The information contained in this report is a summary of your child's achievement in learning areas and/or subjects studied over the reporting period. Reports will be provided 4 times per year. The report is one of a number of strategies used by our school to communicate with you throughout the year about your child's achievement, effort and behaviour. Parent-teacher interviews are also offered to discuss your child's progress. The levels of achievement awarded are for this reporting period only.

Levels of Achievement (Year 12)

Your child's overall achievement in each learning area and/or subject studied in the reporting period has been awarded a level of achievement from the following range:

- A** Evidence in the student's work typically demonstrates a sophistication of conceptual understanding and skills from the standard that are able to be transferred to new situations.
- B** Evidence in the student's work typically demonstrates a developing sophistication of conceptual understanding and skills from the standard and these are beginning to be transferred to new situations.
- C** Evidence in a student's work typically demonstrates that they have developed the required conceptual understandings and skills to meet the standard and are able to apply them in familiar situations.
- D** Evidence in the student's work typically demonstrates that they are still developing the required conceptual understandings and skills from the standard and that they are beginning to be applied in familiar situations.
- E** Evidence in the student's work typically demonstrates that the student has not yet developed the required understanding and skills to meet the standard and that they can only apply them in scaffolded situations.
- N** Insufficient evidence to make a judgment.

Comparative Reporting

On request from a parent or carer, the school can provide a comparison of the student's level of achievement in each subject against the achievements of other students in the school, in the same year level who undertook the subject—whilst maintaining the privacy of individual students.
