Education

Westminster School, Year 12

2019: Year 12 Subjects completed in year 12

Stage 2 Mathematical Methods: A+
Stage 2 Specialist mathematics: A
Stage 2 Physics: A
Stage 2 English Literary Studies: A

2018: Year 12 subjects completed in year 11

Stage 2 Research Project: A+
Stage 2 Biology: A-
Stage 2 Ensemble Performance: A

2018: Earth and Environmental Sciences Summer Program

2018: STEM Girls Program Participant

2017: Oxbridge Academic Program Scholarship Recipient
(for exceptional academic achievements)

Summer School Study Program, including studies in Mathematics, Engineering, Anatomy and Physiology

2016: Senior First Aid Course

Emergency response, CPR, basic first aid.

Employment

November 2017-current: Pharmacy assistant at Terrywhite Chemmart Marion Compounding

Interact with customers to ensure needs are met, serving x-lotteries, cleaning duties and product display, provide guidance for makeup, perfume and giftware items.

Work Experience

2018: Speech Pathology with Future Footprints

Observed a consulting speech therapist and interacted with patients to learn how the speech therapists can intervene to improve individuals communication.

2018: Speech Pathology with Private Practise (Cilla Day)

Observed consultation and administered therapy for a variety of cases to help improve the communication and functionality in society.

2018: Occupational Therapy at Minda Inc.

Observed the senior occupational therapist and helping in organising a system to track the use of equipment between a multidisciplinary team.

Volunteer Experience

2015, 2017 – current: Food bank volunteer

Duties: helping stock and pack shelves, create food packages to be distributed to hubs.

2015 – current: Coordinator of Westminster Volunteers and Participant - Red Dove Café - Westminster School (Round Square):

Duties: Rostering and communication of student participation and participant for Red Dove Café (Cooking, waitress, cleaning) (Royal Adelaide show)

2011 – 2017: Participant and Junior Leader at kids Camp Out (KCO) – Uniting Church

Duties: Camper and junior leader at Kids Camp Out, providing small group support and leadership in a friendly, safe and Christian environment.

April 2016: CARA- Youth care facilitator for respite program

Duties: Volunteer carer during respite program for kids living with a disability.

2015: Coordinator- Westminster School Round Square South East Australasia Regional Conference

Duties: Airport Arrivals, Conference Photographer, Junior Barraza Leader

Student Conferences

2014: Young Round Square Conference- South East Australasia

Kings College, Auckland, New Zealand

Participant in Round Square conference focusing on leadership and how to help save our future

Abigail Wicks (4 April, 2002)
2 Peppertree Grove, Marion, 5043 – 0401 550 549 –
abigailwicks04@gmail.com

Student Exchanges

2016: International Exchange to Canada
Lower Canadian College, Montreal, Canada
2015: Regional Exchange to Singapore
United World College of South East Asia, Singapore

Technical Skills

POS
Microsoft Office (including excel)
Adobe Photoshop CS6
Emails
Through school opportunities have been able to successfully and effectively use these programs. This is demonstrated in all assignments, communication and research.

Positions of Responsibility

2019: Student Chairperson of The Rounds Square Student Committee
Run meetings and coordinate between students and teachers regarding various activities and events
2015 – current: Round Square Board Member
Help structure and implement school methods to reinforce the ideals of Round Square. (Internationalism, Democracy, Environment, Adventure, Leadership, Service)
2017-current: Student editor for the Reflections magazine at Westminster School
Organising article and photos for the magazine, as well as proofing the magazine, and coordinating distribution
2017: Co- Captain of Maths Club at Westminster School
Organise and coordinate activities and tasks for club participants.
2017: Small Group Leader at the Corner Kids Performing Arts
Encourage confidence and public speaking with younger members of the group and engage in weekly conversations.

Personal Attributes

As an effective team member and team leader a high level of critical thinking and problem solving skills, attention to detail and enthusiasm is displayed in all work undertaken.
Being focused and hardworking, a high level of independence and dedication is demonstrated in all organisational roles.
Having a confident personality I am easy to work with and able empathise with people.
Able to effectively and supportively work and lead in group scenarios. This can be seen through school group assignments, sporting groups, school clubs and music ensembles.

Certificates and Awards

2019: Clark House Colours (for outstanding leadership and involvement within the house and school community)
2015 - current: Principle's Award For Academic Excellence (awarded every term)
2018: Duke of Edinburgh Award—Silver
2017:Scholarship to attend Oxbridge Summer School Program – St. Andrews University, Scotland (awarded on academic merit)
2016: Duke of Edinburgh Award—Bronze
2014: Recipient of 'Old Scholar Award' (for outstanding academic and all round performance in the preparatory school)

Co-Curricular Involvements

2019: 'Annie' musical orchestra	2018-current: Environmental Action Group
2017,2019: Combined Schools Music Festival	2017-current: Swimming Squad
2016 – current: Orchestra	2016 – 2018: Maths Club
2015 – current: Round Square Student Committee Member	2012 – 2018: Flute Ensemble
2015 – current: Magazine Committee	2011 – 2017: Calisthenics
2013 – current: Concert Band	2010 – current: Choir
	2008 – 2017: Corner Kids Performing Arts
	2007-2014: Starlite Dance Academy

Round Square Board.	

Head of House Report

I congratulate Abigail on her extremely pleasing results. It is apparent from her report that she has strengths in a number of areas. Abigail is an interested student, who diligently applies herself to all tasks and sets out to achieve her best. Abigail is supportive of House events such as the recent Swimming and Athletics Carnivals, and House BBQ. She is punctual to Tutor and always neatly presented. Abigail's courteous and cheerful manner results in positive interactions with her peers and teachers. She is a pleasure to have in Clark House and I look forward to seeing her consolidate the superb start she has made to Year 11.

Head of Senior School / Director of Learning's Signature

Westminster School

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Chemistry - Stage 1**

Subject Code **11CM13**

Student's Name **Abigail Wicks**

Subject Teacher **Mrs Helen Brown / Chemistry - Stage 1**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description SACE Stage 1 Chemistry introduces the student to the atomic theory of matter and the language used by Chemists. The properties of materials are examined in practical activities and explained by scientific models. Problem-solving is used to test the understanding and knowledge of the student and to help them appreciate the importance of Chemistry in society. Communication skills are developed.

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
General Learning Indicators	Attention to presentation of work					●
	Participation in class and group tasks					●
	Ability to organise work/meet deadlines					●

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
Subject Specific Learning Indicators	Research investigation skills					●
	Practical investigation skills					●
	Analysis and evaluation					●
	Application of chemical conventions					●
	Communication of knowledge					●

Effort **1**

Grade **A**

Subject Teacher Comments Abigail is a capable student who has worked diligently and with persistence to ensure all tasks to date have been completed to a high standard. Abigail ensured sound achievement by following given instructions in a methodical fashion. Her discussion piece about Science as a Human Endeavour showed evidence of research and excellent appreciation of processes involved in development of atomic theory. Abigail has also developed excellent skills in graphing and practical procedural analysis. The formative test on Material Properties and Atomic Theory showed evidence of solid preparation as well as sound application of logic. I am pleased with Abigail's progress.

Areas for Improvement Ensure explanation of key terms is included as part of every answer to problems.

Interview Required

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Mathematical Methods 1 - Stage 1**

Subject Code **11MM114**

Student's Name **Abigail Wicks**

Subject Teacher **Mrs Kim Stratford / Mathematical Methods 1 - Stage 1**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description This subject gives students the experience of solving mathematical problems, developing creative and critical thinking skills and linking Mathematics to real world applications. Students will be taught to use technology to enhance their ability to problem solve. Students studying Mathematics A will cover Functions and Graphs; Polynomials; and Arithmetic and Geometric Sequences and Series.

General Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Attention to presentation of work				●	
	Participation in class and group tasks					●
	Ability to organise work/meet deadlines				●	

Subject Specific Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Use basic skills and concepts					●
	Ability to apply mathematical concepts				●	
	Appropriate use of technology				●	
	Communicate mathematically					●
	Investigate and analyse	●				

Effort **1**

Grade **A**

Subject Teacher Comments Abigail is a keen learner who demonstrates an excellent level of understanding of key concepts in Quadratic Relationships. She selects and applies appropriate algorithms consistently well to solve routine and familiar problems. Abigail has persisted admirably to develop strategies to improve her problem-solving skills by readily seeking and accepting feedback. The Term's result is based on one formative and one summative test.

Areas for Improvement Keep developing problem-solving skills.

Interview Required

Westminster School

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Mathematical Methods Unit 3 - Stage 1**

Subject Code **11MM311**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Matthew Stone / Mathematical Methods Unit 3 - Stage 1**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description

This subject gives students the experience of solving mathematical problems, developing creative and critical thinking skills and linking Mathematics to real world applications. Students will be taught to use technology to enhance their ability to problem solve. Students studying Mathematics B will cover Trigonometry; Matrices; and Growth and Decay.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Use basic skills and concepts					●
Ability to apply mathematical concepts					●
Appropriate use of technology				●	
Communicate mathematically					●
Investigate and analyse	●				

Effort **1**

Grade **A**

Subject Teacher Comments

In Mathematical Methods, the term grade is based on achievement in one formative and one summative topic test. Abigail demonstrated an outstanding knowledge of the concepts studied in the Trigonometry topic, incorporating Non-right-angled Trigonometry. Her achievement in the Surds, Indices and Exponentials topic was also outstanding, with the assessment completed without the use of a calculator and a personal reference sheet, adding an extra level of complexity. Abigail's willingness to clarify her learning by asking pertinent questions was most pleasing, and provided her with the opportunity to enhance her mathematical knowledge.

Areas for Improvement

Maintain a strong sense of confidence in her own ability.

Interview Required

Westminster School

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Physics - Stage 1**

Subject Code **11PH113**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Brian Nielsen / Physics - Stage 1**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description This subject enables students to develop their knowledge and understanding of the principles and concepts of Physics. Students develop the skills and abilities to observe, record, and explain the phenomena of Physics, and to draw evidence-based interpretations from investigations of issues related to Physics. The topics covered this semester are Practical Skills, Motion, Newton's laws, Vectors and Projectiles, as well as Waves, Sound and Light.

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
General Learning Indicators	Attention to presentation of work				●	
	Participation in class and group tasks				●	
	Ability to organise work/meet deadlines					●

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
Subject Specific Learning Indicators	Knowledge and understanding				●	
	Practical skills				●	
	Research and communication	●				

Effort **1**

Grade **A**

Subject Teacher Comments Abigail has made a positive start to the year. In class she has been an interested student who has generally used her time effectively. Her practical report was good with room for some minor improvement by making sure that she addresses the criteria set out in the marks sheet. Her results in the Motion tests showed that she has a good grasp of the equations of motion and interpreting graphs. I have been impressed with her willingness to ask questions.

Areas for Improvement To address the criteria in practical reports.

Interview Required

Westminster School

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **English Literary Studies - Stage 1**

Subject Code **11ES17**

Student's Name **Abigail Wicks**

Subject Teacher **Ms Marcella O'Hare / English Literary Studies - Stage 1**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description English Literary Studies focuses on extending and developing students' critical awareness of the ways in which authors construct texts. Students read, view and respond analytically to a variety of texts, and create texts of their own, for a range of purposes and in a range of forms, enabling them to express ideas fluently and accurately in a form appropriate to the purpose.

General Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Attention to presentation of work					●
	Participation in class and group tasks					●
	Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Ability to critically analyse texts					●
	Identify structural features of texts					●
	Identify conventions of poetry					●
	Use evidence to support text criticism					●
	Compose texts that engage the reader					●
	Express ideas accurately and fluently					●
	Show effective oral communication					●

Effort **1**

Grade **A+**

Subject Teacher Comments Abigail is a reliable and industrious English student, who puts time and effort into her work. She is highly organised, seeking help and clarification when needed, and, as well, she always hands in her work for drafting, which benefits from this process. Her Poetry Oral was well researched and well presented, displaying her excellent understanding of her chosen poem's stylistic features. Through thorough drafting, and the effective use of sensory imagery, she created a strong sense of immediacy in her Narrative. Her Writer's Statement displayed her excellent analytical skills.

Areas for Improvement Keep working on her dialogue punctuation.
Keep fine-tuning her fluency of expression.

Interview Required

Westminster School

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Biology - Stage 2**

Subject Code **12BIO1**

Student's Name **Abigail Wicks**

Subject Teacher **Miss Kate Inglis / Biology - Stage 2**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description

This subject presents an overview of the structure and function of living things, their interdependence, and their place in the environment. Life processes are studied at the molecular level and organisational levels of cells, organisms, populations and communities. Advances in Biology and the social issues that arise from these are studied.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Recall and use of biological knowledge				●	
Practical skills and Scientific method	●				
Communication and research					●

Effort **1**

Grade **B+**

Subject Teacher Comments

Abigail is a motivated student who is driven for success. She has demonstrated a mature approach to learning through seeking help when needed and involving herself well in all class activities designed to consolidate learning. Abigail's test result was strong, however she should ensure she reads each question carefully to ensure she answers it with the knowledge required. Constant immersion in the theory presented, and commitment to a detailed revision program should help to develop the skills required to achieve in the A band.

Areas for Improvement

Continued immersion in theory and revision.

Senior School Subject Report

Subject Name **Research Project - Stage 2**

Subject Code **12RES52**

Student's Name **Abigail Wicks**

Subject Teacher **Miss Kate Inglis / Research Project - Stage 2**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description

Students choose a research topic based on an area of interest and apply research processes, knowledge and skills specific to their topic. Students record, analyse and evaluate their findings and reflect on the relevance of their chosen capability to themselves and their Research Project.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Initiate and refine a research question					●
Plan appropriate research processes					●
Conduct independent research					●
Produce an appropriate research Outcome	●				
Evaluate the research processes	●				

Effort **1**

Grade **A-**

Subject Teacher Comments

Abigail has completed the preliminary planning for her Research Project and is currently researching her topic "How are effective treatment plans structured for children aged two to eight who stutter?" She demonstrated thorough consideration and refinement of her research question. Her selection of research processes was thoroughly planned and highly appropriate to the research question. Abigail's development of her research thus far has been thorough and highly resourceful. The grade in this report is only an indication of progress to date.

Areas for Improvement

Continue to use and critique a variety of research processes.

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Music - Ensemble Performance - Stage 2**

Subject Code **2MBL10**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Michael Degenhart**

Report Period **Tuesday, 30 January 2018 - Friday, 6 April 2018**

Subject Description

Ensemble Performance is a 10-credit subject that develops students' skills on their chosen instrument or their voice, and the application of these skills and other musical knowledge in an ensemble. Students develop ensemble performance skills as well as aural perception, musical sensitivity, and awareness of style, structure, and historical conventions in an ensemble. Students are required to participate in regular rehearsals and performances.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Accuracy, musicality and technique				●	
Responds to direction					●
Works cooperatively in a team					●
Communicate effectively					●
Ability to meet deadlines					●
Extend ensemble performance skills					●

Effort **1**

Grade **NA**

Subject Teacher Comments

Students undertaking Ensemble Performance have been involved in regular weekly rehearsals throughout Term 1 and will not be formally assessed until their first public performance during Term 2. There are two public assessed performances of 20 minutes duration for SACE assessment. This will also include a part test after each performance. Abigail has been a reliable member of Concert Band and will need to work consistently on her part testing outside of the ensemble.

Areas for Improvement

Practice part testing.

Effort **1**

Grade **A-**

Subject Teacher Comments

Abigail's proactive approach to learning has enabled her to demonstrate a deep and broad knowledge and understanding of a range of biological concepts through a variety of formats throughout the semester. Her report looking to the "Development of antibiotics" was researched well, and explored in detail the interaction between Science and Society. Abigail's practical work has highlighted her ability to systematically analyse and interpret data and evidence to formulate logical conclusions with detailed justification. In order to continue to enhance her level of achievement in Test and Examination-style tasks, I encourage Abigail to develop a detailed and thorough approach to revision.

Areas for Improvement

Continuously practise examination style questions.

Head of House Report

Abigail should be extremely proud with the way she has continued to focus on her studies; she has established a very solid base for her Year 12 studies next year with outstanding academic results and efforts across many subject areas. Her teachers all reflect on her exemplary work ethic and consistently comment on the determined, attentive and conscientious attitude she brings to her studies. Abigail is always well organised, neatly attired and respectful in all her interactions, making her a superb role model for her fellow peers and the younger students within the House. Abigail has nominated for a leadership role within Clark House in 2019 and I wish her well both with this process and as she prepares for her final year of schooling.

	Application of chemical conventions				●	
	Communication of knowledge				●	

Effort **1**

Grade **B+**

Subject Teacher Comments Abigail has continued to work to high standards, giving all tasks diligent application. Her understanding of Bonding Theory and its impact on Solubility has been developing well. Abigail has been challenged when using Mole Ratio, but with her usual commitment to addressing areas of confusion, I am confident she will develop a consistently successful approach to such problem solving. Variable recognition and determination of charge has impacted on her ionic compound formula writing, but again this should improve with increased practice. Abigail has worked with confidence in experimental work showing safe chemical handling practices. Her research skills are also developing well.

Areas for Improvement More time practising formula writing.

Effort **1**

Grade **A-**

Subject Teacher Comments Abigail is a diligent student, demonstrating a high level of organisation, and a very good ability to seek help and respond to feedback. Her Infomercial was creative, effective, and utilised a range of rhetorical devices to target her intended audience effectively. Abigail has been able to convey a perceptive understanding of the concepts presented in the course. She has contributed to the reading of Macbeth, and participated in Socratic discussion to help further her interpretations of the text. To help her improve, Abigail should work on her written expression to help her employ more sophisticated nomenclature.

Areas for Improvement Work on developing more consistency in analytical depth.
Use holidays to complete TEA charts for the Comparative Assignment.

Subject Description In this unit students will cover the Introduction to Differential Calculus, Counting and Statistics, Real and Complex Numbers and Geometry. This specifically includes, Properties and Applications of Derivatives, the Binomial Expansion, Probability, and Circle Geometry. The final grade for this course is calculated upon an Investigation, equating to 30% of the grade and three Skills and Application Tasks, which make up the remaining 70% of the.

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
General Learning Indicators	Attention to presentation of work					●
	Participation in class and group tasks					●
	Ability to organise work/meet deadlines					●

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
Subject Specific Learning Indicators	Use basic skills and concepts					●
	Ability to apply mathematical concepts				●	
	Appropriate use of technology				●	
	Communicate mathematically					●
	Investigate and analyse					●

Effort **1**

Grade **A**

Subject Teacher Comments Abigail has developed an excellent level of understanding of key concepts in Calculus. Her Folio was well constructed and showed clear understanding of relationships between functions and their derivatives. Abigail's fundamental skills are good and she capably applies them to solve complex problems in a variety of contexts.

Areas for Improvement Keep practising your skills to build confidence when applying them.

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Specialist Mathematics - Stage 1**

Subject Code **11MS114**

Student's Name **Abigail Wicks**

Subject Teacher **Mrs Sharon Kennare / Specialist Mathematics - Stage 1**

Report Period **Tuesday, 24 July 2018 - Thursday, 20 September 2018**

Subject Description

This subject gives students the experience of solving mathematical problems, developing creative and critical thinking skills and linking Mathematics to real world applications. Students will be taught to use technology to enhance their ability to problem solve. Students studying Unit D, Specialist Mathematics, will cover Vectors; Further Trigonometry, Matrices, and Mathematical Induction.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Use basic skills and concepts					●
Ability to apply mathematical concepts					●
Appropriate use of technology					●
Communicate mathematically					●
Investigate and analyse	●				

Effort **1**

Grade **A**

Subject Teacher Comments

Abigail has made excellent progress this term. Although tested at times by the content and the pace, she has demonstrated great determination to be successful. In the Trigonometrical Proofs Abigail has been able to appreciate the logic and simplicity of the solutions.

Areas for Improvement

Keep enjoying the beauty of the Mathematics.

Subject Name **Physics - Stage 1**

Subject Code **11PH26**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Nicholas Criaris / Physics - Stage 1**

Report Period **Tuesday, 24 July 2018 - Thursday, 20 September 2018**

Subject Description This subject enables students to develop their knowledge and understanding of the principles and concepts of Physics. Students develop the skills and abilities to observe, record, and explain the phenomena of Physics, and to draw evidence-based interpretations from investigations of issues related to Physics. The topics covered this semester are Practical Skills, Motion, Newton's laws, Vectors and Projectiles, as well as Waves, Sound and Light.

		N/A	Unsatisfactory	Satisfactory	Good	Excellent
General Learning Indicators	Attention to presentation of work					●
	Participation in class and group tasks					●
	Ability to organise work/meet deadlines					●
		N/A	Unsatisfactory	Satisfactory	Good	Excellent
Subject Specific Learning Indicators	Knowledge and understanding					●
	Practical skills					●
	Research and communication	●				

Effort **1**

Grade **A+**

Subject Teacher Comments Abigail is a very capable student who has excellent problem solving techniques. She has the ability to apply the concepts introduced to more advanced problem solving. Abigail is self-motivated and works conscientiously on the various tasks set. She has demonstrated the ability to communicate concepts clearly and her written responses indicate a high level of understanding of the ideas covered to date.

Areas for Improvement Work on areas that need attention.

Subject Name **Supervised Study**

Subject Code **11STU81**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Brenton Minge**

Report Period **Tuesday, 24 July 2018 - Thursday, 20 September 2018**

Subject Description

In Semester 2 students have attended formal Study Support sessions to assist with their learning and progress. Students have been encouraged to bring materials to support their independent learning across a range of subjects. Teacher are available for advice and support. During this time students may arrange to meet with their subject teachers. Students who have not completed the Research Project have used this time to make progress with this.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work	●				
Participation in class and group tasks	●				
Ability to organise work/meet deadlines	●				

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Organises work for each study session					●
Listens to and acts upon advice	●				
Settles to study quickly					●
Studies productively throughout					●
Contribution to positive atmosphere				●	

Effort **1**

Grade **N/A**

Subject Teacher Comments

Abigail has utilised the Supervised Study sessions as an opportunity to independently work on her mainstream subjects. She has been organised and diligent in her approach to these sessions. It is hoped that the opportunity to utilise some school time for assessment has had a positive impact on her subject grades.

Areas for Improvement

Continue to plan your study lessons to maximise your learning time.

Senior School Subject Report

Subject Name **Biology - Stage 2**

Subject Code **12BIO1**

Student's Name **Abigail Wicks**

Subject Teacher **Miss Kate Inglis / Biology - Stage 2**

Report Period **Tuesday, 24 July 2018 - Thursday, 20 September 2018**

Subject Description

This subject presents an overview of the structure and function of living things, their interdependence, and their place in the environment. Life processes are studied at the molecular level and organisational levels of cells, organisms, populations and communities. Advances in Biology and the social issues that arise from these are studied.

General Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Attention to presentation of work					●
Participation in class and group tasks					●
Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators

	N/A	Unsatisfactory	Satisfactory	Good	Excellent
Recall and use of biological knowledge					●
Practical skills and Scientific method					●
Communication and research					●

Effort **1**

Grade **A-**

Subject Teacher Comments

Abigail has continued to apply herself well in Biology this term. While her practical reports and investigations have always been strong, I have seen an improvement in her test results, which is extremely pleasing. Abigail is intrinsically motivated to master all of the course content, and hence has developed a deep and broad level of knowledge and understanding. In order to maintain and potentially enhance her level of achievement, Abigail should follow a strict revision program, and practice identifying the specific theory each question is testing.

Areas for Improvement

Completing SACE style questions and ensure she includes adequate detail.
Identify any concepts she would like further clarified or elaborated upon.

STUDENT ACADEMIC REPORT

Senior School Subject Report

Subject Name **Ensemble Performance - Stage 2**

Subject Code **12MBL1**

Student's Name **Abigail Wicks**

Subject Teacher **Mr Michael Degenhart**

Report Period **Tuesday, 24 July 2018 - Thursday, 20 September 2018**

Subject Description Ensemble Performance is a 10-credit subject that develops students' skills on their chosen instrument or their voice, and the application of these skills and other musical knowledge in an ensemble. Students develop ensemble performance skills as well as aural perception, musical sensitivity, and awareness of style, structure, and historical conventions in an ensemble. Students are required to participate in regular rehearsals and performances.

General Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Attention to presentation of work				●	
	Participation in class and group tasks				●	
	Ability to organise work/meet deadlines					●

Subject Specific Learning Indicators		N/A	Unsatisfactory	Satisfactory	Good	Excellent
	Accuracy, musicality and technique				●	
	Responds to direction					●
	Works cooperatively in a team					●
	Communicate effectively					●
	Ability to meet deadlines					●
	Extend ensemble performance skills					●

Effort **1**

Grade **A**

Subject Teacher Comments Abigail continues to be a reliable and consistent member of the Senior Concert Band, and a great leader of the flute section. She produces a lovely full tone on the flute and piccolo. Abigail plays musically with a good sense of phrasing and dynamic shape. I would encourage Abigail to practice her parts independently from the ensemble and focus on accuracy and detail.

Areas for Improvement Part testing.

Achievement Summary

Subject Teacher	Subject Name	Achieved	Effort
Vera Dunaiski	Chemistry - Stage 2	B+	1
Rachel Abercrombie	English Literary Studies - Stage 2	A	1
Kate Johns	Mathematics Methods - Stage 2	A+	1
Brian Nielsen	Physics - Stage 2	A	1
Matthew Stone	Specialist Mathematics - Stage 2	A	1

Demonstration of School Values

Courageous	Shows willingness to embrace and persist with new learning	Always
Curious	Engages in learning, asking questions to develop understanding	Always
Inclusive	Appreciates diverse perspectives, communicates effectively and uses this to work collaboratively	Usually
Kind	Shows respect and understanding for others	Always
Mindful	Understand themselves as a learner, manages their learning and expresses emotions appropriately	Usually
Resilient	Reflects on learning and chooses appropriate responses to design a course of action	Always

Head of House Comment

Abigail is a kind and thoughtful student, who is well respected by her peers and staff alike. Her bright and positive manner is infectious and appreciated by all who come into contact with her. Abigail has approached her studies with maturity and dedication and this is reflected in her outstanding results. Her participation in Tutor and House activities has continued to strengthen her relationships with others and she is held in high esteem by her peers. She is always well presented wearing her uniform with pride, she is an excellent role model to the younger members of the House in this respect. Abigail should use the holiday break to ensure she is on top of her work load, but also needs to set aside some time to relax and recharge herself for the busy term ahead. I congratulate Abigail on an excellent semester and look forward to seeing her continue the high standards she has set.

Summary and Advice

Subject Teacher	Subject Name	Progress Grade	Effort
Rachel Abercrombie	English Literary Studies - Stage 2	A	1
Next Steps for Learning	Abigail has almost completed all of the school-based requirements for English Literary Studies. Over the holidays, the Transformation Task with Writer's Statement will need to be finished, ready to draft at the start of next term. Additionally, to adequately prepare for the end of year exam Abigail should complete the two sixty-minute practice exams which have been provided, one for each week of the break.		
Kate Johns	Mathematics B- Stage 2	A	1
Next Steps for Learning	Abigail has now completed all summative Skills and Applications Tasks for this course. Abigail has achieved consistently high results this year, achieving an A overall for the 70% school assessment for Stage 2 Mathematical Methods. Abigail is encouraged to continue her proactive approach to revision for the 30% External Examination to ensure that she is able to maintain the academic results that she has achieved this year. Abigail should be using the upcoming holidays to review her knowledge and make the most of the holiday revision sessions and practice examination.		
Brian Nielsen	Physics - Stage 2	A	1
Next Steps for Learning	With one Summative test to go which will be held on Friday of Week 1, Term 4 Abigail has shown in tests that she has a very good grasp of most concepts. Her efforts in the SHE task and the Deconstruction Practical were exceptionally good. To best revise for the Examination she would be well advised to work through questions in the revision guide, and then attempt some past examinations, or the trial examination on SEQTA. If Abigail needs assistance in the weeks leading up to the examination I encourage her to arrange a time to catch up with me.		
Matthew Stone	Specialist Mathematics - Stage 2	A	1
Next Steps for Learning	The course content has now been covered and the grade attached relates to the internally submitted summative assessments completed. It is important for Abigail to revise carefully for the external examination, which equates to 30% of the overall grade for this course. It is recommended that revision should be for at least an hour per day, between now and the external examination. The revision should focus on all topics covered this year, in small chunks during each revision session. Research shows that revising a topic frequently helps aid retention and understanding.		

Students and families are welcome to contact the School to discuss any aspect of this report. Please make contact via the appropriate Head of House.
