AUTOMATIC UPDATES - We regularly update some of your income and asset details automatically based on information provided by various sources. If any of the following apply to you, it may change the rate of your payment:

- On the first workday of each month the new exchange rate will be applied to any Foreign Pension and some income and assets that are recorded in foreign currency.
- In March and September each year shares, securities and unitised managed funds values, both domestic and foreign, will be updated.
- Throughout the year the changes in the asset value of financial investments, including savings and term deposits accounts, or a change in the deeming rate will update the amount of deemed income.
- We use current market value when we assess your property. We apply an indexation amount to houses, townhouses and units each year. This keeps the value current and ensures you get the right payment amount. Where indexation cannot occur, we will determine if we need to update your property value every 2 years. For more information, go to humanservices.gov.au and search for 'real estate assets'.
- Each year the value of Commonwealth and State Government Defined Benefit Income Streams will be updated in line with the fund's Consumer Price Index.

This report provides specific information to parents and students about academic achievement, attitudes towards learning and absenteeism. Information about your child's progress has been gathered against each subject's Learning and Assessment Plan.

Our teachers report against the Australian Curriculum in Year 10 and against the SACE Performance Standards for Year 11 and Year 12 subjects. Performance Standards for Stage 1 and Stage 2 subjects describe the depth of understanding and the sophistication of knowledge and skill expected of students at the end of each semester or year level.

Year 10 and Year 11 students receive an A-E grade, while Year 12 students receive a fine grade from A+ to E- based on the SACE grading system at Year 12. Each grade highlights your child's current progress against the Australian Curriculum Achievement standards at Year 10 or against the Performance Standards for Stage 1 and Stage 2 subjects.

More information about each Curriculum Learning Area and the Achievement Standards can be accessed at www.australiancurriculum.edu.au or via the SACE website www.sace.sa.edu.au for Stage 1 and Stage 2 Subject Outlines.

Achievement Standards / Performance Standards

Students with an N grade are not awarded any credits towards their SACE.

P	Pending (SACE Compulsory Subjects Only) used for those subjects requiring at least a C grade (English, Maths and PLP). Students with a P will not receive a result, but will have their enrolment rolled over to the next resulting period (the next semester).
U/G	Ungraded
Modified	One or more subject grades in this report are applied to a modified curriculum. These are based on the student's Negotiated Education Plan , or they have missed some assessment tasks due to illness, applied to sections of the Australian Curriculum achievement standards or linked to SACE Special Provisions.
