be an enthusiastic organised student. He exhibits a positive outlook and attitude in the classroom. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.		

Chemistry		Brian Smith
Overall Achievement		B-
Knowledge & Conceptual Understanding		A
Investigative Processes		B-
Evaluating & Concluding		B-
Comment		
Thomas is a capable student who consistently produces work of a pleasing standard in Chemistry. He becomes involved in class discussions and laboratory work. Thomas's knowledge of the chemistry content has been very good and his approach to work shows both imagination and initiative.		

Physics		Dorota Cook
Overall Achievement		A-
Knowledge & Conceptual Understanding		A
Investigative Processes		A-
Evaluating & Concluding		B+
Comment		
Thomas has displayed a very good knowledge of Physics and a great capability to successfully apply it to the presented situations. All his exams have been completed to a very high standard. He has achieved very good results due to his interest in the subject and conscientious attitude. Thomas would benefit from solving a wide range of challenging problems in order to advance his understanding of difficult concepts and develop further his Evaluating and Concluding skills.		

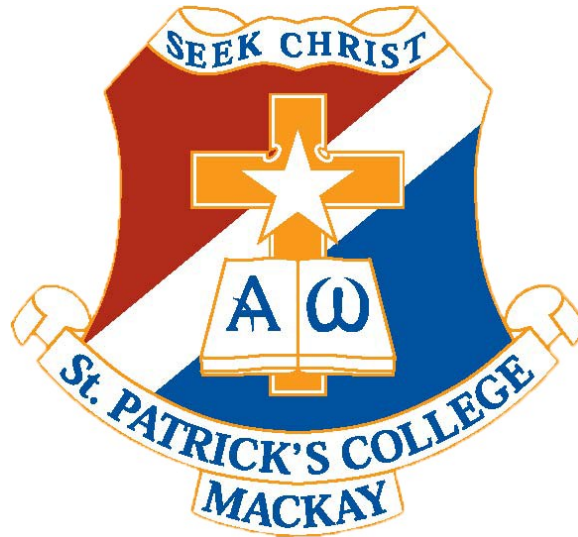

Aerospace Studies		Gary Giumelli
Overall Achievement		B+
Knowledge & Understanding		B+
Critical Thinking		B+
Communication		B+
Comment		
Thomas is a conscientious student who always displays a motivated and mature attitude towards his studies in this subject. He applies himself to all set tasks with diligence and completes work to a very high standard. Thomas has an excellent knowledge of the concepts taught in Aerospace Studies and applies this knowledge at a very high standard in problem solving situations.		

Certificate III in Christian Ministry & Theology		Jodi Campion
Overall Achievement		S
Comment		
Thomas has completed all competencies of Module One. He can identify a range of information within a theological theme or issue, develop and extend critical and creative thinking skills and work effectively in an education team. Thomas is a capable student who consistently produces work of a high standard. He should be commended on his current approach to the course.

Days Absent: 2

Number of Pages: 3

English

Emma Crognale

Overall Achievement	C+
Written	C+
Spoken	C+

Comment

Thomas is a capable student who displays an appreciation of texts and how they are shaped. He completes set tasks and actively participates in class activities. To improve, Thomas must develop his written textual features, make greater use of textual evidence and craft a more succinct response.

Mathematics B

John Clarke

Overall Achievement	A
Knowledge & Procedures	A
Modelling & Problem Solving	A
Communication & Justification	A

Comment

Thomas works diligently and enthusiastically, displaying a positive attitude toward his study of Mathematics B. He has an excellent knowledge of the concepts taught in Mathematics B and applies this knowledge at a very high standard in problem solving situations. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.

Mathematics C

Susan de Haas

Overall Achievement	A-
Knowledge & Procedures	A-
Modelling & Problem Solving	B+
Communication & Justification	A-

Comment

Thomas has made excellent progress in Mathematics C and has proven himself to be an enthusiastic student. He is well organised, always bringing the required equipment to class and approaches his work with determination. Thomas has worked hard to achieve these results and deserves to be congratulated for his efforts.

Chemistry

Brian Smith

Overall Achievement	B+
Knowledge & Conceptual Understanding	B+
Investigative Processes	B
Evaluating & Concluding	B+

Comment

Thomas is a courteous and cooperative member of the class. He demonstrates a positive attitude and sound work practices. Thomas's results could continue to improve if he maintains his current level of dedication. He is a very competent student who demonstrates commitment, consistency and a clear understanding of the subject.

Physics

Dorota Cook

Overall Achievement	A
Knowledge & Conceptual Understanding	A
Investigative Processes	A
Evaluating & Concluding	B+

Comment

Thomas has demonstrated a capacity to analyse Physics problems and scenarios and draw relevant conclusions. He has shown interest in Physics and asked in-depth questions. Thomas has achieved such good results through systematic work and keen participation in class activities. He is a highly motivated student who has displayed investigative research and analytical skills of a high order.

Aerospace Studies

Gary Giumelli

Overall Achievement	A-
Knowledge & Understanding	A-
Critical Thinking	A-
Communication	A-

Comment

Thomas always works well in class, attempting to complete set tasks to the best of his ability. He has an excellent knowledge of the concepts taught in Aerospace Studies and applies this knowledge at a very high standard in problem solving situations. Thomas has worked hard to achieve these results and he could see even further improvement if his current level of dedication is maintained. He is a real asset to this class.

Certificate III in Christian Ministry & Theology

Jodi Campion

Overall Achievement	S
---------------------	---

Comment

Thomas is producing work of a very high standard in Certificate III in Christian Ministry and Theology and has completed all competencies of Module Two. He can identify how Christian Scripture, life and practice are understood today and identify theological data. Thomas consistently completes set tasks in class, has a mature approach to study and should be commended on his current approach to the course.
