

SHENTON
COLLEGE

WENTAO JING
SHENTON COLLEGE
YEAR 12 SEMESTER 1 2022

[Student Number 28363911]

Explanatory Notes

The information contained in this report is a summary of your child's achievement, attitude, behaviour and effort. Formal reports are provided twice a year at the end of each school semester. This report is one of a number of strategies used by the school to communicate to you about your child's progress.

Course Unit Results

The WACE course units are semester or year length and organised into ATAR and General courses which represents the degree of difficulty and complexity. ATAR course units are the more difficult of the course units.

1. Grades represent student achievement in relation to the difficulty of the unit. Therefore a B grade in an ATAR unit represents a higher achievement than a General course unit.
2. Marks (if included) for each Course will be a progress mark out of 100.

Endorsed Programs

Endorsed programs of varying duration are undertaken within or outside of school time in workplace learning (ADWPL), VET stand-alone, university studies, community organisation and personal development.

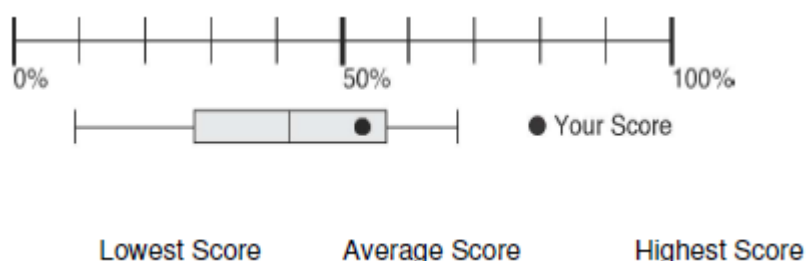

Students are awarded a result that indicates the level of achievement within the context of the program.

Grades

Grades can be interpreted as follows:

- A - Excellent achievement
- B - High achievement
- C - Satisfactory achievement
- D - Limited achievement
- E - Unsatisfactory achievement
- U - Requirements not completed

In the Semester Two Report you will also receive a graph that looks like the one below. This graph is called a **"Student Individual Course Mark Analysis"**

This diagram represents the spread of the student marks in this course. The black dot is your child's place in the group and the shaded region contains the middle 50% of all students studying this course.

Course Results

CHEMISTRY ATAR YEAR 12 (ATCHE)

School Semester Grade	A	B	C	D	E	School Semester Mark	89	School Examination	85	Consistently	Often	Sometimes	Seldom	Not Assessed
<i>Tony is a pleasant student who has worked consistently in class during this semester. He has achieved excellent results, which are a reflection of the effort he has put into this subject. While Tony has demonstrated his aptitude with chemical equations and calculations, he can further improve his performance if he can enhance the structure and depth of his written responses.</i>							Attitude, Behaviour and Effort	Participates fully	✓					
								Behaves appropriately	✓					
								Is well organised	✓

COMPUTER SCIENCE ATAR YEAR 12 (ATCSC)

School Semester Grade	A	B	C	D	E	School Semester Mark	94	School Examination	93	Consistently	Often	Sometimes	Seldom	Not Assessed
<i>Tony shows a readiness to learn. He is a pleasant and co-operative class member who strives for good results at all times. This semester, the Computer Science course has focused on hardware, software, project management, DFD, ER diagram, database design and skills using Microsoft Access software. Tony has produced work of an outstanding standard and has demonstrated excellent levels of achievement in all areas of his CSC work. Tony always completes work on time. He has performed exceptionally well in this semester's examination. I am very pleased with Tony's behaviour and standard of work. He is to be commended on an excellent standard of work.</i>								Attitude, Behaviour and Effort	Participates fully	✓				
									Behaves appropriately	✓

									Meets deadlines	✓				
									Works autonomously	✓				
Ms M. Marufa														

ENGLISH ATAR YEAR 12 (ATENG)

School Semester Grade	A	B	C	D	E	School Semester Mark	77	School Examination	69	Consistently	Often	Sometimes	Seldom	Not Assessed
<i>Tony is a friendly student who has worked hard in English this semester. A diligent student, Tony applies himself at all times and seeks feedback and clarification when needed. Tony's positive view on learning and his drive to improve will continue to serve him well long after Year 12. I would encourage Tony read frequently from his text book and other sources to build a comprehensive knowledge of key concepts, issues and idea in the English course.</i>						Attitude, Behaviour and Effort	Participates fully	✓						
							Behaves appropriately	✓						
							Is well organised	✓						
							Meets deadlines	✓						
							Works autonomously	✓

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Tony is a most pleasant student who is serious about succeeding in this subject and is prepared to make the effort to do well. He is talented and a fine mathematical thinker. He is also kind and modest and appreciative of any assistance given. Tony's mark on the examination was excellent and his overall course mark has ranked him at the top of the course. His errors in the examination were minor aspects of the course which I am sure he will address efficiently. In Semester 2, with continued focus and interest, I am sure he will maintain his high standard and continue to excel. It has been a pleasure teaching Tony and I wish him well for the rest of the year and the coming ATAR examinations.

School Examination

85

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Tony is a talented mathematician, who has performed exceptionally well in the first semester of the Year 12 Mathematics Specialist course. I am very pleased to say that he has concluded the semester as the top performing student in the class and the top-ranked student in the 12 Specialist cohort. Tony is both mathematically and personally mature, and the level of self-regulation he displays is impressive. His approach to his studies is exemplary, meticulous, and well-refined. Tony's performances this semester have been of a consistently high standard, culminating in an excellent result in Semester 1 exam, particularly the Calculator Free section (94%). Further improvement at his level comes from continually finessing his solutions to ensure there are no minor inconsistencies, as were seen in some questions in the Calculator Assumed section of the exam. I look forward to further supporting Tony's success in Mathematics and encourage him to strive for results above 88% in Semester 2.

76

Consistently	Often	Sometimes	Seldom	Not Assessed
--------------	-------	-----------	--------	--------------

Tony has continued on from his considerable success in Yr 11 with more outstanding results in year 12 Physics. His exam mark, however, was lower than expected and he will no doubt be asking himself questions about this. Always polite and ready to ask searching questions, Tony is pretty much the perfect student and should look forward to a successful ATAR.

Online Literacy and Numeracy Assessment (OLNA) Results

In order to achieve the Western Australian Certificate of Education (WACE), students are required to demonstrate that they have met a minimum standard in literacy (reading and writing) and numeracy. Students can meet these minimum standards either by achieving Band 8 or higher in the NAPLAN reading, writing and numeracy tests in Year 9 or by meeting the minimum standards of the reading, writing and numeracy components of the Online Literacy and Numeracy Assessment (OLNA) from Year 10. Students have up to six opportunities (two per year) from Year 10 through to Year 12 to demonstrate the literacy and numeracy minimum standards.

OLNA Test	Category	Result
Numeracy	Cat 3	Wentao has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Reading	Cat 3	Wentao has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Writing	Cat 3	Wentao has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN

Mr M. Morgan

Department of
Education

Dear Wentao Jing

Congratulations, you have been identified as a student who has achieved outstanding results during Year 11. Based on this, you are invited to participate in the Purposeful Academic Classes for Excelling Students (PACES) program in the following subject/s:

Mathematics Methods English for University Mathematics Specialist

The Department of Education, through the Curriculum Priorities Branch, is pleased to offer outstanding academic public school students the opportunity to participate in a series of course specific tutorials. These tutorials have been developed to extend your understanding of the course content, prepare you for both school and WACE examinations and maximise your academic achievement. The PACES program aims to provide you with course specific guidance, from experienced Department of Education teachers, to enhance your performance as one of our most talented students.

Specialist teachers in each course will conduct four tutorial sessions, of two hours in duration, during the year. Sessions are offered to students as online via a web conference in Webex. The provisional schedule is included, however confirmation of tutorial dates and times will be emailed to you, after your acceptance is received.

If you agree to participate in a course, we expect that you will attend all sessions. Understandably there will be times when you will be unable to attend due to your own commitments. In this case you will need to notify the teacher of the course, and the PACES coordinator via e-mail at secondary.ssass@education.wa.edu.au in advance.

Some students may be invited to attend more than one course and due to the large number of courses being offered, there may be occasions in which clashes occur. If this is the case, you will be required to select which course you will attend on that particular day.

In order to accept this offer, parents/ guardians are required to complete this form: <https://forms.office.com/r/TiUbKHh3Ug> by 4 April 2022.

Please ensure you use the following student number: 441333875.

Please note that subsequent information regarding the PACES program will be sent directly to you via the contact details provided during the registration process.

Congratulations and best wishes for a successful academic year in 2022.

Yours sincerely

Sandra Halley

To Whom It May Concern:

Shenton College student Tony Jing is a driven and passionate young person who I have the pleasure of teaching, as well as being the Year Leader of. Recently, Tony put himself forward to work on the Shenton College Year 12 Ball Committee, and displayed a clear set of skills that were of clear benefit to the process. Tony displayed problem solving and communication skills, working with his peers to arrange and produce decorations. Tony also proved to be a proactive volunteer, jumping into any job that presented itself and following up with solutions when new obstacles arose.

As Tony's teacher, I have witnessed Tony's organisational skills, willingness to contribute and lead class discussions, seek feedback, and clarify his understanding on complex topics. Tony has a genuine passion to learn and grow, which will serve him well throughout life.

Shaun Rodan

Year Leader

Letter of Participation

To Whom it may concern,

This is to confirm that Tony Jing participated in the charity concert 'A Song For A School' on the 20th of November 2021. By participating as a volunteer in the concert held at the Quarry Amphitheatre, Tony was one of many artists who helped raise over \$3000 to spend on school supplies for children in Pakistan. He was a reliable performer and was always looking for new ways to better his performance, keeping an open mind to suggestions from other artists.

Collecting new and used school stationery to recycle, repackage and regift to WA kids in need.

3rd March 2022

Re: Tony Jing

To whom it may concern,

Give Write is a registered not for profit organisation based in Subiaco. We take donations of new and used school stationery to recycle, repackage and re-gift to WA students in need. We rely heavily on volunteers to assist us to prepare, sort and pack our items.

We were delighted to have Tony join us for a volunteering session at Give Write. He came along as part of a Western Metro Regional Council volunteer group. All of the members of this group were community minded individuals looking for ways they could help and we were very interested in what Give Write were doing.

We were very impressed with Tony, being the youngest member of the group and also giving up his time on school holidays to do something for underprivileged children in WA. He showed not only his interest in recycling but also his compassion for others, which are very admirable traits.

He is a very caring and kind young man and should be proud of how many children he has helped through his generosity.

We thank him for his time helping Give Write and would welcome him back anytime.

If you have any questions, please do not hesitate to contact me on 0413 509 055 or at info@givewrite.org.au.

Kind regards,

Anita Bell

Co-founder & CEO

Give Write is a registered charity. All cash donations over \$2 are tax deductible.

TENNIS SUNSMART SCHOOLS CLASSIC - Senior Boys 2022 - Monday 14th March 2022 (next Monday)

TENNIS SUNSMART SCHOOLS CLASSIC - Senior Boys 2022 - Monday 14th March 2022 (next Monday)

Re: Event - TENNIS SUNSMART SCHOOLS CLASSIC - Senior Boys 2022 - Monday 14th March 2022 at Shenton College

Good morning everyone,

Hope all is well.

Sorry for the delay in getting the Slazenger Cup event up and running. Due to COVID, there was three possible locations and we have finally confirmed the location for Monday the 14th of March.

Over the next day or two, if you could consent to the event that would be greatly appreciated.

If you need any further information, this can be found on the event or by emailing me.

Kind Regards,

Blake Cheshire
