PHOEBE IRAWAN
PERTH MODERN SCHOOL
YEAR 12 SEMESTER 1 2019

[Student Number 25130501]

Explanatory Notes

The information contained in this report is a summary of your child's achievement, attitude, behaviour and effort. Formal reports are provided twice a year at the end of each school semester. This report is one of a number of strategies used by the school to communicate to you about your child's progress.

Course Unit Results

The Western Australian Certificate of Education (WACE) Course units are semester or year length.

- Grades represent student achievement in relation to the difficulty of the unit.
- Marks (if included) for each Course unit will be a unit mark out of 100.

Vocational Education and Training (VET) Qualifications

VET qualifications are for students wishing to participate in nationally recognised training. Qualifications contribute to the WACE as unit equivalents.

Competency results may be final or progress towards future completion. Final results may be subject to external verification.

Endorsed Programs

Endorsed programs provide access to areas of learning not covered by WACE courses or VET programs. They are delivered in a variety of settings by schools, workplaces, universities and community organisations. These programs contribute to the WACE as unit equivalents.

Students are awarded a result that indicates the level of achievement within the context of the program.

Grades

Grades can be interpreted as follows:

- A - Excellent achievement
- B - High achievement
- C - Satisfactory achievement
- D - Limited achievement
- E - Unsatisfactory achievement
- U - Requirements not completed

Course Results

CHEMISTRY ATAR YEAR 12 (ATCHE)

School Semester Grade	A B C D E	School Semester Mark	86	School Examination	83	Consistently	Often	Sometimes	Seldom	Not Assessed
Phoebe is a mature, determined and able chemist and has been effortless to teach this year. Her conscientious approach coupled with the high-expectations she has of herself has allowed her to obtain impressive academic results. She clearly enjoys the challenge of applying herself to unfamiliar topics and written problems, especially within a group where her giving, tolerant and hard-working attitude motivates her peers to great effect. Phoebe's qualities and genuine interest should guarantee her success in Semester 2.

Mrs A. Pilling										

LITERATURE ATAR YEAR 12 (ATLIT)

School Semester Grade	A B C D E	School Semester Mark	71	School Examination	63	Consistently	Often	Sometimes	Seldom	Not Assessed
Phoebe is a quiet and conscientious student in Literature. Her research skills are very strong, particularly in regard to the play we studied in class. I encourage Phoebe to add to these skills through regular practice of past essay questions, reading widely and honing her close analysis skills.						✓

MATHEMATICS METHODS ATAR YEAR 12 (ATMAM)

School Semester Grade	A B C D E	School Semester Mark	95	School Examination	90	Consistently	Often	Sometimes	Seldom	Not Assessed
Phoebe has worked exceptionally well in this subject for the whole semester and this is reflected in the high standard of work that she has produced on most occasions. She has shown herself to be a highly capable Mathematics student, demonstrating a clear understanding of the concepts that we have covered in the course. Her examination performance was excellent, indicating further that she can apply her knowledge to problem solving questions. With similar application to what she has shown in Semester 1, Phoebe has demonstrated all the necessary skills for continued success in this subject.						✓

Phoebe is a diligent mathematician who approached this course with a positive and enthusiastic attitude. She has achieved pleasing progress this semester but needs to review her examination technique to minimise small errors and to improve her accuracy. She communicates well with the teacher and classroom members. It has been a pleasure to teach her.

Not Assessed

Phoebe is making steady progress in the Cultural and Historical Analysis section of the course. Further improvement can be made in the non-compulsory area of the course by revising and consolidating her knowledge of the origins and evolution of the symphony as well as her compulsory designated works. Phoebe might consider using dot points in her extended responses to enable her to include more specific information in a limited time. In the Theory and Composition and Aural and Analysis components she is showing consistently strong results. Phoebe has achieved a very good mark in her Performance Examination. With her dedicated practice routine and attention to detail, Phoebe has the capacity to achieve a greater result.

Consistently
Often
Sometimes
Seldom
Not Assessed

Phoebe is a quiet and focused student who achieved marks above the class average for all but one assessment in Semester 1. She found the topic of Electromagnetism challenging and is encouraged to ensure that she reviews this topic thoroughly and sees her teacher if she requires further clarification. Phoebe should also make use of the past ATAR papers provided to get practise with examination style questions in this and other topics. It has been a pleasure having Phoebe in class and I wish her continued success in her remaining studies.

Mr O. Waters

Community Service Program

Hours of service completed: 82.0

Attendance Profile

Number of half day absences: Semester 1

Percentage Attendance:

The Year 12 Advocacy program has been guiding students to obtain a strong Sense of Control and Direction as they prepare to exit Perth Modern School. Guest presenters and time with mentors have allowed each student to build stronger working relationships with staff and their peers as they seek to be ready to thrive in the challenges they have ahead. Phoebe has always been an optimistic and friendly young lady in Advocacy, whose presence has provided a positive feel in the room. Her attitude towards all aspects of her school life has shown a level of maturity that should serve her well as she looks to make the most of the opportunities ahead of her. I wish her all the best in her future endeavours.
