NB: The information in the table above is a *prediction* only. Final student scores and ATARs will vary as a result of the moderation of school-based marks, scaling of individual courses, the overall nature of the state-wide Year 12 cohort in any given year, and most importantly, the individual student's performance in the WACE exam.

The Tertiary Institutions Service Centre (TISC) and the School Curriculum and Standards Authority apply a number of processes to derive state-wide comparability of student results and subsequently a ranking for tertiary entrance. These processes are:

- Moderation
- Standardisation
- Scaling

Further details of these processes can be found at the School Curriculum and Standards Authority and TISC websites.

The predicted ATAR below is derived from scores adjusted to reflect these processes and the application of ATAR bonuses for languages courses, Mathematics Methods and Mathematics Specialist.

Explanatory Notes

The information contained in this report is a summary of your child's achievement, attitude, behaviour and effort. Formal reports are provided twice a year at the end of each school semester. This report is one of a number of strategies used by the school to communicate to you about your child's progress.

Course Unit Results

The Western Australian Certificate of Education (WACE) Course units are semester or year length.

- Grades represent student achievement in relation to the difficulty of the unit.
- Marks (if included) for each Course unit will be a unit mark out of 100.

Vocational Education and Training (VET) Qualifications

VET qualifications are for students wishing to participate in nationally recognised training. Qualifications contribute to the WACE as unit equivalents.

Competency results may be final or progress towards future completion. Final results may be subject to external verification.

Endorsed Programs

Endorsed programs provide access to areas of learning not covered by WACE courses or VET programs. They are delivered in a variety of settings by schools, workplaces, universities and community organisations. These programs contribute to the WACE as unit equivalents.

Students are awarded a result that indicates the level of achievement within the context of the program.

Grades

Grades can be interpreted as follows:

- A - Excellent achievement
- B - High achievement
- C - Satisfactory achievement
- D - Limited achievement
- E - Unsatisfactory achievement
- U - Requirements not completed

<i>Xinwei has worked consistently and has made good progress this semester. He is developing a sound understanding of the language and ideas introduced in the course. By expanding his written and spoken answers to accurately use more Year 12 level grammar and vocabulary, Xinwei will be able to improve even further. In listening and reading response tasks, by providing as much detail as possible in each answer, his marks could easily be enhanced. I look forward to working with him again next semester.</i>										Attitude, Behaviour and Effort	Participates fully		✓

In the practical component of the course, Xinwei has demonstrated a mature and discerning approach to his visual art practices, resulting in outstanding achievement. Xinwei should be congratulated for his willingness to act and apply feedback, he is encouraged to continue this approach for Semester 2. In the written component of this course Xinwei has continued to demonstrate his strong understanding of visual analysis. His written work is a pleasure to read, and he sets an excellent example for other students to follow. It has been a pleasure teaching Xinwei this semester.

Online Literacy and Numeracy Assessment (OLNA) Results

In order to achieve the Western Australian Certificate of Education (WACE), students are required to demonstrate that they have met a minimum standard in literacy (reading and writing) and numeracy. Students can meet these minimum standards either by achieving Band 8 or higher in the NAPLAN reading, writing and numeracy tests in Year 9 or by meeting the minimum standards of the reading, writing and numeracy components of the Online Literacy and Numeracy Assessment (OLNA) from Year 10. Students have up to six opportunities (two per year) from Year 10 through to Year 12 to demonstrate the literacy and numeracy minimum standards.

OLNA Test	Category	Result
Numeracy	Cat 3	Xinwei has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Reading	Cat 3	Xinwei has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
Writing	Cat 3	Xinwei has demonstrated the minimum standard by prequalifying through Year 9 NAPLAN
