James is to be commended on once again achieving 'A' grades in all of his subjects this semester which is an outstanding academic performance. His meticulous approach to study and genuine desire to make the most of his opportunities are reflected in the marks he has achieved and the positive ratings he has received from his teachers. James finished the semester with the number 1 ranking in the cohort in five of his ATAR subjects. Hence, he was a very worthy recipient of the Chemistry, Physics, Literature, Mathematics Specialist and Mathematics Methods Prizes on Speech Day, and should feel extremely proud of his achievements. He also won the Cygnet Poetry Prize and John Vetter Memorial Prize, awarded for 'Application by a Year 11 Student'. He is deserving of praise and it is a credit to him that he has done so well without any sense of affectation. It is these fine attributes that will hold him in good stead for his Year 12 studies and beyond.

I am always impressed by boys who find the time for others through the Service Learning programme at a demanding time such as in Year 11, and no doubt the experience of being a Nulsen Association Patron will have enriched James. He is a very calm and capable young man who readily accepts responsibility and can be relied upon to see a task through to its conclusion. James thoroughly enjoys representing the School in PSA sport, and his coaches have spoken highly of his ability as well as his on-field leadership skills. He has also been honoured with Symbols in Mock Trial this semester, and shows no sign of slowing down. His contributions throughout the School are impressive and appreciated. James must make sure he carefully balances his workload in Year 12 and gives himself planned 'downtime' to recuperate.

James is a fine role model and is one who is keen to make a difference and to be a positive influence on his peers. I was delighted to offer James the captaincy of St Georges House for 2017. I am certain he will carry out his responsibilities in a calm, confident and methodical manner. He has also been appointed a School Prefect in Year 12, a most significant honour that recognises his contributions and leadership

Year 11 St Georges

across so many aspects of the School. He is respected by so many and he should feel buoyed by their support. James embraces so much of what the School has to offer. I acknowledge him for his undoubted commitment to all that Hale School stands for and I am looking forward to working closely with him in 2017.

Mr S N Hunt
Head of House
