COLLEGE

ANGELINA KEARNEY
SHENTON COLLEGE
YEAR 12 SEMESTER 1 2021

[Student Number 27389433]

Explanatory Notes

The information contained in this report is a summary of your child's achievement, attitude, behaviour and effort. Formal reports are provided twice a year at the end of each school semester. This report is one of a number of strategies used by the school to communicate to you about your child's progress.

Course Unit Results

The WACE course units are semester or year length and organised into ATAR and General courses which represents the degree of difficulty and complexity. ATAR course units are the more difficult of the course units.

1. Grades represent student achievement in relation to the difficulty of the unit. Therefore a B grade in an ATAR unit represents a higher achievement than a General course unit.
2. Marks (if included) for each Course will be a progress mark out of 100.

Endorsed Programs

Endorsed programs of varying duration are undertaken within or outside of school time in workplace learning (ADWPL), VET stand-alone, university studies, community organisation and personal development.

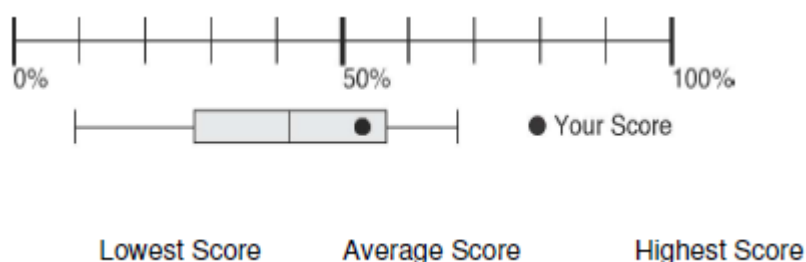

Students are awarded a result that indicates the level of achievement within the context of the program.

Grades

Grades can be interpreted as follows:

- A - Excellent achievement
- B - High achievement
- C - Satisfactory achievement
- D - Limited achievement
- E - Unsatisfactory achievement
- U - Requirements not completed

In the Semester Two Report you will also receive a graph that looks like the one below. This graph is called a **"Student Individual Course Mark Analysis"**

This diagram represents the spread of the student marks in this course. The black dot is your child's place in the group and the shaded region contains the middle 50% of all students studying this course.

Course Results

CHEMISTRY ATAR YEAR 12 (ATCHE)

School Semester Grade	A	B	C	D	E	School Semester Mark	75	School Examination	75	Consistently	Often	Sometimes	Seldom	Not Assessed	
<i>Angelina is a pleasant student who has worked consistently in class during this semester. She has achieved excellent results, which are a reflection of the effort she has put into this subject. Angelina can further improve her performance if she learns to approach written tasks in a more systematic manner.</i>										Attitude, Behaviour and Effort	Participates fully	✓

ENGLISH ATAR YEAR 12 (ATENG)

School Semester Grade	A	B	C	D	E	School Semester Mark	75	School Examination	59	Consis	Often	Someti	Seldom	Not Ass		
<i>Angelina is a thoughtful and well-mannered student who is to be commended for her diligent work ethic in English this semester. She has achieved consistently strong results in assessment tasks this semester, demonstrating a sophisticated understanding of the English course concepts. Angelina's examination performance was lower than expected, and she will need to reflect on her exam preparation and strategy to address this by the end of the year. I encourage Angelina to continue to extend her critical and creative thinking skills during Semester 2 by considering issues from multiple perspectives, and by making connections between studied texts and her personal context. Angelina is a valued member of our class and I wish her every success for her future.</i>										Attitude, Behaviour and Effort	Participates fully	✓

FRENCH: SECOND LANGUAGE ATAR YEAR 12 (ATFSL)

School Examination					75	Practical Mark					74	Consistent	Often	Sometimes	Seldom	Not Assessed							
School Semester Grade	A	B	C	D	E	School Semester Mark	73	Written Mark									72						
<i>It has been a pleasure to see Angelina continue to achieve solid results in French. She has a sound understanding of language structures in French, and she is able to use these to understand listening and reading texts and to express herself in speaking and writing. Angelina can progress in her French by developing her understanding and use of more complex sentence structures in writing and speaking. I would also encourage Angelina to continue to gather interesting and varied vocabulary and expressions on our topics. Engaging in more spontaneous spoken interactions in French in and outside of class will help her to feel more comfortable and forthcoming with information in speaking assessments. I look forward to working with Angelina on these areas of growth in coming months.</i>

MATHEMATICS METHODS ATAR YEAR 12 (ATMAM)

School Semester Grade

A	B	C	D	E
---	---	---	---	---

School Semester Mark

81

School Examination

76

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Angelina has obtained an excellent result in the Methods course this semester. She is consistently an engaged and enthusiastic learner and a diligent worker, keen to make the most use of every minute of each lesson. Her examination has reflected a thorough understanding of the key concepts from this course. I am confident that Angelina will continue to achieve highly in this course in Semester 2. Angelina has been a pleasure to teach and I wish her all the best in her future endeavours.

Miss Q. Ai

MATHEMATICS SPECIALIST ATAR YEAR 12 (ATMAS)

School Semester Grade

A	B	C	D	E
---	---	---	---	---

School Semester Mark

67

School Examination

63

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Angelina is a diligent member of the class who has obtained an overall sound result in the Specialist course this semester. She consistently makes strong efforts to take care with the structure of her responses and with the use of correct mathematical notation. In order to further improve her performance in the next examination, Angelina should aim to begin her revision routine earlier, as well as to revisit notes taken in class to summarise each topic to ensure that she does not forget important key concepts. Angelina has been a pleasure to teach and I wish her all the best in her future endeavours.

PHYSICS ATAR YEAR 12 (ATPHY)

School Semester Grade

A	B	C	D	E
---	---	---	---	---

School Semester Mark

65

School Examination

73

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Angelina is a pleasant student, who brings a good attitude to our Physics lessons. While her results have been somewhat inconsistent, her overall level of achievement has been pleasing and her examination performance was markedly improved compared to her performance in earlier tests. Angelina can improve her performance if she devotes more of her independent revision to practising her calculations, with a particular focus on showing her working out in a clear manner.

Attitude, Behaviour and Effort

Participates fully	✓				
Behaves appropriately	✓				
Is well organised	✓				
Meets deadlines	✓				
Works autonomously	✓

Online Literacy and Numeracy Assessment (OLNA) Results

In order to achieve the Western Australian Certificate of Education (WACE), students are required to demonstrate that they have met a minimum standard in literacy (reading and writing) and numeracy. Students can meet these minimum standards either by achieving Band 8 or higher in the NAPLAN reading, writing and numeracy tests in Year 9 or by meeting the minimum standards of the reading, writing and numeracy components of the Online Literacy and Numeracy Assessment (OLNA) from Year 10. Students have up to six opportunities (two per year) from Year 10 through to Year 12 to demonstrate the literacy and numeracy minimum standards.

OLNA Test	Category	Result
Numeracy	Cat 3	Angelina has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Reading	Cat 3	Angelina has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Writing	Cat 3	Angelina has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
