PERTH MODERN SCHOOL
YEAR 12 SEMESTER 1 2022

[Student Number 28208490]

Explanatory Notes

The information contained in this report is a summary of your child's achievement, attitude, behaviour and effort. Formal reports are provided twice a year at the end of each school semester. This report is one of a number of strategies used by the school to communicate to you about your child's progress.

Perth Modern School caters for academically able students who accelerate by being enrolled in ATAR courses from Year 10.

Course Unit Results

The Western Australian Certificate of Education (WACE) Course units are semester or year length.

- Grades represent student achievement in relation to the difficulty of the unit.
- Marks (if included) for each Course unit will be a unit mark out of 100.

Endorsed Programs

Endorsed programs provide access to areas of learning not covered by WACE courses or VET programs. They are delivered in a variety of settings by schools, workplaces, universities and community organisations. These programs contribute to the WACE as unit equivalents. Students are awarded a result that indicates the level of achievement within the context of the program.

Grades

Grades can be interpreted as follows:

- A - Excellent achievement
- B - High achievement
- C - Satisfactory achievement
- D - Limited achievement
- E - Unsatisfactory achievement
- U - Requirements not completed

Aaditya has worked steadily this semester producing written work of an excellent standard throughout. He has shown a real determination to deal with any challenges as they arose and as a result is now a good all-round chemist with promise for the future. Aaditya has developed a good range of practical skills including those of analysis and evaluation. Overall I am impressed with Aaditya's positive attitude and willingness to work hard to achieve his goals. He is to be congratulated on his impressive progress in Semester 1. I look forward to assisting Aaditya in Semester 2.

Aaditya is a highly driven and confident student who has demonstrated a firm understanding of content and skills taught this semester. He is able to construct well-developed arguments supported by theory, and is also able to analyse given data to draw out clear observations. To improve, Aaditya should further develop the level of detail and depth of his extended answer responses and to include relevant examples to support key points and arguments. I would also encourage Aaditya to read economic analyses widely to consolidate his knowledge of economic issues.

This semester, students in ATAR English have been exploring representations of themes, issues, ideas and concepts through a comparison of texts. They have analysed, compared and composed texts to explore relationships between language, genre and contexts through study of short stories and film. Aaditya has been a quiet and amiable member of our class. He has produced some good content that exhibits an increasing understanding of course concepts. To improve, Aaditya should strengthen the structure of his responses by using frameworks provided more effectively and employing the conventions of text types selected with greater precision. Furthermore, Aaditya should make effective planning and time-management a priority. I advise that he regularly undertake timed practice responses and submit these for feedback to ensure that he is prepared for the rigours of his end-of-year exams. Aaditya is making steady progress, and has been a pleasure to teach.

Aaditya is a quiet young man who prefers to work independently. He has a very positive attitude to learning, resulting in this very good grade. Aaditya has continued to work hard to make improvement, resulting in this pleasing exam score. He needs to develop a systematic revision program at home next semester to guarantee further progress. It has been a pleasure teaching Aaditya this semester.

Aaditya is a hard-working and capable student who has achieved an excellent result for Mathematics Specialist this semester. He has demonstrated a good understanding of the concepts taught in this course, and his Semester 1 exam result is pleasing. Based on his Semester 1 exam, Aaditya should use past WACE and practice papers, and work through the last few questions of these papers to prepare for the challenging problems that he may encounter in an exam. Overall, it has been a pleasure to teach him.

Online Literacy and Numeracy Assessment (OLNA) Results

In order to achieve the Western Australian Certificate of Education (WACE), students are required to demonstrate that they have met a minimum standard in literacy (reading and writing) and numeracy. Students can meet these minimum standards either by achieving Band 8 or higher in the NAPLAN reading, writing and numeracy tests in Year 9 or by meeting the minimum standards of the reading, writing and numeracy components of the Online Literacy and Numeracy Assessment (OLNA) from Year 10. Students have up to six opportunities (two per year) from Year 10 through to Year 12 to demonstrate the literacy and numeracy minimum standards.

OLNA Test	Category	Result
Numeracy	Cat 3	Aaditya has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Reading	Cat 3	Aaditya has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Writing	Cat 3	Aaditya has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN

Students have embraced their final year at Perth Modern whole heartedly. The Masquerade Ball was the social event of the year with students looking gorgeous as they danced the night away at Optus Stadium. I congratulate the students on their calm and diligent approach to their studies, and encourage them to keep their goals for the year and future pathways in mind, as they work towards completing their final year of Secondary School. This cohort continue to support each other at every opportunity, and it is a joy to watch them grow into community-minded young adults.

NB: The information in the table above is a *prediction* only. Final student scores and ATARs will vary as a result of the moderation of school-based marks, scaling of individual courses, the overall nature of the state-wide Year 12 cohort in any given year, and most importantly, the individual student's performance in the WACE exam.

The Tertiary Institutions Service Centre (TISC) and the School Curriculum and Standards Authority apply a number of processes to derive state-wide comparability of student results and subsequently a ranking for tertiary entrance. These processes are:

- Moderation
- Standardisation
- Scaling

Further details of these processes can be found at the School Curriculum and Standards Authority and TISC websites.

The predicted ATAR below is derived from scores adjusted to reflect these processes and the application of ATAR bonuses for languages courses, Mathematics Methods and Mathematics Specialist.

TO WHOM IT MAY CONCERN

RE: Aaditya Shah - Evidence of Leadership Positions

I write this letter to provide evidence of Aaditya's leadership roles at Perth Modern School – Western Australia's only fully selective gifted and talented high school.

Over the past two years, Aaditya has been a part of Mod Crew, a multi-year advocacy at Perth Modern School focused on assisting school events such as Charity Day, NAIDOC Week and House Bake-off. Additionally Aaditya was appointed as a secretary of Badminton Mod Club in 2021, in which he provided assistance in organising and running various activities for students from year 7 to year 12.

Should you require further information, do not hesitate to ask.

Yours sincerely,

Rick McMahon

To whom it may concern,

Aaditya Shah – Evidence of Leadership positions

I write this letter to provide evidence of Aaditya's Leadership position as a basketball coach for the team "Leedy Pumas" that is a part of the Leederville Basketball Club playing in the Boys U18 2 for the Winter 2022 season.

Over the past season Aaditya has been coaching a small team of 7 aspiring athletes who share a common love for the game of basketball. Aaditya has had to organise with the players and their parents in order to prep for the team's games every Saturday. He learned valuable leadership and communication skills in coaching his fellow players.

Should you require any further information, do not hesitate to ask.

Yours Sincerely,

Al Lackovic
